Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 110

Chapter 110

Cassie Awakes

Not long after Paige arrived at the company, someone knocked on the door of the office.

"Come in

"Ms. Tate"

Mariela came in with a bag in her hand. She smiled and said, "My mother made the sandwiches early in the morning. She asked me

to bring them to you..."

Sandwiches??

"You've done us a big favor. We feel rather grateful..." Mariela passed the bag to her and smiled. "I know you don't eat *food and love meat. I especially asked my mother to add some meat to the sandwiches for you."

"Please extend my thanks to your m*m."

Although Paige had eaten breakfast, she still opened the bag and found that there was a preservation box and a thermos cup inside

Paige was a little puzzled. What was in this cup?

"It's coffeel"

Mariela said with a smile, "My mother made this early in the morning. Honestly, it tastes really good!"

Paige took out a sandwich and took a bite. "It's very delicious."

Mariela opened the cup for Paige. Take your time. I won't disturb your work."

Not long after she left, Deon smelt the fragrance and came inside.

'Ms. Tate..."

He touched his stomach. The smell of breakfast was too tempting. He overslept in the morning and had not eaten breakfast yet.

Now, he was starving.

"You wanna eat it?"

Paige raised her eyebrows and asked.

"Yes!"

Deon looked at her expectantly, hoping that she could share a little with him.

"Come and get it."

Paige was generous.

Deon happily took two sandwiches. Admittedly, it tasted really nice!

At this moment, Paige's mobile phone buzzed. She looked at it and found that it was from the Piano Association.

"Ms. Paige, then I'll get out your hair..." Deon knew that she had something to do, so he went out of the room.

"What's the matter?" Paige picked up the phone.

"Ms. Paige, there will be a piano award ceremony at the Melody Theatre in two days. I wonder if you can present awards at the event."

A coquettish and discreet voice on the other side of the line came. "We mainly want you to encourage the juniors. We haven't had big shots attend our competition for three years."

Larry couldn't award the winners of such a small competition...

Larry couldn't even bother to attend the international contests!

also unlikely for a big shot like Paige to come to this event.

However, the staff member of the Piano Association was still hopeful Ms Tate, please don't reject us. Why don't you think about it? If the juniors know you're coming, they will definitely make progress! Just take it as support for them? Your presence must mean a lot

to them!"

National Piano Competition??

Paige recalled that the first prize winner was Patricia, and Abbigall won the second prize...

It was not appropriate for Paige to show herself.

"I think about it."

Since Paige did not refuse at once, there was still a chance. The staff member of the Piano Association was thrilled. "OK. I be awaiting your news..."

At noon.

Paige did not go out to eat with Martin. After work, she directly went to the hospital.

"Paige, there you are!*

*

Colin was eating lunch in the office. Seeing her show up, he hurriedly asked her if she had eaten lunch.

Knowing that she had not eaten yet, Colin immediately went to the canteen to buy her lunch.

Paige wanted to say no need because she planned to go to visit Cassie before eating at the canteen.

However, Colin was afraid that she would be starved, so he quickly went downstairs to buy her food.

When Paige came to the ward, she saw that Cassie was holding a thin and long bracelet in her hand.

That was what she bought for Cassie with the money she earned for the first time....

Every time Cassie woke up, she would look for this thing. When she found it, she would hold it tightly in her hand.

Paige sat on the chair next to the hospital bed and gently took the bracelet out of Cassie's hand. Unexpectedly, Cassie on the bed seemed to have noticed it and slowly opened her eyes.

"Paige, there you are."

With gray hair, Cassie looked kind. When she saw Paige, she said with weak excitement. "You are finally here..."

"Grandma."

As soon as Paige opened her m*uth, Cassie began to shed tears. "Paige, after sleeping for so many days, I finally heard the voice of my precious granddaughter..."

"You're not well yet. You must stay calm."

Paige wiped away Cassie's tears, slowly elevated the bed, and poured a glass of water. "Have some water."

"Oh, OK Cassie took the water from her and drank it obediently. Then she held Paige's soft hand. "Did Lindsey and the others b*lly

you?"

"No." Paige smiled.

"A few days ago, I woke up in a trance and heard her say that she had sent you back to your original family..." When Cassie thought of

this, she was so angry that she almost couldn't breathe.

Paige hurriedly stroked her back. "Grandma, calm down. My biological parents are nice to me..."

"Really?"

"Yes."

Paige smiled gently. "Look at me. Do I look like I have been mistreated?"

Cassie had lived high on the hog for many years, so she could naturally see that the clothes on Paige were all couture. She couldn't tell the brand, but the material and style were high-end....

Besides, Paige was even wearing a beautiful crown necklace around her neck.

Cassie was shocked. Why did this necklace look so familiar? It seemed that she had seen it somewhere before...

However, after thinking for a while, she still couldn't recall it. So, she gave up.

The beautiful butterfly bracelet on Paige's wrist was made of many high-quality diamonds.

Her biological family must be affluent!

It was just that...

At the thought that such a clever and lovely girl was not her biological granddaughter, Cassie felt a serious heartache. She didn't expect Lindsey, that heartless brat, would actually drive away such an excellent girl ruthlessly!

"Grandma, if you are so emotional to see me, I won't dare to come and visit you again."

Hearing Paige's teasing words, Cassie smiled through tears and hurriedly wiped away her tears. "Don't. If you have time, come to see. me... I don't know where to find you when I miss you."

Paige cracked a smile. 'Don't worry, I will come to see you when I have time."

"Although you're not a biological member of the Tate family, over so many years, I've already regarded you as my own granddaughter. I'm looking forward to attending your wedding!"

Paige chuckled. "I am afraid that you'll have to wait for a long time."

"I can wait. As long as you meet someone who is really nice to you... I'll have no regrets in my life!"

Cassie patted the back of Paige's hand and said, "If your biological family is not good to you, don't hide it from me."

Paige was confused.

"When I get better, come back home! I will buy a new house, and the two of us will live together. We won't live with them..."

Paige knew that it was impossible to return to the Tate's house in this life, but she still said gently, "I will spend more time with you in

the future."
