

Chapter Thirteen

Alex POV.

I just left my dad's office to go have a shower when Emma mindlink me.

"Alpha You there?"

"Yes, I am, what's up. Lina, okay?"

"Yes. But she had a run-in with Vicki. And she grabbed Lina's arms with her claws."

"How bad is it"

"Not sure Alpha, not too bad, but there is a little blood I can smell it."

"Are you far from home?"

"No, we will be there in less than ten minutes"

"Okay I will wait outside"

"Okay Alpha, see you in a few."

I walk outside fuming with anger. Fucking Vicki. I have had enough of that bitch. 6 minutes later Emma's car drives up the front of the house. I go open the door and help Lina out.

"Are you okay beautiful?" I take her hands and lift her sleeves. I can see blood and some small holes in her skin where Vicki's claw went through the skin.

Chapter Thirteen

"I am fine. Not even bleeding anymore. But it's becoming a pain in the ass, having to deal with Vicki."

She looks at me. Then reach in and take out 4 bags. I take them from her and carry them up to her room where I put them on her bed. 1

"I am sorry Lina. I will make sure she leaves you alone. Promise." She smiles at me comes over to the bed and starts going through the bags she finds a little box and hands it to me.

I open the box and look inside it to see a keyring with a round silver plat where on one side is a wolf. But it is the words on the other side, that make my heartbeat faster. It says, 'I accept you; I accept us.' 1

I grab her and pull her into me and kiss her soft lips long and softly.

"Thank you beautiful. Thank you." 1

Lina POV.

I had bought a gift for Alex when I was in the mall. He always seems to be afraid that I am not accepting him or our matebond. I needed him to understand that I do. I have never been surer about anything. 1

I looked at him and then kissed him. Honestly, he might say thank you. But in the end, it's me who should say thank you. He has done so much for me already. Never have he made me feel bad, not even when it gets a little heated. And I hope that I won't be this scared broken girl forever. 1

Alex put his big arms around me and hold me close. 1

"You smell like sweat." I tell him. Not that I mind. Somehow it makes him smell amazing.

"Was training before you came home."

"Yes, the girls mentioned there are training, will I have to join that?" 3

"Well, in fact, I think it would be good for you to give some self-defense classes, and I am sure I can get either Logan or Mike to do it. Not sure I like the idea of you going full training with a bunch of wolves." 2

"I can live with that, and I will be happy to do some self-defense class." I smile at him. He bends down and kisses me long and softly. 1

"Come shower with me." I look at him as questionable, and he burst out laughing.

"I am teasing you babygirl. But I am however going go to go shower." I push him for fun and he laughs again. Walking out of my room, to go shower on his own. 2

I shake my head and turn to start to pack out the bags, but I can't stop thinking about Alex. Would it be so bad, to shower with him? I have enjoyed it when he kisses and caresses my body. The way he makes me feel is amazing. I am not sure what makes me do it. But I grab some of the new clean clothes and walk into Alex's room. I can hear the shower running, I lag the clean clothes on his bed and no to enter his bathroom. 4

Alex turns around in the shower and looks at me with surprise in his

eyes.

"Lina?" He asks but I can't find my voice right now. I am distracted by his body. And boy did he have an amazing body.

He is all muscle. And my eyes travel his body. Seeing it, He got some big arms and a chest and stomach that look hard from his eight-pack, but I know it's soft to sleep on, my eyes travel, further down, and I see how nib his member down there is, right now standing hard and ready. I find his eyes and see he is keeping a close eye on me. 2

"I trust you" is all I say, and he walks out of the shower and reaches me.

"Are you sure? I nod my head and he looks deeply into my eyes.

He slowly starts pulling my shirt over my head. He looks at my bra and smile, then reach a hand onto my back and opens it. He kisses me deeply helping me drop the bra, his hands caress my waist and come up to my breasts. He gently kneads them before his hands go to my pants, he opens them and slowly pulls them down so that I can step out of them. He then goes down, slowly taking the waistband of my panties and pulling them down. I want to cover myself, but he takes my hands and looks up at me.

"Don't hide from me Lina, you are the most beautiful girl I have ever seen." I blush from his words, and he stands up, takes my hand, and leads me into the shower.

Alex POV.

I was shocked when Lina entered my bathroom, but now here she is

in my showers. And fuck she has a beautiful body, with curves in all the right places. In the shower, I help wash her back and her ass. Right now, we are just standing under the hot water. I am letting my hands softly run over her body. I bend down and kiss her deeply, holding her waist I gently press her up against the wall, kissing her deeper and a little harder. I travel my kiss over her chin and cheek down to her neck and marking the spot. I start to kiss her and suck on the soft skin, making her moan softly. I softly cup her beautiful breasts in my hands and knead them gently and it only makes her moan again. I find her mouth again and kiss her hard, while gently pulling and playing with her hard nipples. She moans harder against my mouth and her arousal is filling my nose. I kiss my way to her ear.

"You smell so delicious when you get aroused." I kiss her neck earning another moan.

"Will you let me pleasure you, Baby, let me make you cum for me?" I whisper against her skin and then go to look at her eyes that are full of desire and need. She nods her head

"I need words, Lina, I need to be sure." I look at her just when I gently squeeze her nipple. And she moans again.

"Babygirl?" I ask again.

"Yes, please, don't stop." It's all I need to hear.

I start kissing her neck sucking it softly, I put my hands on her ass and lift her. Now with her in my height, I am kissing my way down to her breasts leaving small kisses all around it. Then taking her hard nipple in my mouth sucking on it. She moans hard and grabs onto my shoulders, making me smile. I flick my tongue on her nipple,

earning a hard moan from my beautiful girl. I let go of her breast making her whimper. 1

"Don't worry I can't let the other one feel left out."

I take her other nipple in my mouth playing with it, my little mate is a moaning mess holding on to me as if her life depends on it, grinding herself against my stomach, and the bathroom is full of the smell of her arousal. After playing with my tongue on her nipple I let it go and let her slide down to the floor.

I look deeply into her eyes. Then slowly let my hand travel her body until I reach her sweet wet pussy. I rub it gently letting two fingers run between her lips down there, and my thumb finds her clit and starts flicking it. Lina is moaning louder trying to keep it in. I kiss her ear.

"Don't hold back baby, the bedrooms are soundproof." I kiss her neck letting my fingers find her entrance and then let them rest there giving her a chance to stop me. 3

She doesn't stop me, I gently push in one of my fingers, but sucking her neck, she moans loud and hard as I start plunging it in and out of her, again and again. She smells so delicious. I start kissing her down to her nipples and down to her stomach. When I am down on my knees, I look up at her and see she is looking at me. Barely holding on and close to her climax. I kiss her stomach run my tongue over her skin down to her thighs. She has the most beautiful, shaved pussy, and can't help but think I am lucky it's mine. I look up again and press a second finger inside her tight pussy, seeing her close her eyes leaning her head back against the wall. I remove my finger from

I pull away slightly looking at her, she looks like she could stand right there sleeping, I turn off the water reaches out to grab a towel, and wrap it around her, drying up her body. I place her on the toilet and dry myself before lifting her and walking into my bed sitting her down. I see she put some clothes on it, I help her get the panties on, but then go to get one of my t-shirts and pull it on her, before laying her down under my blanket. I remove her clothes from my bed, pull on some boxers, and go lay down next to her.

"What about you?" she whispers almost sleeping.

"Don't worry about me. Just sleep." I kiss her softly then pull her body into mine and fall asleep with my beautiful mate in my arms.
