

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 107

Chapter 107

They Don't Dare

"Fine."

Davon replied perfunctorily. He sent her to the door and did not even get out of the car, gesturing for Abbigail to go now "Davon, I'm sorry. You spent so much money tonight, and it's all my fault. I'll return the extra money to you later..." Abbigail looked at his cold side profile and subconsciously held his hand

She didn't have that much money at all, but she said that deliberately.

"No need "

Davon glanced at her. Her face was swollen from being beaten by Anna. The jewelry on her ears and neck were all crooked. Her hair was messy, and there were many stains on her clothes.

He suddenly remembered the words of those classmates. They said that she wore so many pieces of jewelry. They clearly did not match, and she still wore them together.

They even said that though she was with those expensive pieces of stuff, her entire body was still emitting a sense of poverty that could not be brought to the table.

From the looks now, those words made some sense.

"Davon..." Abbigail noticed that his eyes were a little cold, and there was even a trace of disdain in them. Was it because her current appearance made him lose his appetite?

With this thought in mind, Abbigail quickly tidied up her hair and accessories.

However, the more she tidied up, the more confused she became.

"I'm injured, so I won't send you out of the car."

Davon's meaning was obvious: Abbigail could leave now.

"Then go home and have a good rest." Abbigail knew that it was meaningless for her to stay. After she got out of the car, she waved gently. "Davon, take care. When you get home, give me..."

Before she could finish her sentence, Davon had already driven away

Tyrell was drinking wine in the living room. When he saw Abbigail walk in, he could not help but ask, "Abbigail, why are you like this? Aren't you going to the class reunion?"

"She must be having fun. I bet everyone's clothes are like this?"

Lindsey did not think much of it at first. After taking a sip of wine, she suddenly realized something. "Eh? Why didn't Davon send you in? Is he still outside? Invite him to our home. Your dad just opened a bottle of wine. It was from Leah..."

When Abbigail approached, Tyrell realized that not only were her clothes dirty, but her body was also injured, and her face was swollen!

"Abbigail, what's going on? The wound on your face..."

Lindsey also noticed and asked in surprise, "And your hand..."

"Ms. Abbigail, I'll go get you the medicine box."

"Ms. Abbigail, please wait a moment. I'll take an ice bag to you..."

The two nannies realized that something was wrong and hurriedly went to get the things.

Abbigail sat on the sofa and couldn't help crying, 'Dad, M*m, we met Paige tonight! Paige went to the top private room to serve a rich man. Davon was just being nice and wanted to persuade her. I didn't expect..."

Before she could finish her sentence, tears began to fall. "I didn't expect that rich man to directly hit Davon. He even said that Paige

was protected by him, and he would send whoever dared to say anything bad about Paige to hell!

"Who has such an arrogant tone?"

Lindsey was so angry that she stood up "Who is he? He even dared to hit Davon? Did you tell him that Davon is the son of the richest

man in Skokie?"

"What about you? How did you get the injuries on your body?"

Tyrell asked.

"Paige also has a female friend..."

Abbigail took the ice bag from the nanny and applied it to her face. She was in so much pain that tears started to shed from her eyes

"I was just trying to persuade Paige to return to her senses and stop making mistakes. I didn't expect her female friend to beat me

up."

"Preposterous! She even dared to hit the daughter of the richest man in Dolton? How dare she?"

Lindsey was furious. "What is her name? I will immediately find someone to deal with her!"

"M*m, that person's background is very noble. We can't afford to offend her..."

"What do you mean?"

Lindsey refused to believe this. "You have been beaten like this! Even if we go bankrupt and have a life-and-death struggle. I will still let that person kneel down and apologize to you!

"How dare she bully my baby daughter? Not only do I want her to kneel down and apologize, but I also want her whole family to come and bow to my daughter and say sorry!"

"And the medical expenses!"

"Yes, yes! And the psychological compensation! A series of expenses!"

"Dad, M*m..." Abbigail bit her lips, looking pitiful.

Lindsey could not wait any longer and hurriedly urged, "Hurry up and tell me what her name is. My baby daughter, don't hide it anymore. You've suffered so much. We will definitely take revenge."

"Yes, that's right!"

Abbigail was originally worried that they would not dare to come out and settle this matter. However, seeing that the effect had been achieved, she said gently, "Her name is Anna Elliott. She is the little princess of the Elliott family..."

Tyrell and Lindsey heard this. Anna? The princess daughter of the Elliott family?

"She said that whoever wants to make things difficult for Paige is against the Elliott family. If they are still unconvinced, they can go to the Elliott Group to find her..."

Tyrell and Lindsey were speechless, as if they had been hit hard by someone, and their expressions collapsed.

Who didn't know that the president of the Elliott Group loved this daughter the most? Came to the Elliott Group? They would probably

be beaten up and thrown out...

The power of the Elliott family was not to be underestimated in Chicago.

Even if they did everything they could, at most, the damage to the Elliott family would be nothing more than a thread of hair.

This deal was not worth it!

"Abbigail... I know that you have suffered. All of this was caused by that *girl, Paige! Just wait, I will fix her!"

Lindsey knew that with their current status, she had no way to deal with the Elliott family. She could only vent her anger on Paige.

Who told Paige to be unarmed, come from a poor family, and do such a shameful thing?

"It was indeed Paige's fault. She went astray. Abbigail kindly pulled her back. It was fine if she didn't listen, but she also encouraged her friend to beat Abbigail up!"

Tyrell pointed at his mobile phone and said, 'Call her and scold her! Let her apologize to Abbigail. Don't wait. Call her now!"

Seeing that they were only picking on Paige and did not dare to go all out to fight against the Elliott family, Abbigail was a little disappointed, but at the same time, there was nothing she could do.

After all, the Tate family did not even have the power to fight against the Elliott family.

When Paige arrived at her home, her mobile phone vibrated. She checked and found it was a call from Lindsey. She did not need to think to know what it was for.

Paige hung up directly and blacklisted Lindsey. Without a word, she strode into the main hall with her long legs.

Cassie had been kind to her and only had a son, Tyrell. Unless it was absolutely necessary, Paige would not be that ruthless.

Thinking of Cassie, Paige got softened.

She went to the bedroom and called Colin to ask about Cassie's recent situation.

"Paige, look at you. How many days has it been since you last came? As for Cassie, she has been waking up more and more recently, and the time has been getting longer and longer. According to your instructions, we have not informed the Tate family yet. Cassie

also said that she does not want to see them..."
