

Chapter 200 He Came To Deal With I

Elena went forward and snatched the broom from Mrs. Baker’s hands. They definitely couldn’t injure this man in their house. Otherwise, who knew what he would say when he went out of the door.

Jose saw Elena's panicked look and immediately became alert. This woman was from a wealthy family, so she naturally had to care about her face the most. That’s why she definitely wouldn't dare to tell others about her past.

Jose became more confident and arrogant. He raised his chin and looked at Elena in disdain. "Give me six million for three years. It's not much for you. Obediently give me this money. I won’t tell anyone about our relationship. I won’t bother you again in the future. "

Elena would never believe that he would not come and cause trouble after she gave him the money. She knew this man every well. Jose was a blood-sucking bug. If she agreed to him for the first time, she would only be threatened by him again and again.

Elena suppressed her anger in her heart and looked at Jose. "You are now in Monor family. Aren't you afraid that Ryan will find trouble with you if you threaten me like this?"

Jose didn't care at all. Ryan was just a cripple. What could he do to him?

Jose sat on the chair fearlessly. "Since you have already said so, I also want to see how your husband will react when he knows about our relationship."

"You. . . " Elena was so angry that she couldn’t speak. She sat on the chair and breathed heavily.

Mrs. Baker knew that Elena wanted to wait until Ryan came back to deal with it, but it was not a way to continue wasting time like this.

Mrs. Baker saw that the sun was too high outside and threw down the broom. She went back to the room and took a hat for Elena to wear. She then brought a glass of orange juice of the later to drink.

"Madam, you are pregnant now and cannot sit under the sun. Drink some first.”

Jose was stunned when he heard that Elena was pregnant. He had been with her for so long but she did not let him touch her. She even didn’t let him to kiss her even once.

Now it seemed that she had already thought of marrying into a wealthy family. And she was only passing her time with him.

Thinking of this, Jose's eyes flashed with a scheming look. "Since you are pregnant, then it cannot be only six million."

"Jose, don't be shameless. Get out of here now!" Elena angrily stood up and pointed at Jose, scolding him.

Jose sneered, "If I don't get the money, don't expect me to walk out of this door."

Elena was so angry that her fists were tightly clenched and her whole body was trembling. Just as she was about to say something, she heard the sound of parking outside. Elena rushed out without thinking.

When she saw Ryan, she felt even more wronged and tears flowed out of her eyes, "Ryan."

Seeing her feeling so wronged, Ryan instantly frowned. "What is going on? Who bullied you?"

Elena didn’t say anything and pointed at the yard while crying.

Ryan understood what she meant. He asked Xavier to take out the wheelchair and disguise before the three of them walked in.

After Ryan came to the yard, he noticed a man sitting on the bench. He held Elena’s hand and asked. "Did he bully you?"

"Yes." Elena sobbed and choked on her words.

Ryan did not say anything and straightened his back. He just went to Jose's side with an expressionless face.

When Jose saw Ryan, he immediately stood up and wanted to shake hands with the latter. "You are Ryan, right? I have heard a lot about you. "

Ryan remained unmoved. "Who are you?"

Jose retracted his hand awkwardly. "I am Jose, Elena's former boyfriend."

Ryan's face suddenly became cold. "Ex-boyfriend? Why didn't I know my wife had an ex-boyfriend?"

Ryan did not care about the past. After all, Elena did not belong to him in the past. Jose could not use the past to threaten Elena.

When Jose heard this, he had a faint smile on his face. "Elena and I have known each other for a long time. After breaking up with me, she forgot everything we did in the past and married into the Monor family. I think she had already planned to climb the social ladder a long time ago. "

"You shameless man! If you dare to say another word, I will tear your mouth apart." Mrs. Baker heard Jose's words becoming more and more unpleasant, and she really wanted to slap him to death.
