

Break Up 54

Chapter 54 She's Priceless

After being stunned for a moment, Lu Wentian frowned and said angrily, "You dare to ask me to get lost? Do you believe that I'll get someone to break your legs now?!"

"Lu Wentian, don't go overboard. If you dare to touch him, I won't let you off!" Lin Xi immediately threatened.

Lu Wentian sneered. "There's nothing I don't dare to do. If you don't want him to be hurt, leave him. It's very simple!"

Lin Xi was about to speak again when Chen Che stopped her. "Stop talking nonsense with him. Who doesn't know how to say ruthless words?"

"Kid, do you think I'm scaring you?" Lu Wentian glared.

Chen Che chuckled. "I know you're rich, but you're not lawless, right?"

"Everything you do now is on the live broadcast. If you dare to touch me, you can't avoid going to prison."

"Not only that, if something happens to me, you'll also be the biggest suspect. The netizens can testify!"

"You..." Lu Wentian was instantly speechless. He gritted his teeth in anger.

After a while, Lu Wentian snorted. "Alright, you have guts. I don't want to make a big fuss."

"How about this? As long as you leave Lin Xi, you can name your conditions."

Chen Che raised his eyebrows. "Really?"

Thinking that Chen Che was tempted, Lu Wentian was delighted. "Of course it's true. House, car, cash. Just tell me what you want."

"In that case... I have to think about it carefully." Chen Che rubbed his chin and pretended to think.

The expressions of the netizens in front of the screen could not help but change. They thought to themselves, No way? Is Chen Che going to agree?

Lin Xi was not worried at all. She knew that Chen Che would not be moved by these substances.

Just as Lin Xi thought, Chen Che thought for a few seconds and said, "How about this? Give me \$10 billion and I'll leave Lin Xi."

[Haha, looks like I misunderstood just now. Old Chen is clearly playing!]

[That's right. How is \$10 billion possible?]

[What if this rich second-generation heir really can take out \$10 billion?]

[Stop fooling around. Do you know how much money \$10 billion is?]

As Chen Che finished speaking, the netizens instantly understood that they were wrong.

“Ten... ten billion?” When Lu Wentian heard this, he almost fell. “Kid, you really dare to ask for too much!”

“You can’t take it out, right? Then why are you still wasting your breath? I thought you were rich.” Chen Che pursed his lips.

Lu Wentian’s face turned red. “It’s not that I can’t take it out, but in order to let you leave Lin Xi, I have to give you \$10 billion. Isn’t this a joke?”

“Aiyo, you just realized that I’m joking? The reflex is long enough.” Chen Che mocked.

“You... are you f*cking fooling me?” Lu Wentian was furious. He wished he could punch Chen Che right now, but he really did not dare to do so under the camera’s scrutiny.

Ignoring Lu Wentian’s expression, Chen Che sneered and said, “Remember, not everything can be measured with money. Not to mention that you can’t take it out, even if you can, I won’t leave Lin Xi!”

“In my heart, Lin Xi is priceless, understand?”

After saying this, the live-stream flooded crazily: [Chen Che is mighty and domineering!]

Lin Xi’s heart was also warm as she held Chen Che’s arm tightly.

Chen Che did not want to waste his breath. Without waiting for Lu Wentian to react, he left with Lin Xi.

Lu Wentian stood rooted to the ground and panted in anger. Especially when he saw Lin Xi beside Chen Che, looking like a helpless little bird, his eyes almost popped out.

Never in his dreams did he expect to lose to a poor kid!

“Just you wait!”

Lu Wentian threw the bouquet on the ground and left angrily. He did not want to stay here and continue to embarrass himself.

Hearing the angry roar behind him, Chen Che smiled and thought to himself, “I’ll anger you to death, you silly bird! A year later, I’ll also be a billionaire. Do I need this little money from you?”

At this moment, Lin Xi looked a little worried. “Lu Wentian is a very domineering person. You angered him to this extent today and even embarrassed him in public. I’m afraid he won’t let the matter rest.”

“Don’t be afraid. Even if you have money, you can’t disobey the rules. Besides, even if the sky falls, I’ll hold it up.” Chen Che smiled calmly.

Lin Xi nodded. Although she felt that Chen Che was right, she still felt uneasy.

“By the way, where did this guy come from? Why haven’t I heard you mention him before?” Chen Che asked.

“Sigh.” Lin Xi sighed and spoke tirelessly.

It turned out that Lin Xi and Lu Wentian had only met half a year ago.

At that time, the provincial capital held a large-scale business exchange meeting. LI Company was in the midst of gaining momentum and traction in the industry, so they also received an invitation.

Lin Xi cherished this opportunity because there were many celebrities attending this banquet. Perhaps she could open up new channels and bring the company to greater heights.

In fact, that was indeed the case. They had negotiated a few good deals at the banquet and it was still stable until now.

Because of her devastatingly beautiful appearance, Lu Wentian had his eyes on her and took the initiative to strike up a conversation with her.

Upon hearing that the other party was the young master of the Lu Corporation, Lin Xi did not dare to be disrespectful. After all, the Lu Corporation was one of the top companies in the provincial capital. The businesses under their corporation touches many industries.

To put it bluntly, if Lu Corporation was a mountain, then LI Corporation was just a stone at the foot of the mountain.

After chatting for a while, Lu Wentian expressed that he wanted to date her. Lin Xi didn't dare to reject him in person and just took him as a friend.

After returning from the provincial capital, Lu Wentian had been sending messages frequently. It was also Lin Xi's fault for being timid and not daring to reject him forcefully. This also gave the other party the illusion that he could woo Lin Xi.

Later on, when Han Jiarui found out about this, she hurriedly told Lin Xi to refuse because Lu Wentian was famous for being a playboy in the provincial capital.

Moreover, all the women that Lu Wentian had taken a fancy to had not escaped. If they did not cut ties quickly, they would not be able to shake him off.

After hearing Han Jiarui's words, Lin Xi was afraid. She made it clear that it was impossible that day.

However, Lu Wentian still did not give up and continued to pester her.

Helpless, Lin Xi blocked Lu Wentian. She was originally worried that Lu Wentian would come to take revenge. Later, when she found out that he had gone overseas, she was relieved.

In the blink of an eye, so much time had passed. Lin Xi thought that this matter was over, but she did not expect Lu Wentian to still come down in person.

After hearing Lin Xi's story, Chen Che smiled and said, "It's all because of beauty. Marrying a beauty like you is really stressful."

"Why? Are you regretting it?" Lin Xi pouted.

"Of course I regret not being with you earlier. This will anger him to death even more." Chen Che chuckled.

"You're not serious. Why are you still joking at a time like this?" Lin Xi reprimanded.

“Alright, alright. I already said not to take it to heart.” Chen Che persuaded again and continued, “Let’s go eat first. I’m hungry.”

...

At ten in the evening, Chen Che sent Lin Xi home and rushed to the KTV.

Along the way, with a roar, the flashy sports car stopped in front of Chen Che.

Seeing that Lu Wentian was here again, Chen Che could not help but frown.

The netizens in the live-stream also perked up at this moment. They were very curious about what Lu Wentian wanted to do.
