

Chapter Eleven

Alex POV.

I wake up warm and sparks all over, and find it hard to move, I open my eyes and see my beautiful mate using my chest as a pillow and one of her legs tangled with mine. I smile to myself, being happy she needs me just as much as I need her. I let my fingers run over her arms and neck, when I softly run them over, where my mark one day will be, she moans softly in her sleep, making me chuckle. After a while, she starts moving and she wakes up. She sits up fast and then she blushes when she sees I am awake.

"Morning baby, did you sleep well?" she blushes even more and nods her head. I smile big at her and pull her down to me.

"Good, I did too. I love falling asleep when you are in my arms." She smiles at me.

"I think it's the best sleep I ever had." Her sweet voice says, smiling. I pull her to me, so she is laying close to me. 1

"Me too Baby, you always welcome to sleep here beautiful." She nods her head. I get closer to her face and let my lips linger just over hers. I look at her and smile, her eyes begging me to kiss her. 1

"What you want Lina?" she doesn't answer just looks at me with pleading eyes, I smirk at her. 1

"Tell me Baby or show me." Her eyes got big. "You don't have to be shy with me beautiful."

Suddenly her lips crash down on mine and kiss me hard, taking me by surprise. I kiss her back and deepen the kiss as I pull her to lay on

Chapter Eleven

me. She looks at me and blushes and I can't help but tease her a little.

"You didn't want to be on top? Well, I can fix that." I smirk at her roll us over, so she is under me. I lay still putting my weight on my arms looking down at her, to make sure she is okay. I lower my head to hers.

"You okay?" she nods her head and smiles a little and I smile back. "Remember beautiful, one word and I will stop. Okay?" she nods her head again. I kiss her again softly at first but then deepen it.

As we kiss each other I let my hand run over her neck so softly it teases her, and when she let out a moan swallowed by our kiss, I can't help but smile. I start to kiss her jaw softly going down on her neck. Find the spot where my mark will be and suck on it softly, making her moan again. Her soft hands are running down my arms, as I keep kissing her neck her hand gets more daring and touches my waist and back. I slowly push her top up so I can touch her stomach. Letting my tongue tease her neck. She moans again, and I can smell she is getting aroused. Pushing my hand up a little higher I stop kissing her looking into her eyes silently asking for permission, she looks back at me, biting her lip, and nods her head. I kiss her lips softly. 6

"You sure beautiful?" she nods her head again.

I kiss her deeply nipping her bottom lip, asking her entrance. Her lip's part and I let my tongue taste her sweet mouth and tongue. My hands go further up under her top until I find one of her perfect breasts. I cup it in my hand and softly let my thumb run softly over her nipple, only to feel it hard, and beg to be touched, so just do it again, making her moan inside my mouth. I kiss her jaw again and neck finding her soft spot again. Making her moan harder. 4

"God beautiful, you are so fucking delicious, I can't wait until you let me taste this sweet hard nipple," I whisper against her neck earning another moan, I know I need to stop soon. I know I can't push her too far. So, I kiss her lips hard, removing my hand from her breast, rolling us over to lay on the side, I give her a long soft kiss, before looking at her. She looks so dashed and blushes making me chuckle a little. 2

"Sorry, I don't want to push you too hard." She blushes hard and tries to hide her beautiful face, but I grab it and kiss her hard.

"Don't hide beautiful."

"I don't know why I can be like that with you."

"It's the matebond beautiful, it makes you feel safe, and want to be with me. You are made for me. And that your heart and body know. However, I know your head is not there yet. And that is all right. It will take time, and I will give you all the time you want and need." 1

"Thank you. Alex." 1

"You don't have to thank me Babygirl. Besides these make-out sessions are dang hot." She blushes and I chuckle. "And I can smell you like it too." Making her hide her head I grab it. 3

"Don't hide from me. Don't ever hide. I love that we can have this, even if I will end up with blue balls." Making her giggle, I smile.

The sound of someone knocking on the door reaches us and I stand up. Opening the door Emma and Emily are standing outside.

"Sorry Alpha, we were looking for Lina she isn't in her room. And we wanted to take her shopping."

Chapter Eleven

"Yes Of course. She is in here." I open the door letting the girls in.
They smile big at Lina

"Hey girl, did you want to come to the mall?" Emma asks, not one of them commented that she was laying in my bed under my duvet. These girls like Lina a lot and I know they will be good for her.

"Oh, yes. I just need a quick shower is that okay?" Lina asks the girls.

"Of course, Text us when you are ready and we can meet in the garage. We will take good care of her Alpha." Emily smiles.

"I am all good ladies, you go have fun." I go take my credit card and hand it to Emma knowing Lina will protest against it. "Make sure my girl gets some stuff too. And don't think if you price. I want her to get everything she needs and wants. And as a thank you, you girls can shop on my accent today too." 4

"Alpha we will make sure she gets it all. But we will pay for ourselves, we are just happy to spend time with Lina" Emma refuses my offer I smile.

"Well, up to you. But the offer stands" I smile. The girls turn to leave. " See you in a few Lina" Emma says before they leave. I turn to Lina find her looking at me.

"Go you need to get ready. And I mean it, don't think about the price, okay." Lina gets up comes to me and hugging me stands on her toes and kisses me fast. 1

"Thank you, Alex." And she leaves her room to get ready. I smile for myself. 2
