

## Break Up 79

Chapter 79 I Want Love and Career

Lin Xi shook her head and said, "It's different. You earned hard money to begin with. Of course I'm touched that you're willing to bring me to such a place for a meal."

When Chen Che heard this, he immediately remembered that he had an important matter to discuss with Lin Xi.

"The last time I wanted to show you my bank card balance, my card was swallowed. I've already gotten my card back. I'll bring you to take a look later. I'm really rich now," Chen Che said urgently.

Lin Xi smiled. "I know you have money now. There's no need to show me. Save it well. There's still a place to spend money in the future."

When Chen Che heard Lin Xi's words, he knew that she definitely did not understand what he meant.

"And your company's investment is also mine..."

At this point, Lin Xi couldn't help but smile. "By the way, Jiarui and I know who that anonymous investor is. It's the famous venture capital company, Zhi Lai. You should have heard of them, right?"

Chen Che was instantly stunned. At this moment, his heart was like ten thousand horses galloping.

What the f\*ck! I invested \$5 million and let this bastard take it?

"Lin Xi, listen to me. That was clearly me..."

Before Chen Che could finish speaking, a voice suddenly interrupted him not far away.

"What a coincidence. I didn't expect to meet you here."

Lin Xi and Chen Che raised their heads at the same time and looked at Lu Wentian, who was walking over. They instantly frowned.

"Ignore him. Let's eat our food," Lin Xi said in a low voice as she picked up some food for Chen Che.

They could not afford to offend Lu Wentian, so they would lay low a little. Lu Wentian could not do anything overboard in front of the camera, right?

Chen Che nodded and the two of them continued to eat affectionately, as if Lu Wentian was invisible.

Realizing that he had been ignored, Lu Wentian felt a surge of anger. "Lin Xi, your company is about to close down, right? Have you considered my proposal?"

"What proposal?"

Lin Xi originally wanted to ignore him, but when she saw Lu Wentian mention the company, she couldn't help but ask.

"I asked Han Jiarui to help me pass on the message. That company was painstakingly established by you. How much is love worth?! Can it save your company?"

Lin Xi was stunned for a moment before shaking her head. "Jiarui didn't tell me!"

The corners of Lu Wentian's mouth twitched as he gritted his teeth.

Han Jiarui actually didn't tell Lin Xi. Was she going to watch the company close down?

"Lin Xi, I won't beat around the bush with you." Lu Wentian glared at the VJ, indicating for him to turn off the camera first.

The VJ was unmoved. He continued to hold the camera and even moved the camera closer, almost hitting Lu Wentian's face.

Lu Wentian hurriedly took two steps back and covered his face, revealing a resistant expression.

At this moment, the comments were filled with laughter: [Hahaha! The cameraman is rebellious!]

Seeing this, Lu Wentian couldn't care less. He walked up to Lin Xi and said in a low voice, "As long as you break up with Chen Che and be with me, I can help you protect the company. Love or career will depend on your choice."

"Lu Wentian, are you shameless?!" Chen Che suddenly said, his eyes filled with sharpness.

Asshole! Seducing his wife in front of him. How bold!

At this moment, Lin Xi put down the chopsticks in her hand and wiped her mouth elegantly with a tissue. Then, she looked at Lu Wentian mockingly. "I want both love and career."

"You don't know yet, right? Someone has already invested in our company. Now that the company's crisis has been resolved, but even if the company is about to close down, I won't agree to your unreasonable request, because you'll never be able to compare to Chen Che."

After Lin Xi finished speaking, she even intimately fed Chen Che a mouthful of food. The two of them looked at each other and smiled. They were extremely loving.

When Lu Wentian saw this scene, he was so angry that his eyes were about to spew fire. He pointed at Chen Che and shouted, "What future do you have with this pauper? Which part of me isn't better than him?"

Chen Che suddenly stood up. He was tall and was half a head taller than Lu Wentian, instantly weakening Lu Wentian's aura.

"Even if you don't have a mirror, you can look at your reflection in your piss! Have you ever earned a single cent yourself? Without your parents, you don't even know which street you're living on! What do you have to be so arrogant about!"

As soon as these words were spoken, Lin Xi and the VJ couldn't help but laugh.

Lu Wentian's expression was extremely ugly. His face alternated between red and white as he gradually clenched his fists.

Chen Che crossed his arms and glanced at him in disdain. "Let me remind you that it's a live broadcast now."

Lu Wentian glanced at the camera and resisted the urge to attack.

Actually, even if he attacked, Chen Che was not afraid of Lu Wentian. Not many people could defeat him in a one-on-one battle.

At this moment, the live-stream was already boiling.

[That's right! What's wrong with Young Master Lu? Can he be lawless now?]

[Old Scrooge Chen's disdainful gaze just now was too handsome! I'm about to fall for it!]

[Why is this Lu Wentian so shameless? Does he think that he hasn't slapped his face enough?]

Lu Wentian gritted his teeth. He could not attack or scold him. He could only glare fiercely at Chen Che and leave with his tail between his legs.

The VJ gave Chen Che a thumbs up and grinned.

At this moment, melodious music suddenly sounded in the restaurant. Then, the waiter pushed a small food cart decorated with colorful lights and feathers over.

There was a bouquet of beautiful roses and an exquisite small gift box on the dining cart.

Lin Xi looked at Chen Che in surprise. He stood up with a smile and handed the bouquet to Lin Xi.

"Happy first anniversary!"

Lin Xi was overwhelmed by surprise and took the flowers mechanically. The rich fragrance of the flowers filled her nose, and the corners of her mouth curled up uncontrollably.

Then, Chen Che placed the gift box on the table and said gently, "This is an anniversary gift for you. Open it and take a look!"

At this moment, the comments in the live-stream had already dominated the screen. Everyone was guessing what gift Chen Che would give.

In the past, no matter what program it was, Chen Che's gifts were worthless but meaningful. However, on this anniversary, everyone saw Chen Che's change. Could it be that he would give something worthless again?

Some people felt that since Chen Che had already spent so much money, there was no need to be unwilling to part with the money for a gift.

However, there were also people who felt that Chen Che would continue the tradition of giving a meaningful but cheap gift.

Actually, many women in the live-stream liked the gifts Chen Che had prepared.

For example, after Chen Che made that table lamp last time, many women went home and forced their husbands to make it. In the end, a group of people complained about Chen Che online.

At this moment, Lin Xi had already opened the ribbon on the gift box and slowly opened it. A string of warm yellow lights lit up.

The VJ also went to Lin Xi's side and prepared to take the clearest picture.

Everyone became nervous until a sparkling diamond necklace appeared in front of them.
