

Break Up 81

Chapter 81 Did You Really Win the Lottery?

Little Wu brought Chen Che and the VJ to a larger villa.

“Brother Chen, this property is very good. It covers an area of more than 400 square meters and has three floors. The decoration here is also made of high grade materials. It’s definitely worth it. The price is a little more expensive, about 8 million.”

When the people in the live-stream heard the price, they became went insane in the comments.

[Did Old Scrooge Chen really win the lottery?]

[Perhaps he just wants to see the world so that he can brag to Lin Xi’s friends in the future!]

Chen Che looked around and frowned.

“Brother Chen, is it too expensive? Actually, that one just now was very...”

Before Little Wu could finish, Chen Che interrupted.

“It’s not about the price. I’m just not satisfied with the quality.”

No matter what, he had \$4 billion now. How could a tiny \$8 million villa be worthy of him?

The VJ following Chen Che was completely numb to all the shock. For an entire year, Chen Che specially went for discounts, even for food. Now, he was actually arrogant?

Everyone in the live-stream complained.

[Old Scrooge Chen, I hope you’re not puffing oneself up at one’s own cost.]

[This salesperson is really pitiful. He thought he had met a big client, end up he’s worked for nothing today.]

[Have you seen the news? Lin Xi’s company has received an investment and the situation has improved!]

[Damn, I knew it. How could Old Scrooge Chen bear to look at the villa? He’s really shameless!]

Little Wu quickly came back to his senses and looked at Chen Che in disbelief.

“Brother Chen, are you sure you want something better?”

“What’s there to doubt?”

Chen Che said calmly. With \$4 billion, what kind of villa could he not buy?

Not to mention a villa, he could even buy an office building.

Chen Che turned around and walked out, leaving the VJ and Little Wu in a mess in the house.

Little Wu quickly reacted and immediately followed.

As soon as they came out, they happened to bump into Little Wu’s colleague, Little Wang, who was also bringing people to look at houses.

Little Wang looked dissatisfied when he saw them coming out of the villa.

“Little Wu, didn’t I say that my client would come to look at houses? Why did you bring everyone in?”

“You even brought a camera crew? Are you here to try and con some young lady after filming?”

Little Wang’s client immediately laughed out loud.

Little Wu’s expression was also very ugly. Ever since he entered the company, Little Wang had been at odds with him.

Little Wu ignored Little Wang and Chen Che looked at him.

“You’re the Little Wang (pun for ‘Bastard’) that Little Wu mentioned, right?”

Little Wang’s expression immediately turned extremely ugly.

“Who are you scolding?”

Chen Che looked innocent.

“I didn’t scold anyone.”

Everyone in the live-stream laughed crazily.

[Old Scrooge Chen is really awesome, exciting.]

[Little Wang! It’s really too funny.]

Little Wu also tried his best to hold back his laughter.

Little Wang’s client was also a little dissatisfied. No matter what, this was his own salesperson. Wouldn’t it be a slap to his face to be humiliated like this?

“Young man, don’t go overboard with your words. It’s easy for something bad to happen.”

Chen Che looked at the middle-aged fatty. There were not many hairs on his head and he was still forcefully gathering them in the middle.

“This...”

Without waiting for Chen Che to finish, Little Wang immediately introduced.

“This is Boss Ji from Hongtu Snack Processing Factory in the city!”

“Oh, Little Ji (pun for ‘Eunuch’)!”

Chen Che looked enlightened!

Little Wu and the VJ could no longer hold it in and laughed out loud.

In the live-stream, the netizens were even more excited.

[This is really a coincidence. Why does he have to have the surname Ji?]

[That’s right. He’s asking for a scolding!]

Boss Ji stared at Chen Che with a dark expression, then looked at Little Wang.

“Little Wang, I’ll look at whatever this kid is looking at today.”

“I’ll buy everything he wants!”

Little Wu’s expression immediately turned ugly.

Chen Che, on the other hand, looked indifferent.

In any case, Little Ji might not be able to afford the house he was going to visit later.

Chen Che looked at Little Wu and said, “Little Wu, is there anything better?”

Little Wu immediately nodded.

“Brother Chen, there’s more, but...”

Little Wang interrupted Little Wu again.

“Little Wu, I know this client of yours. He’s from that variety show, right?”

“This person is poor and stingy.”

“You were tricked by him!”

“Not everyone can look at the remaining villas. If the leader finds out, can you bear the responsibility?”

Little Wu’s expression immediately turned ugly.

The rest were villas that were sold for tens of millions or hundreds of millions.

The boss had once repeatedly ordered that only big clients could go.

Chen Che looked at Little Wu.

“Why, Little Wu, do you think I can’t afford it?”

When Little Wu heard Chen Che’s words, he immediately shook his head.

He didn’t know if he could afford it, but he had to satisfy the customer’s requirements. This was also the company’s goal.

Thinking of this, Little Wu gritted his teeth and brought Chen Che to Villa No. 1.

This villa was the best here. It was more than a thousand square meters and had a back garden.

Strictly speaking, this was already a small manor.

Of course, the price was not cheap. The price was 276 million.

Chen Che was very satisfied the moment he saw this villa.

That’s right, such a villa was worthy of someone whose net worth is \$4 billion.

Little Wang brought Boss Ji over.

The woman Boss Ji brought with heavy makeup screamed when she saw the villa.

“Darling, buy me this. This place is too beautiful!”

Boss Ji’s expression immediately turned ugly. He had originally planned to buy a small apartment.

He never expected that this poor man would dare to come to such a high-end villa.

Boss Ji hugged the woman with a loving expression.

“Baby, it’s fine as long as you see it. However, there’s another rich person who said that he wants to buy it.”

With that, Boss Ji looked at Chen Che mockingly.

Chen Che looked at Little Wu.

“Little Wu, can we go in and take a look?”

Little Wu gritted his teeth. Since he was already here, what was there to be afraid of?

“Alright, Brother Chen, there are shoe covers at the door.”

Chen Che could not be bothered to wear any and walked in.

Little Wang brought Boss Ji and the woman in.

Chen Che turned to look at the three of them.

“Go put on your shoe covers!”

The woman rolled her eyes.

“You’re not even wearing it. What right do you have to control us?”

“Because this will be my house soon.”

Chen Che said with a familiar expression.

The few of them were stunned for a moment before they laughed.

How could a poor man have the courage to say such a thing?

The netizens in the live-stream could not stand it anymore.

[It’s understandable that Old Scrooge Chen wants to pretend, but this is too much.]

[Don’t you know your own level?]

After Boss Ji smiled, he looked at Chen Che.

“Young man, you said this is your house. Pay up!”

Chen Che raised his hand and called out to Little Wu.

Little Wu immediately went forward and whispered.

“Brother Chen, it’s not cheap here. It’s more than 200 million. Let’s leave quickly!”

Chen Che took out his bank card and handed it to Little Wu coolly.

“What are you leaving for? I’ll swipe my card now!”
