

Chapter 282 I Don’t Know Him

Michelle looked confused. He still didn't understand what the CEO and Jasper wanted to do.

At this time, someone knocked on the CEO's office door. "Mr. Michelle, someone is looking for Mr. Reynolds outside. She came from the capital of China. She said that she is the eldest daughter of the Thomas family."

Because Ryan was absent most of the time, all the work was done by Michelle. So every single thing needed to report to Michelle first.

"Got it." After Ryan finished speaking, he looked at Michelle.

Seeing Ryan's eyes, Michelle finally understood and immediately went out to receive.

Michelle walked out of the company and saw Amber sitting in the lounge area on the first floor. Her professional suit added a trace of heroic spirit.

Michelle went forward and asked respectfully. "Hello, may I ask if you are Miss Thomas?"

"It's me." Amber replied with a decent smile.

She had thought that a first-class company like this would look down on people, but she did not expect the service attitude to be so good.

Michelle smiled and his tone was very professional. "I heard from them just now that you want to work with our company?"

"That's right. Today, I have brought some sincerity with me. I wonder if you can introduce me to Mr. Leonardo Reynolds." Amber went straight to the point and handed a document to Michelle.

Amber heard that Ryan had the opportunity to seize the Monor Group because of Leonardo Reynolds' cooperation. So she wanted to investigate the relationship between Ryan and Leonardo.

Michelle casually flipped through the pages and said with a smile. "As far as I know, the Thomas family in the capital of China is a military family. Why would they suddenly be interested in doing business?"

"One cannot be law-abiding. One must find another way out." Amber picked up the coffee and elegantly took a sip.

Michelle looked at the time and estimated that the CEO's disguise must be almost done by this time. He looked at Amber and said, "Miss Thomas, please follow me."

"Thank you." Amber followed Michelle and went into the main company.

Amber had seen a lot of things in the past few years. However, when she saw the decorations on the top floor of the company, she was astonished.

Looking at the gold walls and exotic designs of the ceilings, she realized what it meant to have someone better than her. There was always someone better than her.

Michelle came to the front door of the CEO's office and knocked on the door first. Then he made an inviting gesture. "Miss Thomas, this is our CEO's office. If you have anything to discuss with our CEO, you can directly say to him. I won't disturb you."

"Thank you." After Amber finished speaking, Michelle left.

Amber placed her hand on the door handle. Even the door handles were made of gold. For some reason, she was a little nervous.

Amber took a deep breath to calm herself down and finally pushed open the door of the CEO's office.

Inside the office was a man who held a golf stick in his hands. Amber looked at the man seriously. It was a big man with a well-built body. He was too tall about 190 cm tall. He wore an Italian suit looking very elegant.

He had his back to Amber, so she could not see his face.

Hearing the sound of door opening, Leonardo, who was practicing golf in the office, looked back. When he saw it was an unfamiliar person, he asked doubtfully, "Who are you?"

The voice of the man was too hoarse. Amber felt a little uncomfortable, when she heard the voice of the man. She looked up at the face of the man curiously.

However, he wore a mask. His mask covered his whole face, not even exposing a little bit of skin. Only his eyes were exposed. That pair of eyes looked too sharp and powerful.

Amber did not know what the face hidden under the mask looked like.

Amber smiled and said, "Hello Mr. Leonardo Reynolds. I am Amber Thomas from the Thomas family in the capital of China. I have a contract here today that I would like to discuss with you."

As she spoke, Amber handed the prepared documents to Leonardo.

Leonardo put the golf bat aside and wiped his hands with a tissue. He came to his table and sat on his office chair elegantly.

Leonardo leaned on the chair and looked at Amber. But he did not take Amber's documents. "Michelle is becoming more and more incompetent. He dares to bring anyone in."

His hoarse voice carried a deep sense of ridicule. It was obvious that he looked down on Amber.

Amber heard Leonardo's words and felt a little awkward. But on second thought, with Leonardo's ability and status, he obviously did not need to care about the small power of Thomas family.

"Cough cough." Amber coughed awkwardly, "Mr. Leonardo Reynolds is really humorous."

"If you have something to say, say it quickly. I don't have much time to waste." Leonardo looked at his watch as he spoke. He looked impatient.

"Mr. Reynolds, it was Ryan Monor who recommended me. I heard that you and he are old acquaintances."

Amber sat opposite of Leonardo and directly moved the topic to Ryan. She wanted to see what kind of reaction Leonardo would have after he listened Ryan’s name.

"Ryan Monor? I don't know him." Leonardo leaned back in his chair, still not accepting the documents Amber gave him.

Amber frowned when she heard Leonardo deny it. She had heard that Ryan was able to stand firmly in the Monor Group because of Leonardo Reynolds’s power. Then why did he say that he did not know Ryan today?
