

# Alpha's curvy bullied human mate

## Chapter 116: The most anticipated night

Nathaniel

I felt Hunter still controlled me as I approached her. It is as if she were my prey, I was now a savage, an animal, a wolf who wanted to mate more than anything else in the world.

Penelope stayed in the middle of our room, the bed was covered with rose petals, there were roses everywhere and even food.

Too bad all these arrangements would be for nothing. Because for me, this room would just be the place where I would make love to her for hours.

Her eyes go all over my naked body, especially at how hard I already was, I was getting harder and harder just looking at her.

She bites her lip and looking at me with desire. Does she have any idea of the desire she is awakening in me? Just the thought that she wants me, that she looks at my body like that... it drives me crazy.

In a few seconds, I'm approaching her quickly and she gets startled, but I don't give her time when I already have her very close.

"I've been wanting to do this all night...I wanted to take that dress off you...have you the way I want," I tell her as I push her back against the wall and lean against her. Penelope's heart is racing at my words, and it only makes my desires increase.

"I only saw you, Nate..." she says with a sigh that drives me wild.

I ran my dirty hands all over her dress, all over her skin, and she gasped. My only goal was to take her and make her scream, as many times as it takes.

"My mate..." she whispered to me as I bit her neck and started to unravel the dress, it was beautiful and perfect for her. I ran my hands through the fabric and squeezed her between my hands.

She was on her tiptoes, receiving my kisses and I feel her tremble, her mouth is like a lost paradise.

When her hands venture down my body, I growl. This is our first night as Luna and Alpha... and it has to be the best.

"You smell like the forest..." she says, running her hands over my skin, my navel, and I roar.

"Your beautiful dress is torn," I tell her as the fabric gives way.

I didn't even realize how I tore it, he was just a desperate man. When her curves start to show, I feel myself getting desperate.

"You're beautiful. I feel like I can't control myself..." I say excitedly and she screams as I carry her in my arms and take her to the bathroom.

"Nate! What...?" she says as I turn on the water, finish taking off her dress and put her under the shower, seeing her underwear.

"Penelope... I feel like I'm burning up inside," I tell her, becoming more and more possessive.

My hands went down to her ass, squeezing it with my hands and pulling her closer to me. She gasped softly as I touched her over her underwear.

The warm water poured down on us and the dirt washed away as my hands recognized her curves with fervor, I would never tire of having her like this.

She ran her hands over my chest, my stomach, and I roar. I kissed, bit and sucked on her lips as she closed her eyes in pleasure, venturing mercilessly all over my body, our desperation growing.

"My mate...I feel like I'm losing my mind," I tried to speak as she continued to torture me with her hands and lips.

"I need you my Alpha...I want everything from you..." she says and I feel my wolf going crazy.

I rip off her underwear as I see her surprise, and my mouth goes to her breasts, kissing them with pleasure as she moans. Each breast was a glory, and they were getting bigger and heavier.

"Damn... I've been wanting to do this for days..." I whispered in her ear as my hands went between her legs, feeling her so warm and so fucking ready, that Hunter started howling in my head.

I leaned her back against the bathroom wall and knelt in front of her, draping one of her legs over my shoulder and going straight for her center.

"Nate!" she cried as I licked the warmth between her legs.

Penelope was shaking, and the sweetest moans were coming out of her mouth, and I held her legs open and went deeper. She leaned on my shoulder and stroked my hair as I savored her from beginning to end. She climaxed in the most amazing way and ended up in my arms.

I hadn't even finished drying her off when I carried her to the bed and had her naked and wet for me.

She came up to kiss my chest, caress my legs and ass while I grunted through my teeth and closed my eyes, praying that I could take everything she did to me. Her hands did what they wanted to me, and I'm trembling.

"Baby... I " I said desperately as she played between my legs, taking my member and I roared. I laid her down on the bed, pushed the petals and flowers aside, and lay on top of her.

"Fuck...you're beautiful...my Luna," I said, kissing her all over.

"Every time I have you like this... I am amazed...it is impossible to resist you. I should have known... you are beautiful, my curvy human... that day in the bathroom when I gave you my shirt, I suffered from someone seeing you like this," I said, massaging her breasts, and she shivered.

"I thought you had gone crazy..." she says, moaning.

"I have gone crazy since I saw you again. I stopped being Nathaniel... and I was just yours, your mate..." I said, going down her neck.

I watched with pleasure as I left little marks on her skin, on her breasts, as her body writhed beneath me, I wanted to devour her, to mark her again, a thousand times.

"In an ideal ceremony... this is when I would mark you... when you are in full ecstasy, but we got a little ahead of ourselves," I tell her as I spread her legs to see her center, swollen and reddened, I run my fingers through her folds.

It's as if it's not enough to have her like this, naked on the bed, wide open to me, I want more and more of her. I need more and more of her. She wiggles and shakes.

"Nate... I need you," she says, almost begging.

"I should have loved you right away," I say, thinking back to when I met her again in the restaurant. Those moments I wish I could change.

"We love each other now..." she says simply, squirming at my touch.

"I love you, my mate. I'm yours...always," I tell her, helping her to sit on me, lifting her hips as I join her, and we both cry.

"Nate...my love ...." she says as my hands take her ass and squeeze it, feeling how hard I am inside her and how her curves wiggle as she starts to move. I would give anything for this beautiful woman.

I felt my body throbbing from the sensation of being inside her. It was heaven, and I had to control myself to keep Hunter from going crazy.

"My mate...the way you take me," I told her between grunts, pressing my hands to her hips every time she moved, digging my fingers in, marking her skin possessively.

Her ass wiggled deliciously, her breasts swayed, and I put my face between them, feeling their softness and warmth.

"Fuck... fuck," I said.

I had to control myself because I felt like I was going to explode at any moment. She hugged me, holding me possessively, and I moaned in desperation.

"Nate, please..."

"Everything is more intense...damn it," I said breathlessly, resting my face on her shoulder, biting her, starting to move more, to get out of control.

Everything felt more powerful, more intense. The bond... it dominated everything, it controlled us.

She began to gasp and scream, and her breathing ragged as I made her jump on top of me, squeezing me so hard that she came violently.

"Goddess," she says, exhausted.

I placed her on the bed and lifted her hips up and penetrated her again and again as I roared. She pressed her legs into my hips and I lose control.

"You're so hard...more....deeper," she said, and it was music to my ears.

Our moans became more intense, and I wanted to make her come again. I leaned over her and bit her again on the spot. We came together, and I let out a roar that I think the whole pack heard.

"That was..." she said sleepily.

"Amazing... it's the bond, we're connected forever now. Luna and Alpha, forever, my mate," I tell her and she smiles happily.

"My mate...I always wanted a mate..." she says, and I hug her.

"Did the beast manage to seduce the beautiful girl?" I ask and she smiles.

"The Beast was very persistent...and charming. Also... he hid a very attractive man inside," he says, stroking my chest, and I laugh.

"Thank you for accepting me..." I say and she sighs.

"It was fate," she says.

"I didn't want to miss another chance. My Luna, strong and beautiful...and full of curves. I was crazy about your curves, my mate," I say as I cradle her in my arms, taking the opportunity to squeeze and caress her ass and legs. I feel hard again and she seems to notice.

"Rest, my love... for now... because the dawn is young... and this mating is not over yet," I tell her and I hear her gasp.
