Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 106

Chapter 106

A Lot of Money

"What? No more words, right?

Abbigail thought she had exposed Paige's secret, so Paige had nothing else to say. Abbigail sneered, "It's rare to find a rich man who doesn't mind you di*ty

"You *** Anna rolled up her sleeves, "I can't take it anymore! No one can stop me today"

Anna stepped forward and grabbed Abbigail's hair. Davon wanted to protect Abbigail, but he was kicked away by Anna and fell into the glass splinters again.

"You don't discipline your girlfriend well, then I'll be kind enough to help!"

Anna' grabbed Abbigail's hair with one hand and slapped her hard on the face with the other.

"Who are you calling di*ty? Say it again, I'm listening!"

"Who are you?"

Davon, who had fallen into the glass splinters, could not stand up and said angrily. "Don't go too far! I will call the police!"

"Okay, call them! If you dare, I will kneel and apologize!"

Anna continued to slap Abbigail. "You said I went too far? I really went too far! I went so far that I actually let you b*lly Paige! Who do

you think you are? How dare you swagger around Paige? Today, I will teach you a lesson! Stay away from Paige in the future!"

Abbigail was inexplicably beaten up by Anna and thrown into the glass splinters.

The other students were stunned, and no one dared to go forward to help.

They did not expect Anna to be so scary.

"Listen! All of you! Whoever dares to b*lly Paige is going against our Elliott family! I'll beat you up every time I see you!"

Anna's gaze fell on everyone with a cold aura. "Not convinced? Come to the Elliott Group to find me!"

The surrounding students were shocked. Anna dared to reveal her identity, so it was clear that she was not afraid of anyone!

Some people who knew about the Elliott Group shrunk their necks.

That was a top consortium!

It was said that there was a princess in the Elliott family, and the whole family cherished and cared about the girl.

Was she the one in front of them?

"My name is Anna Elliott, and you'd better keep in mind!"

Anna said fiercely, turned back, and said to Paige with a smile, "For your sake, I have already withdrawn my strength."

Paige could tell that Anna had withdrawn a lot of her strength. If it was in the past, Anna would have directly**or even k*ll

them.

Anyway, the power of the Elliott family was monstrous, and there was nothing to be afraid of.

Today was the first day of the new club opening, and Anna did not want this place to be stained with blood, especially those groups

of ** blood.

"Let's go."

After Paige finished speaking, the three of them walked past them.

*Abbigail, Davon, are you alright?"

Carina and the other students timidly stepped forward to support them.

"I'm sorry. The Elliott family is too powerful. We don't dare to provoke then waiter next to her. "Why don't you stop this? It's

"Miss, we are just working here. How dare we

The water and

Who would dare to provoki

"That is

card this, she tuned her temper

Abbigail knew that even if the richest man in Dolton and in Skokie joined forces, they would not dare to offend the Elliott family easily. Even if they were to fight to the death, they would be the ones at a disadvantage!

It was said that the Elliott family was famous for spoiling their daughter

Abbigail could only grit her teeth and stand up. "It's okay"

1 can see that Paige doesn't love herself. You and Davon are also doing this for her own good. You're just caring about her future " Canna pretended to smooth things over.

"Let's call it a day "

Abbigail had already been beaten up. She helped Davon to the front desk

Davon also felt extremely humiliated. He just wanted to quickly pay the bill and leave.

"Room 2201, please."

"Yes sir."

The cashier made the order and said, "You spent a total of 1.07 million dollars tonight. You have 800 thousand dollars on your card, and you need to pay another 270 thousand dollars."

"What did you say?"

Abbigail's face was swollen like a pi*'s head. She took the bill and looked at it. How could they order more than seventy bottles of

expensive wine?

"Aldo and his subordinates played with the wine like fireworks..." Carina whispered in Abbigail's ear

"When?"

"Just now, when you and Davon weren't around..."

Aldo sprayed the wine they couldn't have everywhere.

He didn't listen to anyone and insisted.

At that moment, a staff member whispered something to the cashier. After the cashier learned of the situation, he calculated again.

"Sorry, sir, your friend dirtied the sofa in our private room and left stains on the wall. Just now, you accidentally broke a few bottles of wine in the passage on the second floor. Other than the 270 thousand dollars just now, you still need to pay another *thousand dollars, a total of 750 thousand dollars."

"What?"

This time, it was not only Abbigail who was completely stunned.

Even Davon's face was a little ashen. It was still fine if he had used up 800 thousand dollars in the card, but now he spent 750

thousand dollars more?

What a luxury gathering!

"Where's Aldo?"

Abbigail asked the person beside her angrily.

"He left just now..."

Unfortunately, Aldo did not see the wonderful scene of Abbigail and Davon being beaten up and left first.

Abbigail was so angry that she gritted her teeth and subconsciously wanted to hold Davon's arm. "Davon..."

Unexpectedly, Davon withdrew his hand, took out his wallet and paid the bill, then left angrily!

"Davon, wait for me. Davon..."

The surrounding students could see that Davon was really angry. It seemed that Davon did not treat money like dirt.

When Davon went to drive, he found that his Porsche Cayenne had been scratched by someone!

Needless to say, it must have been done by that **!

"That, Anna is too much! How could she dare to scratch such an expensive car?" Abbigail was also angry when she saw this.

Anna even drew two turtles on it!

This was the first time Davon did not open the car door for Abbigail. Instead, he got into the car angrily. Abbigail could only open the

car door herself.

"Davon, I'm sorry. I didn't know that Aldo was so excessive..."

"What's your relationship with him?"

Davon suddenly asked.

Abbigail said hurriedly, "Of... course, we're classmates. We don't have much contact with each other, so I don't know his character well. If I knew he was such a person, I would definitely ask Carina and the others not to invite him today...".

Well.

Davon sneered in his heart. If they were really not familiar, why would Aldo target him everywhere? He even deliberately ordered so many things to waste his money!

"Davon, you have to believe me. I really don't know why Aldo is like this..." Abbigail did not know that Davon had heard some rumors in the bathroom. She said pitifully, "I heard from my classmates that he had set up a small gang and was playing outside..."

"Go home and apply for some ointment yourself."

Davon suddenly said.

Abbigail thought that Davon believed her and was concerned about her. "You too! When you go back, go disinfect first and apply the ointment then. Don't let the wound get infected, okay?"
