

Chapter 152 Talking Back

Ryan turned around and saw Jackson’s reaction. He turned around and looked at Clarence.

“To be honest, this is a matter between the two of you. I have no reason to interfere, but Jackson is my brother. So I have to seek his opinion. If he wants to, I will naturally give him some time. But if he doesn’t want to, you can’t force him.”

“Jackson, I know you hate me, but I want to talk to you privately about the matters of Hall family and you. Besides, you are already an adult. There is no need to hide the reason why I left you all those years ago.”

Clarence didn’t have much feelings for Jackson. After all, he was only his father in name, and he didn’t have the responsibly of a father.

“I will say it again. You don’t have the right to talk about my mother and father. And you don’t have the right to talk about the Hall Family. When you left, why didn’t you think that you would have such a day? Is there anything you can’t do? Clarence Hall... Do you know why I can recognize you? Because my mother told me that you are the greatest enemy of Hall Family!”

Jackson had lost control of his emotions. He didn’t care about Clarence’s face at all.

Clarence’s face was full of anger. He stood up and slapped Jackson’s face. “What kind of attitude is this? If it wasn’t for me, how could you appear in this world? I have let your mother down, I’m sorry about that, but I was forced to leave back then. I didn’t have the ability to give you a good life back then.”

It wasn’t that Clarence didn’t want to go back, but he didn’t think that the woman he liked would marry his brother. His son wanted to acknowledge someone else as his father.

These things had made Clarence extremely ruthless over the years, and his son had even treated him like this. How could he not be angry and disappointed?

Ryan and Isaac had never thought that Clarence would actually attack Jackson.

Ryan instantly stood up and looked at the man in front of him. “Clarence, don’t forget whose territory this is. If you dare to touch Jackson again... Don’t blame me for being rude to you.”

Ryan wasn’t afraid of him, so he could do whatever Jackson didn’t dare to do. If Jackson couldn’t do it, he could do it for Jackson.

“You don’t know what’s going on between him and me. You don’t have the right to interfere in our business.” Clarence looked at Ryan and said, “Mr. Monor, although you are strong, this is our family’s business. You better not worry about it, or you might get caught in the fire.”

“You don’t have to worry about this matter. Jackson is my brother. I will take care of him no matter what. So you should take care of your own business. Since you have chosen to leave, you should stay in Eastern Europe and not disturb other people’s lives.”

After saying that Ryan and the others two were about to go upstairs when Clarence shouted from behind, “Recently, I really want to go back to Huaxia and see how the Hai City is doing. I want to see my family and the woman who used to live with me.”

Jackson was furious after hearing that. He turned around and grabbed Clarence’s clothes. “Clarence, you bastard, try saying that again. You have no right to go back and see my mother, and you have no right to go back to the Hall Family.”

“Is that so? Then let’s wait and see. I don’t think you can stay by your mother’s side at any time.”

Clarence’s words once again angered Jackson. Jackson stretched out his hand to hit him, but was stopped by Ryan.

“Jackson, stop.”

Although he looked down on Jackson, he was still Jackson’s father. If Jackson continued to punch him, it would not be good for him. Ryan understood this better than Jackson, so he tried to stop him.

Jackson clenched his fist tightly, and although he was trembling, he still withdrew it. “Get lost! Get lost now! I don’t want to see you again!”

Jackson stood up and walked out. After walking out of the door, he turned around and saw the three men had already disappeared into the hall.

His subordinate went forward and asked, “Boss, we could have talked to young master earlier. Why did you say that? Didn’t that mean that the relationship between father and son has been worn down?”

Clarence sneered, “What does that brat have to do with me? I just came to teach him a lesson. His mother is now married to my brother. I have already made them want to die, so why would I acknowledge him as my father and son?”

After saying this, Clarence saw that the person at the corner of the street had disappeared. Only then did Clarence relax and slowly let out a breath. Then he said to the people behind him, “Alright, let’s leave now!”

Those subordinates did not know what their boss had come for. However, they did not suffer any losses. They had no choice but to leave with him.

They had no idea what Clarence was thinking right now. They only felt that their boss was like a person who didn’t recognize anyone.
