

Break Up 64

Chapter 64 Jealousy Makes You Unrecognizable

After Zheng Hui finished speaking, a few gold diggers echoed, "That's right! You clearly can have a good life. You can drive a luxury car and carry a branded bag, but you choose to suffer with a courier!"

"Aiyo! Lin Xi is not an ordinary person. She has her own design company. Of course she doesn't care about money!"

"That's true. We're not bosses. Of course we have to find a rich husband!"

When they saw Lu Wentian giving them luxurious gifts just now, they were all crazy with jealousy.

However, Lin Xi did not accept it, making them even more displeased. For some reason, they felt hatred towards her.

They were all women of about the same age. Why should they be humble when Lin Xi was so high and mighty and untainted?

Lin Xi originally wanted to ignore this group of women, but Chen Che could not help but speak up.

"You're right. Lin Xi is so outstanding. She doesn't have to rely on anyone. She can also have a loving relationship. Her career and relationship are both abundant!"

"You can be jealous. Jealousy has changed you beyond recognition!"

After saying that, Chen Che even smiled at the women, angering them so much that they retorted loudly, "You! How dare you, a poor person, criticize us?"

Chen Che said seriously, "I'm poor, but the money I earn is earned through my hard work."

"And you guys always want to find a rich man and gain benefits without working hard. You also want to mock people who don't covet wealth and work hard. Aren't you guys embarrassed?"

As soon as he finished speaking, the gold diggers were instantly speechless.

They glanced at the surrounding cameras and quickly covered their faces before leaving.

At this moment, in the live-stream, because of Lu Wentian's farce and Chen Che's angry words just now, his popularity soared crazily.

[Old Scrooge Chen hit the nail on the head. These gold diggers are really disgusting!]

[They don't want to work hard and even look down on hardworking people. It's precisely because of such people that society has deteriorated.]

[I like Lin Xi and Chen Che more and more. I want to spend money to farm votes for them!]

The popularity of the live-stream increased exponentially. Even passers-by were touched by Chen Che and Lin Xi's love. They farmed votes for them crazily and the voting rankings once again widened the gap between them and the second place.

Luo Yuelin looked at the crazy increase in the votes on the rankings and gritted her teeth in anger, but there was nothing she could do.

Seeing that the show was coming to an end, she was extremely anxious, but she did not dare to increase her spending.

If the officials discovered that she had cheated and disqualified her, it would be embarrassing in front of the entire country. It would not be worth it.

On the other side, after Lu Wentian left the banquet hall angrily, he kicked a trash can by the roadside. Unexpectedly, he slipped and fell.

The three bodyguards were holding gifts in their hands and could not help Lu Wentian up, leaving him to get up inelegantly.

In order to attend Lin Xi's birthday party, Lu Wentian specially wore a tailor-made suit that was worth more than \$100,000. In the end, he did not attend the birthday party and even dirtied his clothes.

At this moment, Lu Wentian's anger had already reached its peak. He gritted his teeth and cursed, wishing he could tear Chen Che into pieces.

However, after the lesson last time, Lu Wentian did not dare to attack Chen Che again, but he could not take this lying down.

Lu Wentian leaned against the car and smoked. At this moment, a couple hurriedly walked out from not far away. The two of them seemed to be arguing.

The man grabbed the woman's clothes and said helplessly, "Don't leave. I didn't say that I wouldn't give you a gift. I just don't have money now."

The woman angrily shook off his hand and said excitedly, "When will you be rich? You do nothing all day and don't even have a job. Is it not embarrassing enough to participate in a show with you?"

"My lack of work is only temporary. No matter how poor I am, I'm still better than Chen Che!"

When the man mentioned Chen Che, Lu Wentian took a closer look and realized that this couple was Zheng Hui and Fang Weixun.

Fang Weixun wanted to reach out to pull Zheng Hui again, but Zheng Hui suddenly shook him off and roared angrily, "Get lost!"

"You're even worse than Chen Che! At least he's better-looking than you!"

With that, Zheng Hui left angrily in her high heels.

"F*ck!"

Fang Weixun cursed as he gritted his teeth in hatred.

"F*ck! She actually compared that pauper to me!"

Just as Fang Weixun was about to leave, Lu Wentian opened the car door and waved at him.

Fang Weixun looked up and instantly revealed a fawning smile.

“Young Master Lu, why are you looking for me?”

Lu Wentian pointed at his car and said arrogantly, “Get in.”

“Alright!”

Fang Weixun was neither rich nor good looking, so he was naturally not afraid that Lu Wentian would have ulterior motives towards him. Therefore, he got into the car without any hesitation, thinking that he could experience this McLaren worth tens of millions.

The driver drove the two of them to a very private cafe.

Lu Wentian got out of the car. Fang Weixun followed closely behind him.

The two of them entered the private room. Lu Wentian leaned back in his chair and crossed his legs.

“I need your help with something.”

When Fang Weixun heard that Young Master Lu wanted his help, he immediately said ingratiatingly, “Young Master Lu, if you need any help, just tell me. As long as I can do it, I won’t refuse!”

“It’s my honor to be able to help Young Master Lu.”

Seeing Fang Weixun flatter and respect him, Lu Wentian nodded in satisfaction. It seemed like this person had found the right person.

Hence, Lu Wentian went straight to the point. “I want you to help teach Chen Che a lesson. I’ll pay you \$100,000 in advance.”

“A hundred thousand?”

Fang Weixun’s eyes were filled with surprise. As long as he taught Chen Che a lesson, he could get \$100,000. How could there be such a good thing in the world?

If he went out to work, he would not be able to earn more than \$100,000 a year. But as long as he helped Lu Wentian, he could easily obtain this money.

Now, his and Zheng Hui’s couple’s popularity ranking has always been at the bottom. It was no longer possible for them to win the final award of the show, so it did not matter even if they were removed from the official list.

More importantly, Fang Weixun hated Chen Che from the bottom of his heart. Now that there was such an opportunity, not only could he beat Chen Che up, but he could also get money and cozy up to Lu Wentian. It was simply killing three birds with one stone.

“I’m willing!”

Fang Weixun hurriedly agreed, afraid that Lu Wentian would go back on his word.

Lu Wentian’s lips curled up, and a trace of disdain flashed across his eyes.

He was indeed an idiot!

The reason why he looked for Fang Weixun was because he had learned his lesson. If anything happened to Chen Che, everyone would suspect him.

Therefore, he definitely could not stand out easily. He could only use someone else to kill him.

Fang Weixun was simple-minded and could easily be bribed with money. Even if the matter was exposed, he had no evidence to prove that he was the one who instigated it.

“Good! You’re a straightforward person!”

Lu Wentian snapped his fingers, and the security guard at the door brought in a bag containing \$100,000 in cash.

Fang Weixun chuckled as he took the cash, his eyes filled with greed.

Seeing that Fang Weixun had accepted the money, Lu Wentian spoke again and lowered his voice. “I don’t care what method you use. In short, I don’t want to see Chen Che and Lin Xi together again. It’s best if you can shut him up forever!”
