

Chapter 213 Adeline Made A Scene

"You. . . Ryan, don't push me too far. I want to see how you will beg me in the future.” The thing Roman hated the most was Ryan’s arrogant behavior.

"Big brother, I have already said that I will not return to the Monor family company to work. If I really want to go back, why would I wait until now?"

Ryan didn't care about the Monor family's company at all, and he didn't want to see Roman's expression.

"Ryan, just you wait!" Roman looked down at Amara and held her up with a gloomy face.

Elena pushed Ryan from behind and slowly walked out of the door.

Recalling the scene just now, Elena could not help but smile, "Your appearance just now was really too handsome, but. . ." She paused for a moment and continued, "If the people of Lewis family knew that you hit Amara, they would not let it go."

Ryan didn't care about it, "If they want to find me, they can come and find me. It was their daughter who wanted to make a move first. You are pregnant now. If they dare to hurt you, it won't be as simple as giving them a light push."

On the way back, Roman felt that something was wrong with Amara's face. So he directly sent her to the hospital.

Amara had a miscarriage not long ago, and her body was still weak. She had been replenishing her body during this period of time, but he didn't expect Ryan to cause such a ruckus after he came back.

If Jonathan and Adeline knew about this, it would probably cause a lot of trouble again.

Adeline and Jonathan hurriedly ran to the hospital after hearing the news from Roman. Seeing Amara sleeping on the hospital bed made their heart ache even more.

Adeline went forward and grabbed Roman's clothes and said, "Roman, I gave my daughter to you. Is this how you take care of her?"

Jonathan pulled Adeline back and said helplessly, "Can you hear what Roman has to say clearly first?"

When they were on the phone, Roman did not tell them what was going on.

Roman also pulled on his clothes and heaved a sigh of relief. "Today Ryan and Elena came back. I did not expect that there would be a quarrel later on. Amara wanted to hit Elena but was pushed down by Ryan."

"What right does Ryan have to hit my daughter? I will go and get an explanation from him now."

When Adeline heard the two names “Ryan” and “Elena”, her body trembled. She was so angry that she felt she would be go crazy.

Jonathan hurriedly stopped Adeline, who was about to run out, "Can you stop for a while? Didn't you hear that Amara was going to hit Elena just now? Elena is pregnant now. Why would Ryan let his wife be bullied?"

Jonathan didn’t know what to do with his unreasonable wife. It was clearly their fault. Amara shouldn’t have made a move on Elena, especially when the latter was pregnant.

It was already their fortune that Ryan just pushed Amara down and didn’t do anything excessive. But Adeline didn’t want to understand this simple thing.

"I don't care what happened to that little slut. My daughter is still in the hospital. I have to find them to argue with her or I won't be able to swallow this anger.”

After saying that, Adeline seemed to have thought of something and turned around to look at Roman. "You let them bully my daughter? If anything happens to my daughter, I will not let you go.”

Adeline's eyes were filled with tears as she scolded Roman while crying.

Roman was speechless. It was Amara who wanted to hit Elena. Elena was just protecting herself.

However, Roman could only comfort Adeline first, "Mom, I'm sorry. I will get justice for Amara.”

"You? If you wanted to get justice for Amara, you should not have let Ryan and his wife bully her. I won't believe your nonsense now. I will protect my own daughter myself."

Adeline immediately ran out after saying that.
