

Alpha's curvy bullied human mate

Chapter 87: The almighty Alpha

Nathaniel

"What do you want from me, Erica? Stop lying to me. With everything that has happened these days... I know that your family has much more ambitious plans" I said angrily.

I wanted to break free and kill them all. But now they had me chained, no doubt they didn't trust me to be left alone with her. I need to know their plans.

What Marco had told me was still echoing in my head, the story of Phineas, the previous Alpha. How did we never find out about that? No doubt Crimson Fangs hid it very well.

Penelope was no ordinary woman, maybe we all felt it, knew it deep down, that her relationship with our world was out of the ordinary. She was special... my love, my mate.

The daughter of an Alpha, a human with alpha blood. Her mother was forced to flee, fighting for her life and the life of her little girl, facing horrors, helpless, alone and pursued by a terrible man.

A heartless Alpha, to treat his mate that way? Of course, I hadn't been the best Alpha, but I had understood in the end, I had hoped it wasn't too late.

I wondered what would have happened if Phineas hadn't wanted to leave Linda if he had welcomed his daughter with open arms. If she were his Luna, and Penelope his heir.

To an Alpha... a child was a treasure, a guarantee that the pack would continue, that would survive. Maybe, as Marco said, Phineas finally realized it, but it was too late.

But if Phineas was bad, the Crimson Fangs pack had probably fallen to a worse fate. Razzios wanted more and more, and they were brutal.

"Hush, hush Nate... I must say I like your alpha, macho, strong attitude... I love it! But...you need to calm down" she says, coming closer as I growl.

"You have to prove that you want to work with us. That you want to hold up your end of the bargain. Do you think I've forgotten how you ran after her? How you left me there naked...?" she says, and I snort in annoyance.

"You had me there ready for you...to do whatever you wanted with my body...do you think all men have a woman like me...open...ready for anything? Almost begging you to fuck me?" She says, cupping my face and pressing his fingers to my chin.

"I am a first-class she-wolf, Nate...I am not a woman to be rejected, much less after I have shown you...even the deepest part of my being...all my sweet places" she says running her hands all over her body.

"I know what wolves and especially alphas are like... and I know it's going to take work, but eventually you're going to fall. After all, the bond isn't that strong..."

"You mean because of the Alpha Phineas story?" I ask.

"I see my brother talked to you. Yes, Phineas was able to reject his human because she wasn't on his level, who would think of killing their mate?" she says, although I don't believe anything she says.

I think Phineas was just a bad Alpha who didn't deserve the title or his mate, the Moon goddess gave him what he deserved. But this is my chance to get more information.

"Does Marco think he can get the power of my bond with Penelope?" I ask and see her pout.

"You're still interested in the fat girl... not a good question, my Alpha," she says annoyed, and then her expression changes.

"Although... in retrospect, I think it will help you better understand what's coming next, so you can understand and finally accept your fate," she says.

"Marco has already been with several humans, none like your fat one... but he didn't get tired of trying... I have tried to be with male humans... although if you ask me, I prefer an Alpha," she says, running her hands over my chest, pressing against my skin and I roar.

"You see... my brother doesn't just want her to be his mate. That's not his only goal.. " She says, touching my neck.

"I mean... weak human and all... her power could bring something else. If Phineas hadn't let himself be consumed by his power... he could have more..." he says, biting his lip as he touches my legs.

"What do you mean?"

"If a human can make an Alpha that powerful... what if she has a child from an alpha?" she says pressing her hand on my crotch and I grit my teeth.

"I was right... very well-endowed alpha... oh my..." she says with an evil grin. Then she leans over to me.

"You would say... that your fat mate isn't strong. But what if her mother had had another child... a real Alpha?" she says, and my heart races.

She is talking about Marco trying to impregnate my mate...no.

"Your human has Alpha blood, so what if she had a child from a powerful Alpha?" she says.

"For an Alpha to be the most powerful... he not only needs a powerful mate. But to have an heir. And with that, the packs and the werewolf world would be at Crimson Fangs' feet. We will not need councils, the king, nothing," she says, and I tremble and start to shake my head.

"No... no" and I panic.

Penelope has my mark, but I can't say it, and yet I fear that Marco will find a way.

"You know, my brother... he would try... and try... and try... until fatty gives him an heir. And if that doesn't work... he'll keep trying. I must say, it's a great sacrifice... to fuck such an ugly woman, but for him, the pack comes first. Even though he says... he'll try to be gentle with her...he's usually pretty savage...poor fat girl..." she says with a smile and I jump, starting to wrestle my chains like a rabid dog. She seems pleased by my reaction.

"You're going to kill me, aren't you?" I ask desperate.

She gently pulls up her dress to reveal her little thong and calmly sits on my lap, rubbing her body against me.

I shiver, but not with a good feeling. I feel a pain in my chest that chokes me, and I fight to keep my sanity.

"Not if I can help it. I want you Nate, I know that chubby girl has you under her spell, but there are ways to break the bond. You and I could be together. I would stand up for you, I wouldn't let anything happen to you...my alpha" she says, touching my face.

"How do I know that what you say is true?" I ask.

"What do you need to prove my worth to you?"

"Let my mother free..." I say.

"Ohhh Nathaniel.... "

"Just let her go..."

Wolfsbane won't let me communicate with anyone in the pack. If my mom could run away... they would have nothing to manipulate me with. They don't have Penelope yet.

"And if I do, will you accept me, willingly? Will you commit to being with me... mate with me with passion, mark me?" she says, running her hands down my chest, rubbing her center with my crotch, shamelessly showing me her panties and moaning. I close my eyes.

"I just want to be yours, Nate, I can convince my brother... I begged him myself to let me be with you... to be your Luna..." she says. I have to stretch this lie as long as I can.

"I will...after I see you release my mother and... I see that she's okay...I will mate you... after the ceremony with the moon as witness" I say, and she smiles satisfied.

"I promise you'll enjoy it so much, baby..." she says, grabbing my face and kissing me.

Her tongue possesses my mouth, she bites my lips, sucking and kissing passionately, while the pain in my whole body is so unbearable that I think I'm going to die.

"You are delicious, Nathaniel... I don't understand how the moon goddess left you in the hands of that overweight loser girl" she whispers, running his tongue over my lips as she rubs against me.

"Just thinking about you naked... so hot, your big dick... fucking me...I swear, I have to stop myself from taking you now..." she says, standing up and caressing my chest. And I breathe with relief as she pulls away.

"After the ceremony..." I say and she sighs.

"I will wait... patiently"

That was one of the worst things I've ever had to face, I've never felt so disgusted in my entire life. There is only Penelope for me.

That night I couldn't sleep, and when my bedroom door suddenly opened, I was alert.

"Mom... " I say and she comes to me. She hugs me and I can see in the dim light that she is a little bruised and shaking.

"Are you okay?" I ask and she cries.

"My Nate...I'm so sorry...I got caught," she whispers.

"It's my fault, Mom, not yours. Robert is dead, and we are all in danger," I tell her about Penelope, Michael and everything that has happened. Even the story of Phineas and Linda.

"You must escape to the forest...talk to the warriors, Michael has infiltrated some warriors. Talk to Asher and other Alphas. Marco wants to take everything," I say.

"I will..." she says, and soon warriors show up and drag her out crying.

The next day I hear a lot of movement and as dusk falls, Erica appears in an elaborate white dress.

"I kept my promise, my Alpha... and what do you think? You will soon keep yours. Tonight will be our ceremony! And then... you will be mine" she says happily.

"Our ceremony?"
