Chapter 284 Will Not Let Go of the Matter

Amber sat back on her chair and pondered.

Although what Leonardo just said now seemed to be right, she did not believe that Ryan did not have his own power in Western Europe. Otherwise, what could he use to fight against Roman?

Looking at Leonardo's attitude just now, he did not seem to be a person who would help Ryan to buy the whole Monor Group in just one night. Then how did Ryan able to do it?

Amber sitting in a chair in a daze. He could not help but remind her.

"Miss Amber Thomas, why are you still here? Our CEO asked me to send you away." Michelle walked into the office and saw

"It's okay. Where does Miss Thomas live? I can send you there." Michelle spoke very respectfully. There was no other expression

Hearing Michelle's voice, Amber suddenly came back to her senses. She stood up and smiled awkwardly. "Sorry, I was distracted

on his face.

Amber originally wanted to refuse when she heard this. But after thinking about it, she thought that she might be able to obtain some valuable information from Michelle.

Amber smiled in embarrassment. "Then I will have to trouble Mr. Michelle."

"It's my work." Michelle said and gestured Amber to come out of the office.

On the way back, Michelle was concentrating on driving. Amber, who was sitting at the back, slowly said, "How long has Mr. Michelle been working at King Company?"

"Almost ten years." Michelle replied.

"Seeing how young Mr. Michelle is, I didn't expect him to have worked for such a long time. He must be very capable, which is why he stayed in the company for so long." Amber praised him generously.

However, Michelle was silent. Amber's praise did not seem to have any effect on him.

"Ahem." Seeing Michelle silent, Amber coughed awkwardly. "I wonder if Mr. Michelle has seen Mr. Reynolds's true face."

"Yes, I have."

The atmosphere in the car became awkward.

Amber showed a smile of success on her face. "Mr. Michelle, can you describe Mr. Reynolds's appearance for me?"

Michelle voice was very official. "Sorry, this is our CEO's private matter. I can't disclose it."

If Amber asked Michelle about himself, he would tell her everything he knew.

"I was being rude." Amber frowned. She did not expect Michelle to be so alert.

But if she asked about Leonardo, Michelle would not say a word.

The car fell into silence for a few moments.

Amber was silent for a while before probing again. "Mr. Michelle, I wonder why Mr. Reynolds wears a mask on his face? Does

he wear it every day?"

Hearing this, Michelle's expression turned cold. "Mr. Reynolds does not want to be disturbed by some unnecessary people who

like to put their nose in other people's matters. I hope this can satisfy Miss Thomas's curiosity."

Amber was rendered speechless by Michelle's answer. She could only smile awkwardly.

When she entered the company previously, Amber had realized that the employees of King were not just working. They could see

and hear from all directions. They would keep everything in their hearts. These people were not like ordinary people.

There was also Michelle, who was driving in the front. From the moment he saw her, he had a respectful expression and a decent

smile on his face. No one could find anything wrong with it, but they could not get any valuable information from him.

Michelle still had a decent smile on his face. "If Miss Thomas is sincere, you can ask our CEO yourself. After all, lunch time is our CEO's private time. I have no right to interfere."

Amber smiled and turned around to enter the hotel. However, the moment she turned around, the smile on Amber's face suddenly disappeared.

Ryan and Jasper were already waiting there.

Ryan looked at Jasper in confusion. "Do you have a grudge with Amber?"

After Michelle drove back to the company, he went straight to the CEO's office.

"Mr. Monor, Miss Thomas has returned to the hotel. Before she left, she asked me if she could have lunch with you tomorrow at noon." Michelle said respectfully.

can meet your CEO for lunch tomorrow."

"He's not free. Mr. Monor has a lot of things to do every day. How could he have the time to have lunch with her?" Without waiting for Ryan to speak, Jasper answered first.

Jasper had a calm personality. He would never say something so ignorant. Today was different from normal days.

Amber came from a noble background and was outstanding in both military and commercial aspects. However, Jasper could see the greed and desire on her face. Something would definitely happen if she was with such a person.

"We have seen all kinds of people outside these years. Most of them don't get along with our character. Do we all hate them?" Michelle said with a smile.

And Amber also tried to frame their Madam in their own place. It was the thing that Jasper disliked the most.

An awkward expression flashed across Jasper's face. "I don't have any enmity with her, but I just can't like her."

It was not easy for Ryan to set up King Company. If he did not meet people because he did not like, every time he saw them, he was afraid that he would not be able to become the current Ryan Monor.

"Sorry, I will go and get my punishment." Jasper knew that he had said something wrong, which made Ryan unhappy. He knew

"Yes." Jasper replied.

After Ryan finished giving the task, Jasper went out.

Michelle glanced at Jasper's back and turned to look at Ryan in confusion. "Mr. Monor, if you want to investigate about Miss

"No need. I have more important things that I need you to do." Ryan understood Jasper's feelings and did not blame him.

Jasper could do these things even if he stayed here.

"You can see the problem, but Jasper can't. In recent years, leaving him by my side has made him weaker. It's time to train well."

Jasper was Ryan's subordinate, so Ryan naturally had to take responsibility for him.

Thomas, why send Jasper out again?"

very well that he should get his punishment.

"Miss Thomas must have heard some news, that's why she rushed to Western Europe. This time, she will not let go of the matter if she did not get the answer she wanted." Michelle said from the side.

Amber was very smart and now on alert. They needed to do something as soon as possible in order to avoid Amber's further

Ryan stood up and walked to the floor-to-ceiling window. He looked down at the scenery of the city and said slowly. "Amber's growth is too fast. We have to be careful."

Ryan already knew that Amber was no longer the little girl he knew. After the incident, she seemed to have become a different

person. She handled things too ruthlessly and would not consider the consequences.

"Actually, there are some things that you had noticed back then. Why did you not stop Miss Thomas?"

Michelle understood that Ryan and Amber had a good relationship back then, but he did not understand why Ryan chose to stand by and do nothing about that matter.

The matter back then was not something they could control. There must be an even bigger conspiracy behind this.

"How is the situation on Skylar's side?" Ryan turned around and looked at Michelle. He had been busy in the country recently and

"I have already said that the water in the capital is too muddy. If I rashly intervened, Amber would have lost her life." Ryan's face

But Ryan did not want to get involved in those matters of the capital.

had forgotten about this matter.

An awkward expression appeared on Michelle's face, and he didn't know how to reply to Ryan.

Ryan was a little unhappy. What was going on today? Why were they all distracted?

"If you have something to say, say it quickly."

"Skylar handed out the news that she was pregnant and wanted to end the plan."

Skylar was one of their subordinates, who was sent to one of Ryan's enemy's side as a spy. However, Michelle did not expect that

it would cause love sparks between the two of them.

This time, Ryan was not angry when he heard this. Instead, he smiled. "This is a good thing."

During the time when he established the King RYN Company, Ryan faced many competitors which eventually became his enemies. One of them was Adams Redmond.

Ryan originally wanted Skylar to steal information from the inner circle of Adams's gang. This way, Adams could be busy and did not have to come to disturb his life.
