

## Chapter 299 Just The Beginning

Elena ran out of the Monor Group in a hurry. She did not care about the people who were pointing at her and continued to run.

Right now, she was not in a mood to listen or care about anything. She just wanted to run away from this place, from this situation and most importantly run away from Ryan.

Ryan chased after Elena and grabbed her arm from behind.

His force was not low. Elena was pulled towards him in an instant.

Elena turned around and tried to shake his hand off, but was failed. Her face was full of tears.

"Elena, listen to me. This is not what you saw." Ryan said hurriedly.

"Why is it not what I saw? Do you dare to say that you did not hug Amber just now?" Elena shouted loudly.

She never had thought that she would ever witness such a scene.

At home, she had even told the servants that she believed in Ryan and that Ryan would not do anything to let her down.

She did not think that her words just had disappeared and when she came, she would see him hugging another woman.

She had never been so disappointed before!

Ryan looked at Elena, his voice was somewhat anxious. "Elena, listen. It's not what you think. Amber came to the company to find me. She said that she wanted to come over to hand over the project because of her marriage issue."

Ryan did not expect Amber to suddenly come to the company today. He originally thought that Amber would be very busy because of the wedding.

"So, do you need to hug each other for the handover?" Elena wiped away her tears and sneered. Her head felt a little swollen and painful.

Ryan was choked up hearing this.

He did not know how to explain this, but he really did not have any other thoughts.

He was originally in a meeting when Xavier informed him about Amber's arrival. When he went back to his office, Amber had already signed the handover papers.

They were talking about business, when Amber suddenly started the topic of her father kidnapping her son to force her to marry and began to cry.

Although Ryan did not like Amber's recent behaviors, they were childhood friends who grew up together after all. Seeing her crying like this, he couldn't help but console her.

But who knew that Amber would suddenly pound on him and hug him tightly

Ryan frowned and was about to push her away when the door suddenly opened from outside.

And the one who should not have come the most came.

As the result, Elena saw him and Amber hugging each other.

Ryan wanted to explain the situation to Elena but Elena was too agitated right now. Even if he tried to explain, she would not listen to him.

So, it was better for him to calm her down first.

Elena's tears fell down like rain. It made Ryan's heartache.

Ryan went forward and grabbed her hand again, but was mercilessly flung away by Elena.

Elena took a step back. Her eyes were red, and the disappointment in her eyes could not be hidden.

"Ryan, I know you and Amber grew up together. Your relationship with her is indeed very deep, but don't forget that you are my husband now. How can you be with her?"

The two of them were arguing outside. The people on the street noticed them and looked over curiously.

Seeing more and more people surrounding them, Ryan frowned and pulled Elena again. "Can we not argue outside?"

"I do not want to argue with you at all." Elena once again shook Ryan off and took a step back. She did not want Ryan to touch her.

At this time, Amber ran out of the company. Seeing Elena and Ryan quarreling outside like this, the corner of her mouth rose slightly. "Elena, I did not think that you would not be able to hold on so soon. But this is just the beginning."

Amber quickly hid her smile and tidied up her expression. She came in front of Ryan and Elena. Her tone was somewhat urgent. "Miss Lewis, you misunderstood. Nothing happened between Ryan and me. Please trust us!"

It was fine if she had not said this, but now that she said this, it made people doubt it even more.

Not to mention Elena, even Ryan could not help but frown at her tone.

Hearing her words, Elena shot a cold glance at Amber and her tone devoured any emotion. "Of course, I know that nothing happened between you and Ryan. Miss Thomas, I ask you to be careful. Don't forget that Ryan is a man with a wife and children."

"Miss Lewis, I understand your current feelings, but I hope you don't misunderstand us. Ryan was just comforting me just now. My family arranged a marriage for me without my will. I could not change the fate of the marriage, so I took the initiative to hug Ryan in a moment of desperation."

Amber's voice was choked with sobs. It was as if she had suffered a great grievance.

"I have to admit, Miss Thomas's acting skills are really amazing. Those who do not know would think that you are the one being bullied and suffered a blow." Elena sneered and her tone was cold. She did not have the slightest intention of forgiving Amber.

Amber did not think that Elena would say such words and her eyes immediately turned red, "What does Miss Lewis mean by saying this? I grew up with Ryan. If I do not tell Ryan about my pain, who else can I tell?"

"Don't think that this is a matter of course just because you two grew up together. I don't want to argue with the two of you right now. I want to be alone for a while."

After Elena finished speaking, she did not wait for Amber and Ryan to speak anymore and ran out.
