

Break Up 55

Chapter 55 Attack

ed

Seeing Lu Wentian get out of the car, Chen Che asked without any fear, "Why? You can't antagonize me so you want to get physical?"

Without responding to Chen Che, Lu Wentian took out a box from the passenger seat and placed it on the ground. Then, he quickly opened it.

The camera zoomed in. It was actually a box full of cash!

[F*ck, this guy is getting serious!]

[This is cold hard cash. Can Old Scrooge Chen still remain calm?]

[I think Old Scrooge can stabilize himself. Otherwise, wouldn't what he said in the day be for nothing?]

[After all, there's no real thing. Anyway, I can't refuse such a box of money in front of me. I'm afraid of being poor!]

[That's right, that's right. I might not be able to earn these in my entire life, let alone Old Scrooge!]

Just as the netizens were discussing, Lu Wentian lit a cigarette and said, "Previously, in front of Lin Xi, you were too embarrassed to talk to me, right? We're all men. I know you want your dignity too!"

"Now that Lin Xi is not around, we don't have to be hypocritical. As long as you leave her, the \$2 million here is yours."

"With this money, you don't have to suffer anymore. If you live in Jiangshi City and don't spend money extravagantly, you won't have to worry about food and clothing for the rest of your life."

\$2 million in cash was right in front of him. Was Chen Che tempted?

The answer was yes. Of course he was tempted!

If he deposited the \$2 million into the system, it would be \$20 billion once the deadline was up!

However, although he was tempted, Chen Che would definitely not agree. If the money was gone, he could earn it again, but if the woman he loved deeply was gone, it would really be gone.

Moreover, with the Cash System, not to mention \$20 billion, in a few years, he would be rich enough to rival a country. How could he covet this small sum of money in front of him and ruin his persona?

After a short silence, Chen Che pursed his lips. "Put away your stinky money. I don't care about this money."

"Also, if you want to get Lin Xi, give up. If you have the time, you might as well chase after another woman!"

Without waiting for Lu Wentian's response, Chen Che turned around and left.

Looking at Chen Che's back, Lu Wentian was furious and his entire body was trembling.

He did not expect that a pauper who ate instant noodles and buns could withstand the temptation of \$2 million cash!

Chen Che's actions were praised by the netizens again. Many male compatriots in front of the screen could not help but give him a thumbs up and call him awesome!

At this moment, Lin Xi, who had also seen this scene, was even more touched. She knew that she made the right choice.

...

Time passed in the blink of an eye.

At three in the morning, Chen Che, who had finished his work, walked happily to his residence.

When they passed by a remote road, two burly men suddenly rushed out of the alley aggressively.

Chen Che was shocked. He turned around and wanted to run, but just as he turned around, he stopped.

Because there were two more behind!

Knowing that the other party was not robbing, Chen Che asked, "Lu Wentian asked you to come, right?"

"That's right! It's me!"

At this moment, Lu Wentian also walked out of the alley. With a cigarette in his mouth, he walked arrogantly.

"What is the meaning of this? Have you forgotten what I said during the day?" Chen Che said coldly.

Lu Wentian laughed sinisterly. "Chen Che, do you really think I'm scared? I didn't dare to touch you in front of the camera, but do you think I don't dare now?"

"As for you, I don't care at all. Even if someone posted on the Internet, my family has the ability to suppress it."

"Besides, there are no cameras here. Since it's just you, I think I'll be fine, right?"

Chen Che clenched his fists, not knowing what to do.

Seeing that Chen Che did not speak, Lu Wentian chuckled. "Why? Are you afraid? Weren't you quite impressive previously?"

"I don't want to bully others either. I'll give you two choices now."

"First, leave Lin Xi. I'll transfer \$200,000 to you immediately. Then, get out of Jiangshi City. The further the better!"

"Second, I'll break your legs now and make you disabled and live in poverty for the rest of your life!"

"\$200,000? Isn't it \$2 million?" Chen Che deliberately bargained, wanting to stall for time. If someone passed by, he could call for help.

Lu Wentian laughed. "You didn't cherish the opportunity I gave you previously, and now you want \$2 million? What kind of dream are you having?"

“But \$200,000 is too little.” Chen Che continued to bargain and looked around.

Lu Wentian was not a fool and guessed Chen Che’s thoughts. “Alright, stop acting with me here. You want someone to appear and ask for help, right?”

“But look at the time. Do you think you’ll meet anyone? Even if you do, will he dare to interfere?”

“If you know what’s good for you, make a choice quickly. My patience is limited.”

“I’m not acting. Why don’t you give me a night to consider? That’s fine, right?” Chen Che argued. You have to know when to hold’em and when to fold’em. How could he not understand the logic?

If his legs were really broken, how could he bring Lin Xi around the world?

“You’re not qualified to bargain with me. I’ll give you three more seconds to consider.” With that, Lu Wentian began to count.

Seeing that he could not avoid it, Chen Che made up his mind and could only use brute force!

After making up his mind, Chen Che turned around and kicked one of them.

With a gap, Chen Che was about to run.

However, the other party was a professional fighter. How could he let Chen Che succeed?

The other person reacted quickly and swept his leg over.

Seeing this, Chen Che had no choice but to dodge. The best opportunity to escape was also ruined.

Lu Wentian sneered. “Idiot, you still want to run? Since you’ve already made your decision, don’t blame me!”

“Attack together and hold him down!”

“Yes, Young Master!”

Upon receiving the order, the four of them rushed forward fiercely, as if they could eat Chen Che.

Although Chen Che’s physique was not bad, he could not fight four people alone and was quickly pressed to the ground.

“You brat, how dare you kick me? I’ll see how you can kick me when your leg is crippled!”

The man who had just been kicked was furious. He took out a sledgehammer from somewhere.

Chen Che struggled with all his might, but he could not break free. He could only curse angrily, “Lu Wentian! F*ck you! If you cripple me today, I’ll definitely return it to you double!”

“You’re not begging for mercy at this time, but you still dare to say such harsh words? You don’t have the guts. You’re stupid!” Lu Wentian sneered and continued, “However, I find your appearance very interesting.”

As he spoke, Lu Wentian squatted in front of Chen Che and said proudly, “You beg me and I’ll leave you a leg. How about that? I’m very benevolent, right?”

“Pfft!” Chen Che spat on Lu Wentian’s face. “Are you worthy of me begging for mercy? You’re a weakling. If you have the guts, fight me one-on-one!”

Of course, Lu Wentian would not agree. He stood up and wiped his face with a tissue. “Bastard, you asked for this.”

“Do it! Break his leg!”

“Yes, Young Master!”

Seeing the man raise the sledgehammer, Chen Che fell into despair. He already hated Lu Wentian to the core.
