

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 103

Never Speak to an idiot

for the Super top grade room, you have to top up the

at least 1.6 million dollars and

appointment in advance

For the top grade room, there is no need for an appointment, but the

“The high-grade room is relatively cheaper 160 thousand dollars will be fine ”

must be more than 440 thousand dollars

Hearing Carina’s words, Abbigail was a little anxious. Although Davon was a rich young man, he might not be willing to spend so much money on a party

But Davon had already said that this was his treat if he didn’t upgrade the room now, Abbigail’s schoolmates may look down on her

“Davon, I think this room is pretty good. There’s no need to upgrade it...

I’ll check if the Super top grade room requires a reservation”

Davon adored his reputation. Since he had already said that, he couldn’t embarrass himself as well as the girl he loved.

“Abbigail, your fiancé is so nice to you...”

Davon agreed to pay 1.6 million dollars without hesitation.

Abbigail did not expect Davon to dote on her so much...

At this time, a waiter passed by. Davon politely stopped him and asked about the room upgrade.

Looking at his gentlemanly demeanor, not only Abbigail but the other female schoolmates were also moved...

“There’s only one Super top-grade room. Our boss wants to keep it to entertain his friends tonight. I’m really sorry, sir. But you can consider a Super top-grade room or a high-grade room.”

“It looks like we have to choose a top grade room.” Davon secretly heaved a sigh of relief.

“OK, sir. But you have to top up the card at least *thousand dollars...”

“No problem.”

“Lead them to the room. I’ll go with you to recharge the card,” Davon said gently.

“Okay, sir. This way please.”

It was on the other side.

Anna drove a sports car worth 1.6 million dollars to the entrance of the club. She played with the car key and asked, “Where is Jackson? Didn’t he say that he would personally come out to park the car for me?”

“Oh, my most honored guests. I’ll do anything to please you two.”

The person who spoke was the boss of the club. When he knew Anna and Paige had arrived, he immediately came out to welcome them. Unexpectedly, he was handsome and young.

Paige curled the corners of her lips. It had been a while since she saw him last. This guy looked even more like a *. His whole body exuded an arrogant vibe.

“How is it? How is your family?”

Jackson raised his chin and asked, “You weren’t bullied, were you?”

The earring on his left ear was eye-catching.

“It’s pretty good,” Paige said lightly.

“If anything happens, I’ll settle it for you.”

“I haven’t seen you for a while, but you are still so annoying! Who is Paice? Does she need your help?”.

Anna threw the car key at him. “Take it easy If my car is grazed, the bill is on you”

kay my lady

Jackson smiled frivolously, “Relax, I’ll be careful Or I will compensate you with a new one

They could do nothing about Jackson

After Anna entered the door, she said to Paige beside her, “You go to the private room first. I will go and see this guy’s collections”

Previously, when he decorated the club, he said that in his private break room, there were many high-end collections. Any one of them

was the best

“Well, pick the most expensive one.”

Paige raised the corners of her lips.

“Deal.”

The corner of the mouth of the waiter on the side twitched. Were they really the boss’ friends? It seemed that Jackson would suffer great loss tonight. Those collections all cost a huge amount of money. If Anna picked one...

After Anna left, Paige followed the waiter to the Super top grade room when she suddenly heard someone call her name.

“Paige?”

After Davon recharged the card, he glanced at Paige’s back and called her name to check it out. It was really her,

“Why are you here?”

Davon took two or three steps forward and suddenly remembered that there was a recruitment advertisement at the entrance of the club. He was somewhat in disbelief. “You are here to find a job?”

Paige was speechless.

“You lack money?”

Davon saw that she was wearing name brand clothes today and frowned slightly. If she didn’t know how to save money, she would always lack it.

“You are too extravagant. After leaving the Tate family, you have to know how to save money.”

Paige felt a little weird.

Was there something wrong with Davon’s head?

“I accompanied Abbigail to a party, and I just got a card.”

Davon raised the card in his hand as if this card was a symbol of his financial situation.

He thought that Paige would be moved. So he invited her like a gentleman, “If you are free, do you want to join us?”

Paige didn’t want to talk to him at all. She turned to leave.

“Stop.”

Davon did not expect Paige would ignore him. His face became red, and he felt embarrassed. “Even if you are jealous that Abbigail is with me now, you have to be polite. Shouldn’t you say hello to an old friend?”

“I don’t want to talk to an idiot. Is there a problem?” Paige raised her eyes unhappily.

“You... It has only been a few days since we last met. You have become so rude. Watch your words. What kind of people do you make friends with? Don’t let them ruin you.”

Davon said with a distressed look.

“It’s none of your business. If you have time, care more about yourself, OK? If you are sick in the head, see a doctor Just leave me alone, Paige said angrily.

“You...” Davon tried so hard to calm down. Because he thought about how she came out to find a job in such a place and how she would accompany so many old men, she only wanted to live a better life, he immediately felt some sympathy for her

“Do you have any difficulties? Tell me, I can help you.”

“Are you crazy?” Paige rolled her eyes at him.

Then, she followed the waiter and walked away.

Davon saw her walking towards the end. That was the Super top-grade room. Could it be that she was not here to apply for a waiter, but to go to the Super top-grade room to serve a big shot?

Thinking of this, he suddenly realized it. No wonder she didn’t care about his *-thousand-dollar card. It turned out that she was aiming high.

It must be so

At this time, the door of the top-grade room was opened. Abbigail found Davon standing in the passageway and asked in confusion, “Davon, is there anything wrong? What are you looking at?”

Why did he look a little unhappy?

Following Davon’s gaze, Abbigail saw a figure that looked like a Paige. That figure then entered the Super top-grade room.

“Paige? Is she here too?” Abbigail asked in disbelief.

“A person who has no self-respect.”

Davon sounded very unhappy. Abbigail understood that the person must be Paige.

Otherwise, Davon would not be angry.

In order to prove his conjecture, Davon called the waiter who passed by, ‘Excuse me, is there any special service in your club?’

*Special service?”

The waiter thought for a moment and said, “There are quite a lot. May I know which one you want?”

For example, there are activities for entertainment, relaxation, and exercise. These activities are divided into many types...

Each one was quite fun.

Davon clenched his fists. Sure enough, Paige went to the Super top-grade room to serve the big shots.

Thinking of this, he became even angrier. He gritted his teeth and said to the waiter, “Never mind. You can go now.”
