

Chapter 199 He Demanded An Exorbitant Price

Mrs. Baker continued to block Elena. She could not let this man in front of her touch Elena. Their Madam was still pregnant. If something happened, she really could not bear it.

"You. . . Elena, seeing your old friend being bullied like this, don't you want to say a word? Now you have really climbed up a high branch. Do you feel that you have already married into a wealthy family and become a phoenix? "

Jose did not care about how people would think about him now. If he did not get some money from this woman, his name would not be Jose.

The corner of Elena's mouth raised slightly. She looked at this rogue in front of her. According to his temperament, he wouldn't come here for no reason. It seemed like he had been influenced by someone else.

Elena directly pulled Mrs. Baker away. "Mrs. Baker, do not need to worry. I can handle it."

“But Madam, this man is not good. What if he does something bad?” Mrs. Baker angrily glared at the man in front of her as she retorted.

“Don’t worry, I can handle him.” Elena comforted her and looked coldly at Jose.

Seeing she finally agreed to listen, Jose perked up.

People from wealthy families were more particular.

If their past relationship was exposed, it would not be easy for them to get married.

So Elena would never want to expose her relationship with him, if she wanted to continue being the Young Madam of Monors.

When Jose thought about this, he smirked. The expression on his face became more shameless.

"Elena, no matter what, the two of us have been together for three years, right? Do you know how much of my youth has been wasted during these three years? If it wasn't for you, I'm afraid I would have been married and had children by now. Shouldn't you compensate some?"

As he spoke, he raised his hand and stroked his chin, as if he was calculating carefully.

He estimated that this woman would agree to whatever request he wanted to make.

Elena looked at Jose and shook her head. This man really did not make any progress. He was still the same as before. Shameless and lecherous.

How could a man who did not think about advancing and did not want to advance spend his entire life with her?

At first she didn’t know about his true face so she thought he might improve. But later on, she discovered that he was just a money sucking bug. That was why Elena broke up with him when she saw his face clearly.

"It has only been a few years since we last met. You are still the same as before.”

Elena was not polite at all. This man made her unhappy, and she also wanted to make this man unhappy.

It was a pity that Jose was originally a rascally rogue. He would not care about Elena's attitude towards him.

“Elena, you are also the same as before. I advise you to listen to me. If you don’t compensate me for my damage, don’t blame me for publishing our relationship in public. After that, I will see how the Monors will accept you as their daughter-in-law!”

Jose didn’t care if Elena would mind his words. Right now, the most important thing was to swindle some money from this woman.

He was expelled from the company and did not have any money to live on right now.

Perhaps money was nothing to the wealthy families, but to him, it could save his life.

Mrs. Baker saw how shameless Jose was. She picked up the broom and wanted to chase him out. "Do you really think our Monor family is easy to bully? If you want to publicize it, then go. I want to see if those people believe in you, a rascal, or our Madam. "

"I'm just here to ask for money. I just need you to pay me for the youth loss these few years. Elena, for the sake of the two of us dating, I will not give you a hard time. Six million. Give it to me and I will leave."

Jose demanded an exorbitant price.

"Impossible." Elena firmly refused.

"It's fine if you don't give it to me. Then I will go to your company and cause trouble. Your Monor family company is full of big shots. When the time comes, if I say something dirty from my mouth. . . Don't make a fuss about it with me.”

Jose wasn't afraid of offending anyone. In any case, he didn't have anything right now, so there was nothing to be afraid of.

Mrs. Baker saw how Jose was threatening Elena, so she instantly became furious. "You hideous man! I think you are courting death."

Mrs. Baker raised her broom and was about to hit that rascal.

Elena saw what happened and quickly rushed forward to stop her, "Mrs. Baker stop! You cannot hit him. If he is injured in our courtyard, he will definitely bite back.”
