

Chapter 194 Don’t Challenge Someone Stronger Than You

Originally Amara was a little worried about this woman staying in Roman’s side. But recently, when she returned home, Adeline, her mother, told her what to do and what not to do.

After listen to her mother, Amara also finally understood that Tina was not worthy of being mentioned in the same breath as her.

If it was any other rich and powerful woman, perhaps she would still think about the danger and think about it.

But if it was this woman, then there was no need.

Even if Roman was on good terms with this woman now, he would definitely not marry her.

Amara had already figured out what kind of person Roman was. He was a man who only knew about benefits. It was impossible for him to delay his future because of the so-called love.

"You. . . Amara, don't go too far. Let me tell you this, I have been accompanying Roman for this period of time. "

Tina was very angry. Every time she met this woman, there would always be so many things. She did not want to have more contact with this woman.

But she understood in her heart that Amara naturally would not let her stay in the company well.

Amara had heard it before and once again mocked, "If it was someone else, perhaps I could still believe some of these words. But it was Roman Monor. I really do not believe it at all.”

"Roman is not one of those playboys. He is very clean and self-righteous!"

“Do you really think you can seduce him by your little tricks?” At the end of her sentence, Amara couldn’t help but laughed out loudly.

Tina trembled with anger, after hearing Amara’s words. But she had to admit that what the later said was right. She had also done many things to seduce Roman, but she was rejected by him every time.

She originally thought that there was something wrong with this man's body, but Amara's words made her sober up a little. If that was the case, did she really not have a chance at all?

Amara looked at Tina in front of her and lifted her finger to poke this woman's shoulder.

"You better not play any tricks in front of me. Remember one thing, never challenge someone stronger than you. "

"If one day I'm in a bad mood, I might make all of your family disappear."

"Ryan bought your house for you. If he changed his mind and wanted to take back the house, you and your family will have to sleep on the streets.”

"So you better work obediently. If you dare to seduce Roman again, don't blame me for being impolite.”

"I just want to achieve my own goal and do what I want to do. Amara, don't think that just because you are the daughter of Lewis family, I can be afraid of you!"

"Don't tell me that you still don't know that your family is no longer capable? Roman's mother didn't want the two of you to be together because the people in your family didn't live up to their expectations!"

Tina was not a pushover. How could she lose like this and be innocently bullied by Amara!

If she was bullied by others in the past, it would still be fine. But now, with her ability, she would not be bullied by others for no reason.

Amara heard this and looked up at the woman. But instead of getting angry, she smiled. "I did not think that you would have such thoughts. Since that is the case, then continue to fulfill your own dream!"

"But let me tell you, the following days will definitely not be easy for you. I will definitely let you have a taste of the taste of living a life worse than death.”

After Amara finished speaking, she stepped on her high heels and left the office without looking back.

She, Amara Lewis, could ignore everything except for the marriage alliance with the Monor family. She absolutely could not give up just like that.

The marriage between her and Roman couldn't be broken up for no reason.

She had never had the thought of breaking up with Roman.

Even if the people of the Monor family were against of it, she must marry Roman as soon as possible.

Because of her father's gambling incident, her family had suffered the some downgrade. That was why she was humiliated by Roman's mother on the day she went to the Monor family for a meal. And today a woman like Tina dared to speak in front of her.

Amara thought that she would never allow such a thing to happen again.

After leaving the company, she rushed back to the Lewis family.
