### Chapter 148

Book 3 - Ch. 148: Pictures Tell All

JUDE POV

It is good getting my mind off shit while Jace and I get to planning the details to that Nessa bitch's downfall. Between my relationship with Beth and my fucked up mixed feelings for Ella, I need to have my mind on something else. Once we are done planning, Jace puts on the game, and we order takeout to be delivered. Ella sleeps for quite a while, but then again, I probably would too if I worked myself up trying to climax with only a pillow and blankets to hump.

The footage that Lil' D brings up on his phone is amusing to watch, but it is also hot as fuck. I literally have to excuse myself and go use the restroom to rub one off after watching her grind that fucking pussy against the lucky pillow. Of course, she will have to be punished for disobeying our instructions but for now, we let her sleep.

We are an hour into the game when we hear movement in the playroom. Jace is too into the game, so he nods at me to go check on Ella, which is fine by me; I think the game is a bit boring. My team isn't playing, so I'm not as invested in it as he is. I walk down the hall and can hear the cuffs clanking against the bars to the cage. A slight smile curves my face as I remember the picture of her dry humping the pillow; Precious is definitely something else.

"Hey sweet girl, are you ready to come out and have something to eat?"

"Yes please, Master Jude." Her voice is small and sounds far away from where I'm standing by the door.

Padding over to the bed, I squat and look inside the cage. The pillow she used has been moved, and she's looking at me with innocent blue eyes, "Did you sleep well?"

"I did, Master Jude, thank you."

"You must have worked yourself up, huh?" I grin as I uncuff her and then open up the door.

"I think all the edging is what wore me out, Master Jude."

"I see. Maybe we should see to your pleasure, since we tortured you so much earlier." I can't help but tease her. I'm not giving anything up, I'll let Jace have the honors of doing that.

"That's okay, Master Jude, I'm good." She has the audacity to smile up at me sweetly.

I thought he had some kind of special thing going on tonight. Riku belongs to some Japanese club that travels around teaching the Shibari technique and there is some awards ceremony for that taking place tonight. I grin and shake my head as I tap on the attachment. Once my eyes focus on the picture, my smile begins to drop. Is this some kind of joke? I quickly dial his number and he answers on the first ring, "Jude, I'm sorry."

“What the fuck is going on, Riku? Where are you?”

“Well, me and a few others got bored with the awards ceremony

and wandered over to the hotel bar, and that’s when I saw her. She hasn’t seen me yet, but she’s all over him and I’m not saying it like it’s a D/s thing. It looks like they are on a date or something.”

I’m seeing red at the moment, and so I take myself outside and look at the picture again. I didn’t notice the first time but now I see it. She’s at the fucking hotel that she works at, and she’s with her fucking boss! Not only that, but the picture also has her straddling his lap, making out with the asshole!

“Jude!” I hear Riku call my name through the speaker.

“I’m here,” I say, “Do me a favor, will you?”

“Of course.”

“Video call me and then hand your phone to a friend and have him take it to her.”

“Jude, are you sure?” My friend sounds concern, but he should feel better knowing that I’m all the way across the country and can’t get my hands on that piece of shit.

“One hundred fucking perfect positive.” I state.

“Okay, give me a minute.” He hangs up and a moment later I’m accepting a video call from him, “Here we go...”

I see him pass his phone to a friend and then next thing I know, I hear his friend talking to Beth, “Excuse me miss, you have a call.”

He then holds the screen up in front of them both and Beth’s smile drops immediately, “Hello, Beth...”
