

Broken Warrior 73

Chapter 73

I look at Mr. Nelson, "Anything?" I ask.

"Nothing new. They are giving her extra fluids as Dr. Harris said and they took more blood to check her venom levels."

I pull up another chair so I can be closer to her. I reach out a hand to touch her leg, just so there is a connection.

I don't know how much time passes before Liam stands. "I have to go. I need to try to find Eli before the trail goes cold. I just

wanted to check in on Cara before I went back out." Good, now I can get back to holding her hand again.

He reaches down, brushing her hair away from her face before placing a gentle kiss on her lips. I can't help the growl that

escapes my lips as Kai pushes me to my feet.

Liam straightens up and looks at me, growling back. "Stand down Rik. We had an agreement." 2

I move to the end of her bed, meeting him as he is coming around. "She is my mate. You agreed not to touch her. I don't want

your lips on her ever again." I snarl at him..

His eyes darken as Cyran pushes forward. I know Kai is forward as well. "She hasn't made her choice yet. She may decide to

reject you and take me as her chosen mate. That will be for her to decide."

I'm about to get in his face when both of us are jerked down. Mr. Nelson is between us, having grabbed us both by the front of

our shirts. "Outside NOW!" He orders, his aura heavy, before releasing us.

Liam and I continue to glare at each other as we walk outside. I hadn't noticed earlier but the waiting room is full of wolves from

both packs waiting to get news

on Cara.

As Liam and I turn to face off again, Mr. Nelson gets in between us. "Now you listen to me pups." He stresses the word showing

both of us exactly how little he respects us right now. "If the two of you want to measure the size of your dicks, do it somewhere

other than my daughter's hospital room. Neither one of you is showing me that you deserve her as a mate. A mate would put my

daughter first, ahead of everything and everyone else. A worthy mate would not be so busy showboating as an Alpha that he is

ignoring the fact that she's unconscious right next to him!" He's shouting now and the entire hospital has gone dead quiet.

Mr. Nelson's voice goes dark and deep. "So until you two can show me that you are worthy of my daughter, you will not be

allowed to visit her again."

"You can't do that!" I exclaim. "She's my mate!"

"Then you should have thought about that before you started a pissing match in my daughter's room."

My breath is heaving in my chest. I can't believe he's banning me from Cara. I can see Liam out of the corner of my eye. His

muscle in his jaw is twitching with how hard his jaw is clenched.

"And if either of you pups," He stresses the word again, to get his point across. "think that you can get past me to get to her?"

Donovan pushes forward and Mr. Nelson's eyes glow nearly solid gold, "I'd like to see you try." He snarls the last part at us. 2

He waits a minute before he turns and rolls back into Cara's hospital room. I feel my dad come up behind me and put one arm

around me and the other around Liam.

"And that, my young Alphas, is why Clint Nelson used to be known as the Big Daddy Badass."
