Alpha Roger's P.O.V.

I follow Ayden out of Talon's office, but before we can close the door we can already hear Alena scream. I grin as Ayden quickly pops his head around the corner.

He closes the door and looks at me as he says "I know she screwed up royally, but that might be a bit much." And I can't restrain myself from opening the door again and peaking in.

I watch them give her the same treatment as my Delta had given his own Mate and a smirk appears on my face. I tell Ayden that this is not just punishment for today's screw up. He shrugs his shoulders and walks towards the stairs.

Ayden offers to take me to a Guest-room so I can clean up and I accept his offer. After what just happened I am in need of a shower.

He doesn't bother with his clothes and I can feel my cock grow as I watch him walk up the stairs. I slide my arm around his waist from behind, reaching for his cock and I say "Take me to your room."

The only response I get is from his cock as it hardens in my hand.

Ayden's P.O.V.

I was surprised I would like it this much and now feeling his hand on my cock I know that I want more.

I walk to my room as he requested and I want to step aside to let him enter, but he just steps forward, still holding on to my cock. My Wolf is going frantic in my brain, like me he wants more.

"Alpha....." But I get interrupted as he growls "Call me Roger." I can't remember what I wanted to say as he starts moving his hand up and down my shaft.

I feel my cock swell and I know that I am going to come, but Roger stops his movements. "No, boy. Not like that." For a second I am puzzled and as I turn my head he steps in front of me. "Where is the bathroom?" He asks.

I point in the direction of my bathroom and I think that this is it, but he doesn't let go of my cock. Because I am not moving, he actually pulls my cock and I groan at the feeling of it. He takes a step towards me and then he pulls it again, making me groan.

"You like that, boy?" And all I can do is nod my head. He keeps pulling until I can feel my cock swell again and all he does is shake his head. He tells me to follow him to the bathroom.

He turns on the shower and pulls me with him. I can see his hard-on and I want to taste it, so without a second thought I get on my knees. I grab his cock, guiding it to my mouth as I look up at Roger.

I suck it the way I want women to suck mine and I hear him mutter "Oh, yeah. That's it Ayden. Harder." I take him in deeper and I suck harder, he grabs the back of my head and forces his cock in even more.

"Ayden, I am going to come. Oh, Fuck. Yes, please. Yes, please. Make me come." I grab his balls and as I squeeze them, I can feel his cock swell and the next second I feel strands of his cum shooting in to the back of my throat.

I swallow it all and my cock is so hard, it has become painful. I lower my hand, but just as I am about to grab hold of it, Roger says "That belongs to me, boy."

Looking in to his eyes I get up and wonder what he is going to do. "Don't expect this to happen often, Ayden." He says as he turns around. He puts his hands against the wall and I know what he wants.

I step forward and let my hand slide down his back. As I move my hand down his ass, he wiggles and playfully I slap his ass. He groans and I become a little bolder as I slap his ass a little harder. "You like that, Alpha?" I whisper as he groans again.

My other hand slides up his thigh, with my fingers I cup his balls as my thumb presses against his backdoor. He pushes back and I slap his ass harder, he jerks and groans. I keep putting pressure on his backdoor as I start to slap his ass harder and harder and soon we are both panting.

"Ayden, please. I need to feel you in side me." And I know that this is a first for Roger, pleading to get fucked.

I put my cock at his back entrance and I keep pushing and pushing until my cock is allowed in. "Fuck, Alpha. This feels so fucking good. Do you want to scream?" I ask him and the second his head goes down, I start pounding in to his ass.

He screams every time I slam my cock in to the hilt and the more he screams and groans the harder my cock becomes, the harder I pound in to him. I slide my hand to the front of his body and grab hold of his cock.

It is rock-hard again and I jerk him off as I fuck his ass, soon I feel both our cocks swell and with a roar we both come at the same time.

We clean each other up and before we get out of the shower I have made Roger come two more times and he managed to make me come three more times. Thinking that this is the end of it, I am surprised as he pulls me on to the bed with him.

Alpha Roger's P.O.V.

I can't believe what just happened, I got fucked in my ass and I loved every second of it. My Wolf is telling me he wants more of Ayden and I know that I want to figure out how much I want of him too.

I pull him in to my arms and I can see that he is about to drift off to sleep, so I him ask "Ayden, will you come home with me?"

I tell him that I want to find out why I was willing to turn over control to him, I tell him that I am a sadistic ass and that I am usually the one in control.

That I will take most of the time, but that I want to explore this uncharted territory with him. He smiles at me as I look in to his eyes and he nods his head because he can tell that I meant every word I said.

We just lay there and soon I see his eyelids slowly closing, he tries to fight it, but it is a lost cause and soon he drifts off to sleep.
