

Bully Love 129

Chapter 129

As Long As I Have You

~~~EXPLICIT SCENE~~~

#### **JACE POV**

I don't know what's come over me, but as we leave the neighbor's apartment, and we climb the stairs, my cock starts to stir. I want to take her right here, but she reminds me of our perverted apartment manager, and it kills that thought. So, I wait until we get just inside of the apartment and then I attack her, giving her no chance to get out of it, not that she would. She loves it when I take her like this. I make her come multiple times before I have my own release, but I'm still not satiated.

The reprieve that I give her isn't long, before I'm dragging her to the bedroom. I don't need the playroom for what I want, and what I want is a good ole fucking.

"Jace, fuck me in the ass, please!" She bends over the edge of the bed and spreads her own cheeks.

I stop, the memory of Beth using the strap-on on me plays in my head, "I don't want you thinking that I have to do anal, Ella. I understand how uncomfortable it is, and I won't talk you into having it again."

She giggles, "I actually like it now, Jace. It gives me pleasure because I know how to relax while you are fucking it."

Oh God, she's killing me here. I thought I was being a good guy here, but if it's what she wants, then I can't deny her. I slap her ass, "You want me to fuck this ass? Beg for it,

"Oh, you know, living the dream as always."

I chuckle, "If you say so, buddy."

"Anyway, I was calling to let you know that we won't be able to make it for Ella's birthday. I'm bummed, but Beth can't get the time off, unfortunately."

"Well, that sucks man. Ella was really hoping you would be able to make it." I tell him. Of course, I don't mention my thoughts about why she may want him here because she hasn't really come out and said it to me yet, but I'm thinking she wanted to experiment a little more. I'm a little relieved, not because I don't want to have him visit again, but because that means that I can keep her to myself a little bit longer.

If I'm being honest, who wouldn't want to fuck Jude? Hell,

if I were a woman or batted for the same team, I'd want to fuck him, he's that good-looking but he's also a scary-looking motherfucker too! I definitely don't want on his bad side, but I guess that's what happens when you have a shitty childhood and then you go into the marine's and then when you can no longer do that, you either enjoy fucking women or you kill bad guys. In Jude's case, it's both.

Unfortunately, though, I know this isn't about me and I can't sit here and not try to get him to come just because I want to be selfish, "You know, you can always come on your own. Let Beth stay with your little toy."

"I don't know, dude. How would Ella feel about me coming without Beth?"

"She will be disappointed for sure, but I'm pretty sure that as long as one of you are able to make it, she will be very happy." I tell my friend because it's the truth.

"Okay, let me talk with Beth to see if she would be okay with it." He states, and then we talk a little more about what's been going on since they left. I think Jude really liked it here, either that or he just really misses us, but then again, who wouldn't?

Sitting inside my Jeep after ending the call with Jude, I think about everything that's happening this week. We have the show tomorrow night for Elias and then we start classes in the middle of the week. Ending the week off, we've got Ella's nineteenth birthday. I'm planning a small party with her friends and coworkers, but it isn't anything fancy. I've even called Ethan to see if they are going to make it, but as of right now, they can't come, which will bum Ella out, but she really isn't expecting them to come anyway. Maybe it will be good if
