Chapter 191 Your Dad Only Loves Your Mom In This World

That was why it was the perfect combination for such a woman to be with Ryan.

On the other hand, she was abandoned by the Lewis family and was not worthy of him.

Elena had never cared about this kind of family problem before, but now she had to care about it.

Not only could she not help Ryan in his problems, but she had also always caused trouble for him.

"You must not think that way. There is no distinction between high and low in life. Although Amber's thoughts towards Young Master are not simple, Young Master has never given her a chance. They are just friends. There will not be any violation of the rules."

Pregnant women are generally suspicious. And Elena thinking too much would not do any good to both her health and the fetus in her stomach. So Mrs. Baker tried her best to comfort her. She did not want Elena to think blindly.

Elena still kept her head down. Although Mrs. Baker said so, she clearly saw the way they interacted just now. It was clearly very deep in tacit understanding.

This kind of tacit understanding was not something that could be cultivated in a day or two.

Seeing their interaction, Elena's heart was very jealous, so she did not want to watch.

"It's alright. I can bear it. If I don't leave, the two of them won't be together. "

Elena had never thought about these things before. It was probably because she was pregnant that she was so sensitive.

"Elena, you and Ryan are husband and wife now. It is very difficult for others to get involved even if they want to. Husband and wife are one. You must take care of each other's feelings."

Elena knew that Mrs. Baker said this because she wanted to advise herself not to think too much. She smiled, "I heard you say so. I feel much better now. I was too agitated just now and did not control my emotions well."

"You... It's not that you don't understand. You just love to be stubborn sometimes. Alright, drink the chicken soup and get some rest. Ryan definitely won't leave that woman to rest at home. He'll be up in a while." Mrs. Baker finished speaking and went downstairs.

After the door was closed, Elena laid on the bed and gently stroked her stomach. "Baby, what should I do?"

Not long after, Ryan opened the door and entered. Seeing that the person lying on the bed was not asleep, he smiled.

"Are you angry?" As he spoke, he came to the bedside and sat beside her.

Elena pushed his hand that was about to touch her stomach away. "What you are dealing with is the company's matters. It will also be helpful to you. I came up to rest because I don't want you to be distracted. "

Hearing his wife's explanation, the smile in Ryan's eyes became even wider. He turned over and got on the bed. He leaned close to Elena and laid down.

"I know. You saw that the two of us together and were very uncomfortable, so you ran over."

Ryan had long understood Elena's temper very well. Naturally, he knew what she was thinking in her heart. So when he saw her expression, he quickly went up to accompany her after his work was done.

"This is your own matter. She is also your childhood sweetheart, so I am not jealous."

"You still say no. Elena, your face only has the word 'wronged' written on it." As Ryan spoke, he couldn't help but laugh.

Elena didn't want to say anymore. She pushed the pillow to Ryan's side and moved half a step away.

Ryan shook his head helplessly and moved closer to her. He moved the pillow to the side and wrapped his arms around her waist. He gently stroked her slightly bulging stomach.

"Baby, your mom is angry. Please tell your mom that, in this world, your dad only loves your mom the most. And tell her to not be angry with your dad."

Ryan said in a whisper. His voice was so gentle and passionate that no one could resist it.

Hearing this, Elena did not speak, but her expression eased up a lot.

Ryan felt her reaction and said with a serious expression. "Elena, I have already said that I have no other relationship with anyone. Since I am your husband, I will definitely be responsible for you. I will also be responsible for our relationship and our child. I will definitely not get involved in any affairs outside."

Elena's dull mood finally improved after hearing his resolute confession. She turned around and buried her head into his chest.

Ryan held her tightly in his arms. "Alright, alright, alright. Don't be angry anymore. Amber will be by Roman's side during this period of time to deal with things. I also told her that you need to rest and not to disturb you when she has nothing else to do."

"Hmm..." Elena nodded her head in his arms in understanding. She was probably too sensitive just now.

"Elena, don't you have anything to say to me?" Ryan gently stroked her hair and asked.

"What?" Elena looked up at him in confusion.

Ryan had a playful expression on his face, as he raised his brows slightly. "Just now, I said that I love you. Don't you want to say something in response me?"

Hearing him, Elena's face turned red. He indeed confessed her just now.

Although she loved him very much, she never said these words in front of him and now he was asking this, she didn't know how to say.

"I can't say..." Elena said with a red face and buried her head once again in his chest, not wanting to see his eyes.

Ryan looked at the woman, who wanted to hide in his arms, in disbelief. "Huh? Elena, you cheater! You only want to get the benefit and not give anything in return. This is not fair. You have to say it right now!"

As he spoke, he held her chin and forced her to look at him. "Say it!"

"What do you want me to say?" Elena blushed faintly and asked somewhat impatiently.

"Say that you love me." Ryan looked at her face and said seriously.

Looking at this expression, Elena knew that this man would not let go until she confessed to him. She didn't have any way out so she leaned closer and kissed him.

Ryan saw her enlarged figure coming close to him and immediately wrapped his hands around her waist and closed his eyes as he responded her contently.

After an unknown amount of time, when the kiss finally ended, Elena was almost breathless. She took a few deep breaths to calm down herself and looked at the man beside her with her beautiful watery eyes.

Ryan was also breathing somewhat heavily. Her kiss just now had clearly turned him on and he felt his body hit up.

But Elena was pregnant and he couldn't do anything even if he wanted to. Ryan sighed sadly.

But after two seconds of sorrow, he again looked at her seriously, "You still haven't said what I want to hear."

Elena's mouth twitched. This greedy man!

She didn't expect this man to be so greedy. She clearly kissed him to confess her feelings but he still wanted to hear it from her mouth.

Elena took a deep breath and said slowly, "I love you."

After saying that, she again buried her head in his chest. She didn't want to show him her shy look.

"Are you confessing to me or the mosquitos? It was so low. I can't hear you. Say again." Ryan concealed his smile and said with a straight face.

Elena gritted her teeth. She suddenly leaned closer to his ear and shouted. "Ryan, I love you!"

After finishing speaking, she moved a little backwards and observed his expression.

Ryan covered his ear and looked at her. "Wife, it is okay that you love me, but you can't possibly deaf me right?"

Elena sneered and replied. "It was you who wanted to hear those words. Now are you happy?"

"Yes, Madam is right." Ryan said and then both of them burst into laughter.

Under Ryan's patient comforting, Elena calmed her mood and gently wrapped her arms around his waist. The two of them finally got rid of the misunderstanding and hugged each other to sleep.
