

Break Up 76

Chapter 76 Getting Rich Overnight

That night, Chen Che did not sleep the entire night. He was thinking about how to distribute this money. First, he had to help Lin Xi save the company. Then, he had to invest and make money.

Of course, he had to leave himself a way out, so in the end, Chen Che took out a hundred million and threw it into the System again.

At this moment, the numbers on the System were about to overflow from the screen. He was so shocked that his eyes widened.

In that case, if he continued to save money, he would probably become the richest man in the world in a year!

Chen Che hugged his phone and laughed from time to time as he read the messages in his bank card.

After being poor for so many years, he finally had a chance to make a comeback. Naturally, he was so excited that he could not sleep.

The sky gradually lit up. Chen Che got up from the ground, went out to wash his face, and went to work as usual.

Of course, he did not forget the most important thing, which was to invest in Lin Xi's company.

However, Chen Che did not plan to tell Lin Xi now. He wanted to give her a surprise.

At the last moment, he was going to tell Lin Xi that there was hope for the company and that he was rich. In the future, their lives could be carefree. She could fight for her dreams, and he would give her the strongest support behind her back.

In the blink of an eye, it was noon. Lin Xi took the initiative to meet Chen Che. The two of them walked to a bench in the small park and sat down.

Chen Che took out two buns and handed one to Lin Xi. "It's still hot! Eat."

Lin Xi shook her head and smiled. "I've already eaten. You eat."

Chen Che did not stand on ceremony and stuffed the bun into his mouth.

Lin Xi watched as Chen Che ate the buns in big mouthfuls. His cheeks were stuffed and he looked adorable.

She burst out laughing, but as she laughed, she could not help but cry.

Chen Che turned around and was instantly stunned to see Lin Xi crying.

"Why are you crying?" Chen Che threw the buns in his hand to the side and wiped his hands. He quickly went to Lin Xi's side and looked at her with heartache.

Lin Xi's tears fell. Actually, she had asked Chen Che to meet here today to confess to him.

After this farewell dinner tonight, she would no longer be the CEO of LI Costume Design Company. She would only be an ordinary person.

Seeing that Lin Xi was sobbing softly and unwilling to answer, Chen Che was so anxious that he was at a loss.

“Wifey, you’re crying so much that my heart is in pain. Tell me quickly what’s going on!”

Chen Che hugged Lin Xi and gently wiped her tears.

She looked like she was afraid of being crushed.

Seeing that he was so nervous about her, Lin Xi controlled her tears and took a deep breath. She choked and said, “Chen Che, let me tell you a secret. Actually... the company went bankrupt. These days are my last moments of madness.”

“From tomorrow onwards, I won’t be a female CEO anymore.”

“I still have some savings. If you’re willing, we can go back to our hometown and start a life together. We can open a shop together. It won’t be too hard. It’s fine as long as we earn enough money to spend. We can also accompany our parents often and don’t have to run around.”

Thinking of her future life, Lin Xi did not have much resistance. She was just a little indignant that all her years of hard work had been in vain.

“Then I’ll tell you a secret too. Actually, I’ve already invested money in you,” Chen Che said seriously.

Lin Xi was suddenly stunned. Her eyes widened in surprise, and then her eyes were filled with confusion.

Lin Xi knew how much money Chen Che had. That bit of money was not enough to support a fashion design company to continue operating.

“Chen Che, stop joking. Keep your money for yourself. Don’t waste it on me.”

Lin Xi knew that Chen Che was being kind, but there was no point in investing his money. Moreover, she would not want the hard-earned money that Chen Che had saved bit by bit.

“But I’ve already—”

Before Chen Che could finish, Lin Xi’s phone suddenly rang.

As soon as Lin Xi picked up the call, Han Jiarui’s excited voice came from the other end. “Lin Xi, someone has invested in the company!”

Her words were like thunder that exploded.

Lin Xi looked at Chen Che in disbelief.

Could it be that Chen Che had really invested?

This fool, what was the use of his money!

“Do you know how much the investors invested at once?”

“Five million!” Han Jiarui said excitedly.

Lin Xi was stunned again. Her eyes were puzzled and complicated.

That was impossible! Even if Chen Che really invested money, it was impossible for him to have \$5 million.

“Lin Xi, why aren’t you saying anything?” Han Jiarui’s puzzled voice came from the phone.

Lin Xi suddenly came back to her senses and hurriedly said, “I heard it. I was just too surprised. I didn’t expect a miracle to really happen.”

“That’s right. I didn’t expect the investor to not only transfer \$5 million t at once, but also invest anonymously. He didn’t even leave a phone number.”

“This person is really strange. As an investor, he doesn’t even show his face. We don’t even have a chance to thank him in person.”

Han Jiarui still felt that this was a dream, and her voice was trembling with excitement.

“Anonymous?”

Lin Xi was also very surprised. As an investor, he didn’t even show his face and only transferred the money anonymously. It was too strange.

“That’s right! That person even sent a message saying that this amount is only the first investment. If we need more in the future, he will continue to invest.”

“How can there be such a good person in the world!”

At this moment, Han Jiarui’s voice broke. She walked back and forth in the office, and everyone in the office began to cheer.

Lin Xi was also infected by the cheerful atmosphere on the other end of the phone. The corners of her lips curled up slightly.

“It’s good that we got the investment. Then, this meal tonight is not a farewell meal, but a celebratory feast!”

Han Jiarui echoed, “That’s right! Come back quickly. Now that the company has money, we have to start getting busy.”

“Okay, I’ll be back in a while.”

Lin Xi hung up the phone. Instantly, the clouds cleared up, as if she was on a roller coaster.

However, she could not help but feel a little puzzled and could not help but look at Chen Che.

Chen Che was close just now and naturally heard the contents of the call.

The corners of his lips curled up as he smiled and said, “How is it? Have you received the investment? Now, you should believe what I said!”

Lin Xi hesitated for a moment and said with a complicated expression, “Chen Che, the investment money we received is \$5 million. How can you have so much money!”

Hearing this, Chen Che could not help but smile.

Not to mention \$5 million, even \$500 million was nothing to him.

Chen Che knew that Lin Xi could not accept the fact that he had suddenly become rich. It seemed that he had to let her see it with her own eyes to believe it.

“Come with me.”

Chen Che held Lin Xi’s hand and walked all the way to the self-service withdrawal hall.

Pushing open the door, Chen Che walked to the self-service ATM and inserted the bank card.

“I’ll show you my bank balance and you’ll believe me.”

Chen Che smiled and reached out to click “Check the balance” on the screen.
