

Chapter 198 Her Ex-boyfriend

Elena also agreed with Ryan's idea now. After all, there would be a lot of people and incidents here, which made Elena's mood very bad.

“Alright.” Elena said and leaned against Ryan’s shoulder.

After sometime, Ryan said he had some works to deal outside so he left with Xavier. Elena rested for a while in her room. She then went outside and walked around in the courtyard.

However, she did not expect to see a taxi stop just as she walked to the main entrance.

Elena narrowed her eyes. Not many people knew about their residence and there was no one who would come at this time of the day. Then who was this?

Then, the door of the taxi opened and a man got out of the car.

That man looked around like with a greedy expression on his face as if he was looking at some gold mine. He then strode into the villa.

When she saw the man's face clearly, Elena frowned and immediately turned around to the side. She then took the broom, looking as if she wanted to sweep the man out.

Mrs. Baker, who came out with a glass of juice for Elena, saw the woman was holding a broom in her hand and looking in front with an angry expression. She frowned, quickly walked over and took the broom from her hands, "Why are you taking the broom for?"

"Mrs. Baker, do you see that man in front of you? Don't let him in!" Elena's eyes were filled with coldness. She looked at that man as if she was looking at an enemy.

Mrs. Baker did not understand. Who was this man? Was he here to find Ryan?

As she thought, Mrs. Baker scanned the man carefully from top to bottom. But she indeed did not have any impression of this man.

So she could only turn around and look at Elena. “What is going on? I have never seen this man before. Did he do anything to offend you?"

"He's my ex-boyfriend. He probably saw me marry into a rich family and wants money. You must not let him in. If he comes in, I don't know what he will do!"

Elena did not hide anything. In the past, she would have wanted to argue with this man, but now that she was pregnant, she did not want to cause any more trouble and put her child in danger.

So she just wanted to turn a blind eye and stop him from coming inside.

However, she was also very puzzled. They had not contacted each other for two years. She did not know how he found this place.

After hearing Elena's words, Mrs. Baker became 120% vigilant. It seemed that this man was not an ordinary person. His ex-girlfriend was already married and he was still able to find her. He must have a motive.

"Leave this matter to me. I don't need you to intervene. I want to see who can force their way into our courtyard!"

After saying that, Mrs. Baker walked out of the courtyard with a broom and came in front of the man.

"Who are you looking for?"

Jose was speechless at this woman's unreasonable behavior. He frowned and looked around. When he saw Elena in the courtyard, his eyes lit up.

He did not expect that she would actually successfully marry into a wealthy family. She was really lucky!

Initially, he thought that since she was the second young lady of Lewis family, he could take some money from her. But he never thought that this woman would be chased out.

She didn't have any money on her, so she had to rely on herself to support her. And he couldn’t get a cent from her in all the years when they were together.

So, no matter what, he had to get back the money for the mental damage he had suffered all these years.

"Elena, it's me, Jose. Don't you remember me?" Jose forcefully passed Mrs. Baker and walked in front of Elena.

Mrs. Baker saw how rude this man was and instantly retreated to Elena's side, blocking her from behind. "I told you not to mess around. This is our young madam. If you dare to touch one of our young madam's hairs, I will call the police directly. "

Jose originally had a smile on his face, but when he saw Mrs. Baker like this, the smile on his face disappeared and he looked impatient. "Who are you? I can tell you that I am friends with your Madame. She can't just shut me out of the door for no reason, right? Unless she wants to tell others about how we were together before?"

"Pah! How could our Madame have anything to do with someone like you? Let me tell you, don't think that we can't do anything to you just because you came here. Can’t you even look what this place is? How dare you come here and behave atrociously?"
