

## Chapter 180 Worse Than A Dog

When Tina ran out, she coincidentally ran into Mrs. Baker. Mrs. Baker frowned, when she saw this woman. “Why are you here?”

"Do you really think I like to come?"

A mere maid actually spoke to her in such a manner. It had to be said that she had failed as a person.

If it wasn't for the fact that she met Roman later on, she would probably have been even more despised by this family.

"Is that so? Don't say it so easily. If you took something from home, I won't let you go." Mrs. Baker put the food she bought on the ground and grabbed Tina's wrist.

When she just left, the door was clearly locked by her. This woman might have secretly come to do something bad.

Tina struggled with all her might, "I didn't steal anything. Ryan and his wife are inside. If you don't believe me, you can go in and take a look.”

"Whether you steal or not isn't up to you alone. You come with me.”

Mrs. Baker was not stupid and could not let her go now.

As they heard the quarrel outside, Ryan and Elena walked out. Seeing that they were arguing, Elena went forward and asked, "What's wrong with Mrs. Baker? Why are you arguing with her?"

"Hey, the two of you are really at home. This woman sneaked into our house when I was not at home. I am afraid that she stole something.”

"Ryan, watch your dog carefully. Don't let her come out and bite people. Hurry up and let her go. Do you hear me?"

This old woman's hand strength was so strong that Tina couldn't break free no matter how hard he struggled.

"Since you already said that I'm a dog at home, then I won't let you go either.”

After Mrs. Baker finished speaking, she brought her into the house to investigate. But she found that there was nothing missing.

"A shameless woman like you actually dared to come here and make a scene. You have long betrayed us. In the future, get as far away as you can. This place does not welcome you.”

"Ryan, can you take good care of this dog? If she bites me again next time, don't blame me for being rude.”

Tina’s words were very harsh. She spoke so arrogantly like she was an empress of a certain region.

However, as soon as she finished speaking, Elena came forward and slapped the woman's face. “Tina, pay attention to your words! What do you mean by 'dog'? Our family will definitely not allow you to insult us. Please disappear immediately.”

Tina’s face tiled to the side and she felt a burning sensation on her cheek. She touched her face and found that it was already swollen.

She looked Elena with her eyes wide open. "You. . . You actually dare to hit me!"

As she spoke, she raised her hand and wanted to hit Elena.

However, Tina didn’t expect that before she could even touch the later, Ryan had already came in front and pushed her back. “Hurry up and leave. Don't let me say it a second time, understand?"

Ryan pushed Tina so hard that she staggered and still couldn’t control her balance so she fell to the wooden table beside the sofa. She was never humiliated like this before.

"You. . . You two. . . Fine. I won't argue with you today. I will make you pay back double the humiliation I have suffered in the future! Ryan Monor, just you wait. It was you who didn't want me. Don't regret it in the future.”

However, Ryan smiled faintly. "I should be the one to say this. You were the one who betrayed me first. But it doesn't matter. You don't matter to me at all. The only difference is. . . That is, with you, it will only increase the burden on me. That's why I should thank you for leaving me.”

Initially, she thought that she still had a high position in the man's heart, but she didn't expect that she was even worse than a dog.

Tina got up and left angrily. Staying here was simply asking for humiliation.

But she did not dare to go to the company to look for Roman. As Ryan said before, Amara was staring at her and Roman at all times, as if there was something between the two of them.

This caused the other people in the company to avoid her like the plague. Because no one wanted to piss Amara, the future mistress of Monor family, off.

She did not know where to go. She just walked forward with a blank look in her eyes, like a walking corpse.

Elena, who was upstairs saw Tina walking through the window and said to Ryan who was behind her, "I'm afraid this woman's life in the company is not good.”
