

Chapter 141 Went to Rescue

Since Ryan had already said so, Elena had no way to refuse. She agreed Xavier to accompany her, and then Ryan left in the car.

Elena walked into the villa and saw Mrs. Baker preparing dinner over there. Elena walked over with a dejected look. “Why does it feel like my heart is empty after he left?”

Mrs. Baker revealed a gratified smile when she heard that and put down the tableware in her hands. “Madam, you have been with Sir for so long and have gotten used to it. That is why you are unwilling to let Sir go out to work. But... You should also be relieved. After all, in this case, only two of you can withstand the test. You should believe in Sir... Sir will definitely trust you as well.”

“I’m not worried about this, I just feel like I’ve gotten used to being with him during this period of time. Thus, when he suddenly left, I am feeling empty in my heart. As expected, I still can’t cultivate so many bad habits.”

Elena was there cutting her steak on her plate without stopping. In the past, she liked to eat this steak the most. But today, she felt that this thing was not as delicious as before.

Mrs. Baker saw Elena’s disappointed look and helplessly shook her head, “No matter what, the two of you are already husband and wife now so you should be able to bear these things. How can a man not go out to work? So don’t think too much. Sir will be back soon.”

Mrs. Baker knew that Elena liked Ryan very much. The two of them were very happy together and could not leave each other. Otherwise, how could Ryan leave Xavier here before he left?

“Forget it. Forget it. Let’s eat together. Since Ryan has already left, it would be waste if we don’t eat the steak you prepared. At least, I have you who can talk to me.”

Elena placed the steak in front of Mrs. Baker. Mrs. Baker was not polite. After all, after Ryan left, she had to take care of Elena, so the two of them did not have to be so polite.

After a night, Ryan had already taken a private plane to Eastern Europe.

Jackson was already waiting for Ryan there. When he saw him, he immediately rushed over.

Seeing the flustered Jackson, Ryan frowned, “How’s the situation?”

“We have been waiting for a long time, but there is no news of Isaac. Should we take the initiative to attack? If we wait any longer, I’m afraid Isaac’s life will be in danger.”

Those people sent by them did not bring any news at all. They had no idea what kind of background these people had. How could they have such powerful strength?

“Tell the people inside that Ryan Monor is here.”

Ryan sat in a wheelchair and went straight to the stone gambling market. He looked at the stones and the raw material inside and frowned.

If Isaac had not negotiated with these people... he would never have provoked these people. Today’s matter was indeed his fault. If it wasn’t for him asking Isaac to come over... Something like this would never happen.

After saying that, Jackson walked straight into the room. It felt like there was no light coming from the inside. Jackson followed his follower to a room. when the door was opened, he found that there were more than a dozen people sitting there like a large conference room.

Isaac was tied up on a chair. When he saw Jackson coming, he frowned, “What are you doing here? Hurry up and leave. This is not a place for you to come.”

However, Jackson did not listen to him and left. Instead, he went straight to Isaac. He looked at the people on the chairs.

“Is this how you treat my friend? I don’t know how we offended you that you intercepted our raw materials and tied up our friends. If we take the initiative to attack... You will definitely not get any good results.”

“Sir, we already took a liking to this batch of raw materials before they were sold. We definitely won’t let anyone come into contact with them. Even if you come here, I will definitely not let you go.”

One of the middle-aged men spoke in an ancient tone, looking like their leader.

“Our young master is waiting for you. He wants to talk to you. I wonder if he can meet you.” Jackson did not forget his purpose of coming here. He looked at the man in the lead.

However, the man leaned on the chair and remained unmoved, “Since you are already here, why don’t you come in? You just had to wait for me to invite you in. I don’t know who in Eastern Europe has better eyesight than me, Clarence Hall.”

When Jackson heard Clarence’s name, he was immediately stunned. “What did you say your name is?”

“What? Don’t tell me you’ve never heard of my name. How ignorant.” Clarence looked at the young man in front of him with some ridicule. He did not put him in his eyes at all.

However, Jackson’s eyes were red. “Are you sure your name is Clarence Hall?”

“What do you mean? Do you think you can casually call the name of our boss?”

The man sitting at the side was a little unhappy. He dared to break into their territory. He already gave them face by not killing him. If he dared to speak rudely again, they could not guarantee what they would do.

However, Jackson clenched his fists and ran forward to grab Clarence’s clothes. “You still have the face to ask me how I know your name? Do you know that everyone has been looking for you all these years? You actually came here?”

“What are you doing?” Those people stood up and pointed their guns at Jackson, as if they would kill him if he made another move against Clarence.
