

## Break Up 84

### Chapter 84 You're Not Worthy

Boss Ji smiled disdainfully. Yesterday's matter had just passed. How could this kid still dare to pretend like this?

"Kid, if it goes through, I'll be your son."

Chen Che looked at Boss Ji in disdain.

"Little Ji, you're not worthy to be my son. After all, our family genes are quite good."

The salesmen and VJ almost couldn't help but laugh out loud.

The netizens in the live-stream mocked him.

[We don't know Old Scrooge Chen's size, but this Little Ji is really little.]

[Hahaha, this "little" is very essence.]

[I've never seen a man ask someone to say that he's little every day.]

...

Boss Ji's expression darkened as he looked at the salespeople unhappily.

"If it actually goes through, I'll give you double the money you spent on the car!"

"What are you waiting for? Go get the POS machine."

One of the salesmen hurriedly went to the finance office.

Boss Ji looked at Chen Che in disdain.

Let this kid be arrogant now, but don't cry when he gets slapped in the face later.

Chen Che opened the car door and got in.

After all, he was buying a car for himself. Comfort was very important.

Boss Ji watched Chen Che get into the car.

"What are you guys doing? Did you just let him sit in it?"

"I'm very optimistic about this car. When the PO machine comes back, I'll swipe my card immediately."

"Hurry up and pull him out."

When the salespeople heard this, they hurriedly persuaded Chen Che.

"Young man, you heard it. Boss Ji wants this car."

"That's right. Come down quickly. Don't dirty the car. You can't afford it."

Li Yao could no longer hold it in.

No matter what, Chen Che was her client.

“Don’t you know what it means to be first come, first served?”

“Mr. Chen said he wanted to buy this car first. You heard him.”

The salespeople did not know what to say.

Chen Che got out of the car.

“Forget it. I don’t want this car anymore.”

As soon as Chen Che said this, Li Yan was immediately extremely embarrassed.

Boss Ji laughed.

“What do you mean you don’t want it anymore? Do you have no money?”

“Kneel down and admit your mistake. I’ll give you this car.”

A few salespeople immediately went forward and began to suck up and curry favor.

“Boss Ji, you’re really magnanimous.”

“And you’re so generous. This car isn’t cheap. You actually gave it away just like that.”

Boss Ji listened to their flattery with a look of enjoyment.

Chen Che looked at Li Yao.

“Xiao Li, this car is a little cheap. Which one is the most expensive here?”

When everyone heard this, they were stunned.

A poor kid could not even afford this car.

He actually said that he wanted to see the most expensive car?

Boss Ji had a mocking expression.

“Kid, I can’t even say I want to buy the most expensive car here.”

“Stop pretending, young man. Just admit your mistake.”

The salespeople were waiting to watch things unfold.

Chen Che looked at Boss Ji’s smug expression.

He wondered if Boss Ji would keep his promise if he lost later.

She went to the finance office to get the sales of the POS machine and ran back.

“Sir, you can swipe your card now.”

Boss Ji waved his hand.

“They don’t like this car. Now, they want to buy the most expensive car here.”

The salesperson looked at Chen Che in shock.

There were young people who came here to pretend, but they were not so good at it.

“Li Yao, this is your client?”

When Li Yao heard her colleague’s words, she did not know what to do.

Li Yao could only look at Chen Che.

“Mr. Chen, you...”

Before Li Yao could finish, Chen Che interrupted.

“Just show me the most expensive car you have here.”

Seeing how determined Chen Che was, Li Yao could only lead the way.

Everyone walked to a sports car.

Li Yao stood beside the car and began to introduce.

“This is the Pagani Aeolus. There are only five of them in the world.”

“There are two in our country. One of them was bought by the son of the richest man in Suzhou.”

Chen Che looked at the car model and was very satisfied.

Only such a car was worthy of someone with a 4 billion net worth.

Li Yao continued to introduce.

“The Aeolus carries a V12 twin turbocharged engine with a maximum output of 730 horsepower. It only needs 3.2 seconds to accelerate a hundred kilometers.”

Chen Che was very satisfied with the data Li Yao was talking about.

Of course, he was most satisfied with the unique shape of the Aeolus.

“How much is this car?”

Li Yao picked up the price list and flipped through it.

“Mr. Chen, the total price of the Aeolus is 30 million.”

“If you buy it, you will become a distinguished member of this shop.”

“After the discount, 27 million.”

Boss Ji stood at the side and looked at Chen Che in disdain.

“Kid, did you hear that?”

“27 million. Do you have it?”

When the netizens in the live-stream heard the price, they also discussed.

[Goddess Lin Xi is indeed rich, but the company has just recovered. How would she have so much money?]

[Old Scrooge Chen, you can pretend however you want. Please don't waste Goddess Lin Xi's money.]

[That's right, Old Scrooge Chen. It's not embarrassing to admit your mistake.]

...

Just like yesterday, Chen Che took out his bank card and handed it to Li Yao.

"I'll buy this car in cash."

Li Yao looked at Chen Che in shock.

He bought it just like that?

If it was true, Li Yao's commission would be a hundred thousand.

The other salespeople also looked at Chen Che in disbelief.

Boss Ji suddenly laughed out loud.

"Isn't this the bank card from yesterday?"

"You couldn't even swipe it yesterday. How are you going to get it today?"

When the salespeople heard this, they immediately heaved a sigh of relief and mocked him.

"I knew it. This kid is poor."

"So it was a false alarm."

"Li Yao, you caused such a big commotion. Let's see how you explain it to the store manager later."

After waiting for a long time, Li Yao did not take the bank card. Chen Che looked at Li Yao in confusion.

"Why? You don't believe me?"

When Li Yao heard Chen Che's words, she instantly reacted.

"No, I didn't expect Mr. Chen to be so carefree."

With that, Li Yao took the bank card from Chen Che's hand.

Under everyone's gaze, Li Yao inserted the bank card into the POS machine with trembling hands.

After inputting the amount, Li Yao handed it to Chen Che.

"Mr. Chen, please enter the pin."

Chen Che took the machine and entered six numbers.

Boss Ji, on the other hand, looked like he was waiting to watch a good show. Everything that happened yesterday was still vivid in his mind.

After waiting for a long time, he did not hear the notification that his balance was insufficient.

The POS machine began to issue the bill.

This scene stunned Boss Ji.

How... how was this possible?

Could it be that it was really bad?

Boss Ji's expression instantly became incomparably ugly.

"Impossible. Absolutely impossible."

"There must be something wrong with your machine!"

A few salespeople immediately went forward to check the machine.

Li Yao pushed everyone away.

"There's no need to look. There's nothing wrong with the machine."

Chen Che looked at the dejected Boss Ji.

"Little Ji, you have to admit defeat. You have to reimburse me double."

When Boss Ji heard this, he immediately collapsed to the ground.

This car cost \$27 million. Double it would cost more than \$50 million.

Where could Boss Ji find so much money?

The entire company was only worth more than \$10 million.
