## Chapter 105

Beating

Talso don't understand! Which girl is not better than her?"

"Abbigail was raised by a cleaner since she was young, and she exuded a poor temperamenti

"Even when Abbigail is wearing brocade clothes and expensive jewelry, they can't hide her petty temperament."

"It's funny to see Abbigail wear so many jewels. They obviously don't fit her but she still pushed her luck. Isn't it just to show off in front of us?"

"This is too superficial!"

Davon was about to go out and warn them not to talk nonsense when he heard one of the girls say. "That's because Abbigail has good life. She has a rich father. She's not like us. We are good girls, but no one cares about ust

"I think Davon is quite graceful towards Aldo. Davon probably doesn't know that Abbigail and Aldo had dated before, right??"

"Not only did they date each other, they even kissed!"

"I don't think Aldo is easy to deal with. There will be drama later"

Davon's footsteps seemed to be stuck by something. He could not move at all. Even when they were far away. Davon still stood there

motionless

Did Abbigail date that little punk before and even kiss him?

Didn't Abbigail say that I was her first love?

I still remember that when I kissed her not long ago, she was a little clumsy Abbigail said that it was her first time....

Can it be that Abbigail was lying to me?

Meanwhile, something else was going on in another room on the other side.

Jackson pressed his palms together and begged, "Ladies, please let me go. This is already over 16 million dollars... If this continues,

I will have to go to the hospital."

"Look how scared you are. I'm just opening two bottles of wine."

As Anna spoke, she opened the wine and opened another bottle.

"This is a limited edition whiskey. That's 10 million dollars... Paige, can you say something?"

"What? Our friendship isn't worth 10 million?"

Anna raised her eyebrows and asked.

"Yes, it is."

Paige nodded in agreement.

"Yes... It is worth it..." Jackson wanted to cry. He said, "This is not about money. I'm just afraid that you won't be able to get up tomorrow"

"If there is wine here today, we will enjoy it. Don't you think so, Paige?"

Anna tasted a glass of wine and said, "Not bad. This is good wine! As expected of the limited edition. Unfortunately, this wine is too strong. Paige can't drink it."

"Okay, let's go." Paige smiled.

If they didn't leave, Jackson would have had a heart attack.

Anna stood up and said, 'I'm going to the bathroom Jackson, you drive my car out first

"Yes, my lady

The smell of alcohol in the room was a bit heavy. Paige walked out of the room and saw Jackson handing over a card.

Paige was a little confused.

"The debt on credit."

Paige remembered that Jackson had asked her for a lot of medicine several times before because his family was si"k

"There's no need for that. I'll give it to you. Just treat it as money for the wine."

In any case, Paige could easily make the medicine, but Jackson's wine was a limited edition.

|

"How can that be? I'm a man, how can I take advantage of you? Besides, although you opened my bottles of wine tonight and I feel quite distressed, I am willing to give them to you!

"Take it." Jackson stuffed the card into Paige's hand.

Jackson also rubbed her hair.

This scene was seen by Davon who was not far away. Davon could no longer hold back his anger.

"Paige!"

Paige and Jackson raised their eyes at the same time and saw Davon angrily walking towards them. Davon was gnashing his teeth as if he was the boyfriend.

Davon said, "This is the sugar daddy you serve?"

Davon glanced at Jackson and had to admit that Jackson looked handsome, cool, and rich. It was no wonder that Paige liked him.

But the more it was like this, the more Davon hated it. Davon said. 'Aren't you ashamed of yourself?"

"What did you say?"

Jackson suddenly grabbed Davon's collar. "Say it to me! What did you just say about her?"

"Before you, who knows how many people she has been with!"

"\*you!" Jackson punched Davon

Just as a waiter was about to take a few bottles of good wine to the guest, Davon knocked all the wine to the ground and shattered it.

The loud noise startled many people.

"Abbigail, your fiancé was beaten up! Come and see!" Someone opened the door of the room.

"What?"

Abbigail hurried out to take a look. A foppish young man who looked frivolous was picking Davon up from the ground and beating him up. He even warned Davon one word at a time.

"Paige is under my protection. If I hear you speak ill of her again, I will make you disappear!"

Davon was punched again and thrown into the broken glass by Jackson.

Many of Abbigail's classmates saw this and were dumbfounded. What was happening? Isn't Davon the son of the richest man in Skokie? Why is he beaten?

"Davon, are you okay?"

Abbigail quickly stepped forward to help Davon up.

Seeing that Davon's arm was covered with glass shards, Abbigail could not help but raise her angry gaze.

"Sir, did Davon provoke you? You can't hit people whenever you want. There are legal consequences"

"I am the law here!

"What? Sue me!" Jackson looked at them from high above.

Because this club was newly opened, no one knew that Jackson was the club boss, but after hearing what Jackson said, they vaguely felt that the people behind him were very influential, especially when there was the ostentatious and unbridled aura around Jackson, as well as the expensive clothes...

"What's wrong? What's wrong?"

Anna came out of the room after going to the bathroom. Seeing this scene, Anna was somewhat surprised.

Abbigail looked at the girl behind Jackson and gritted her teeth. "Paige, aren't you going to say something? Davon is doing this for your own good. He was afraid that you would go astray. Davon kindly pulled you back on the right track. But what about you? Forget about your stubbornness. Don't you feel guilty when you see Davon getting hurt for you?"

"Let's go," Paige didn't bother to argue with them and said to the people beside her.

"Wait!"

It was impossible for Abbigail to lose face in front of all her classmates. Abbigail helped Davon up and said loudly, "Do you dare to tell others how many old men you have served?"

The classmates behind Abbigail were surprised. What is going on? This beautiful girl is being kept by an old man? And it sounded like she is being kept by many old men.

What a pity!

"Have you seen me being kept by someone?"

Paige raised her delicate eyebrows. Her indifferent aura was like that of a high and mighty queen.

"What? Do you not dare to admit it? How many luxury cars did you get in? And you even accompanied those men to hotels. Tell me, did it happen or not?"

Paige was stunned.

Going to hotels with old men?

Paige remembered that the last time she went to the hotel with Killian was to get Cassie's birthday present...

Thinking of this, Paige remembered that Cassie's birthday was coming soon. Paige should prepare something.
