

Break Up 74

Chapter 74 A Man Relies on Clothes as a Horse Relies on the Saddle

Chen Che patted Lin Xi's shoulder and comforted her. "Wifey, don't be angry. You're born beautiful. You look good in anything, unlike some people who can't hide the ugliness in their hearts even if they wear imperial robes."

"Who are you talking about?"

Luo Yuelin happened to hear Chen Che's words and could not help but ask.

Chen Che spread his hands and looked very innocent. "I didn't name names. Why are you angry, Miss Luo?!"

Luo Yuelin was furious. She wanted to scold Chen Che, but because the camera was not far away, she forcefully held it in.

Lin Xi pulled Chen Che around and finally chose a black dress.

"Who said that I'd have to wear white? A black dress can also be matched with a white suit," Lin Xi said arrogantly.

She was a fashion designer and was good at styling, so this event was not difficult for her at all.

When taking photos, how could one stand out from everyone? That required the collision of colors.

If it was a white dress and a white suit, it would be too normal. If it was a black tutu, it would be even more eye-catching in the photo.

Actually, Lin Xi didn't want to choose the white strapless dress in the first place. She was just dissatisfied with Luo Yuelin's actions.

Lin Xi took the dress to the fitting room and changed into it. Then, she chose a pair of strappy high heels.

Her figure was slender and well-proportioned. Her skirt was layered, revealing her fair calves.

Usually, Lin Xi had to work in the company, so she dressed more professionally.

This was the first time Chen Che had seen her wearing a black princess dress. His eyes lit up.

"My wife is so beautiful."

Chen Che walked over and held Lin Xi's hand, his eyes filled with love.

Lin Xi smiled and the two of them were the first to enter the dressing room.

The two VJs set up the camera and recorded the scene of the two of them putting on makeup.

Lin Xi picked up the foundation and patted Chen Che's face a few times and traced his eyebrows.

Then, Lin Xi began to put on makeup. In order to match today's princess dress, her makeup was even more exquisite.

Twenty minutes later, the two of them walked out of the dressing room. They were the first couple to start shooting.

The photographer instructed the two of them to pose and press the shutter. The two of them were very cooperative, so the shoot was quickly completed.

When it was Luo Yuelin's turn to film, she complained that her clothes were uncomfortable one moment and that her arms were sore the next. It took her nearly an hour to finish shooting, causing the subsequent shoots to be delayed.

The production team originally thought that they could finish shooting in the morning and everyone would finish work early and go home. Unexpectedly, the filming was delayed to the afternoon and everyone was forced to work overtime.

At night, the production team posted the retouched photo online and started voting.

Nowadays, there was a lot of attention on Sweet Love, so there were many netizens voting.

The voting this time was different from the popularity rankings. Everyone could only vote once, and they could only choose one couple group.

After the netizens saw the photo, they all commented under the production team's account.

[F*ck! Old Scrooge Chen is so handsome! Why didn't I realize this before? Indeed, clothes make the man.]

[Actually, I've always felt that Chen Che is not bad-looking. He won't lose to a beauty like Lin Xi at all.]

[Is there a need to choose? It has to be the Xi-Che couple! Not only do I want to vote for them, but I also want all my family and friends to vote for them!]

[I finally know why the goddess chose Chen Che, this poor guy. This kid is quite good-looking!]

Everyone discussed. An hour later, Chen Che and Lin Xi's votes soared.

At this moment, Luo Yuelin gritted her teeth and stared fixedly at the screen.

"B*tch! The show is about to end, yet you still want to fight with me for first place."

"I've spent so much time and money participating in the show, but I'm suppressed by them everywhere. I can't accept this!"

The short-haired girl at the side was trembling with fear. After a moment of silence, she said carefully, "Sister Lin, actually, there's a way. Isn't Chen Che very poor? Why don't we give him a sum of money to quit the show?"

"I heard that there has been a problem with Lin Xi's company recently. It should be the time to use money. As long as you give them a sum of money, they might voluntarily give up."

Luo Yuelin's expression softened, as if she felt that this method was feasible.

At three in the morning, Chen Che had just gotten off work at the KTV and was already resting. Luo Yuelin brought the short-haired girl to the self-service withdrawal hall.

Chen Che had just laid down when he saw the two of them walk in.

Looking at Chen Che's living environment, Luo Yuelin revealed a look of disdain.

"What are you guys doing here?" Chen Che asked in an unfriendly tone.

Luo Yuelin had targeted Lin Xi time and time again, so he naturally wouldn't be nice to her.

"Chen Che, I won't beat around the bush with you."

Luo Yuelin waved her hand and the short-haired girl threw a bank card at Chen Che.

"I know you're short of money, that's why you're participating in this show. But even if you get first place, you'll only get a \$50,000 bonus and a house in the end. That house should only be worth more than a million."

"There's \$3 million in this card. As long as you and Lin Xi quit the program, this money is yours."

As soon as Luo Yuelin finished speaking, Chen Che could not help but sneer.

"Who told you I'm short of money?"

"You're using \$3 million to send a beggar away?"

As soon as these words were spoken, Luo Yuelin and the short-haired girl widened their eyes.

A poor person who only ate buns at a discount and could chase a mile for a dollar actually looked down on this \$3 million?

"Okay, then how much do you want?"

Luo Yuelin suppressed her anger and asked patiently.

Chen Che threw the bank card to the ground and said coldly, "I won't leave the show."

"Actually, I don't care if we come in first. As long as Lin Xi is happy."

"Back then, I promised to participate with her in the program. I can't go back on my word."

When Luo Yuelin heard this, her face instantly turned ashen.

"Chen Che, I'll give you \$5 million! You won't be able to earn so much money in your life. I advise you to be sensible. Don't give up the opportunity to become rich because of that ridiculous pride."

Chen Che looked up and said impatiently, "Don't you understand what I'm saying? Get lost, both of you!"

"If you disturb my sleep again, don't blame me for being rude!"

Luo Yuelin and the short-haired girl were shocked. Chen Che was tall, and no one could guarantee that he would not hurt them.

"Fine! Don't regret it!"

Luo Yuelin stomped her feet angrily and gestured for the short-haired girl to pick up the bank card. The two of them left angrily.

Chen Che lay on the bed and smiled.

In a few days, not to mention \$3 million, even \$300 million was nothing to him.

Luo Yuelin was delusional to think that she could bribe him with \$3 million!

The next day.

The voting results were fresh out. Without a doubt, Lin Xi and Chen Che became the first in the votes.

The two of them received \$3,000 from the production team.

When Luo Yuelin saw the two of them go to receive the award, she gritted her teeth in anger. However, Chen Che even smiled provocatively at her.
