## Chapter 112

### The Award Ceremony

Two days later

The award ceremony of the National Piano Competition would be held at Melody Theater

Early in the morning, many reporters were waiting at the entrance of the theater, wanting to take a close-up of Patricia, the most popular competitor.

Patricia was born into the Lusk family, the richest family. She was born with a silver spoon. In addition, she was pretty, and she was proficient in piano and painting since she was young. She was the winner of the life that countless girls dreamed of becoming.

Abbigail knew that her family background was not as good as Patricia's, so she got up early in the morning to dress up, wanting to have an upper hand in appearance.

Tyrell sold the other cars and added some money to buy a limited edition Maybach S680 The total price was 960 thousand dollars. Tyrell did that to support his daughter.

On the day, Tyrell asked the driver to put on an expensive suit and a pair of w\*ite gloves and open the car door for Abbigail,

At the entrance of the theater, Abbigail got out of the car gracefully. With a thin gauze dress, Abbigail smiled and waved at the reporters after getting out of the car

The reporters were all stunned.

“Who is this girl? She seems to be from a great family”

“Her dress, her jewelry, and her high heels are all items of PQ Fashion. Her outfit costs at least \*thousand dollars, night?”

As everyone knew, most of the works that Paine designed were worth 80 thousand dollars to 130 thousand dollars. The picks of Paine’s works cost at least 160 thousand dollars.

“She got out of a Maybach. She should come from a rich family.”

“She seems to win the second prize this year. She is the daughter of Tyrell, the richest man in Dolton

“Oh, so it’s her? She looks pretty good, but her face is a little swollen.

Abbigail’s expression froze. Two days ago, after being beaten by Anna, Abbigail hadn’t recovered, and her face looked a little swollen. However, at this time, she was still smiling and trying to maintain her grace.

At this time, Tyrell came out of the car. He was also well-dressed and looked handsome.

He bent down like a gentleman and took Lindsey out of the car.

It had been a long time since Lindsey had been as proud as she was today. She put on a priceless peacock necklace. The tail of the – peacock was inlaid with countless gems. The necklace occupied most of the space around her collarbone. It looked very gorgeous.

Lindsey had exquisite makeup and a delicate haircut. She exuded arrogance and superiority from head to toe.

The reporters cune forward to take photos of them. After all, they were the richest people in Dolton. The clothes of the three were enough to catch people’s eyes.

The netizens liked this topic the most.

On the other side.

Paige sat in a luxury car, casually dealing with private affairs on her mobile phone. After a while, she said, “You get off first.”

Her identity had not been announced yet. If she followed Donald and Danica, it would attract the attention of the reporters.

Once the reporters found out that she was the daughter of the richest man, her future life would not be peaceful. It would be Inconvenient for her to go out

Living in front of cameras every day was not a good thing for people like her who had too many identities.

For example, once the enemies in Triangle Area knew that she was the daughter of the richest man and lived in Chicago, they would definitely come to pick up fights every few days

Parge didn’t care about it herself, but she didn’t want to implicate her family.

“Paige...” Danica felt a little distressed Paige’s identity had not been announced to the outside world until now, and Danica felt sorry

for Paige

Im fine.”

Paige comforted Danica instead. It was always good to be low-key and cautious. She understood the principle of living in a c\*uel world

Abbigail was still waving her hand at the reporters. Tyrell and Lindsey held each other’s hands, enjoying the moment of highlight brought by their daughter.

However, before they could wake up from the elation of being flattered, the reporters suddenly \*and ran to another person!

The three followed the sound and saw a luxurious limousine parked at the entrance of the theater. After the driver in a high-level uniform got off, he respectfully opened the door for Patricia

Patricia walked down the stairs of the limousine. Her every move was impeccable.

In an instant, Abbigail dwarfed in front of Patricia

Abbigail thought that she could be more dazzling with expensive dresses, jewelry, and high heels today, but she was too naive. Patricia’s dress, hairstyle, and jewelry complemented each other, and she looked more graceful. Even Patricia’s driver was better than the driver that Abbigail’s family had temporarily trained.

The driver of Abbigail’s family could not be as gentlemanlike as Patricia’s driver.

The reporters surrounded Patricia. Then, Donald and Danica got out of the car to show off their love, which attracted a lot of attention.

Abbigail knew that her family had been dwarfed by Patricia. She forced a smile and said awkwardly, “Dad and M\*m, let’s go in now,

okay?”

Tyrell also knew that there was a big gap between him and Donald. He wanted to fawn at Donald, but he was afraid that Donald ignored him.

Tyrell did not want to lose face in front of so many people, so he went in first with Lindsey and Abbigail, thinking that there would be another chance to get close to Donald later.

There were many people who wanted to please Donald, the richest man in the country. Tyrell was one of those people.

Patricia enjoyed the pursuit of the flashlights. She could even imagine that Paige felt envy.

Patricia raised her head higher and smiled louder, showing her beauty in front of the camera.

Paige leisurely followed the crowd, holding her mobile phone in one hand and checking a new message.

“You don’t come to the award ceremony, and Larry doesn’t come, either. My students come to beg me every day, asking me to attend the award ceremony. However, an award ceremony without you is boring, and I don’t want to attend the ceremony.”

“Oh, I just arrived at the scene,” replied Paige, holding her mobile phone.

The other party was shocked and quickly replied: “Senior, you’re at the scene? That’s great! I’ll be there in a moment. Where are you exactly? I’ll get my people to pick you up.”

“No need. I’ve already come in.”

“That’s great. With you here today, those juniors will definitely be very happy

Paige knew that the other party had misunderstood her meaning. She faintly replied “I came as a spectator.”

The other party understood, thinking that Paige wanted to see the standards of the winners of this year and how the award ceremony

was arranged.

It must be so.

“I heard that the talents of these winners this year are good, but I haven’t seen their performances yet. I can’t judge them yet.”

\*If Larry knew that you came, he would definitely be full of regret.

“He has always wanted to see you. Two days ago, he was still talking about you. If he knew in advance that you would come, he would definitely come to the award ceremony.”
