Chapter 136 The Evidence is in His Hand

Nigel did not speak

Parge pulled out the USB flash drive and held it in her hand. She smiled and said. "I will exchange all the evidence for an answer from

you "

Nigel was a little tempted.

You only have three seconds to think."

"How would I know if you have a backup?" Although Nigel was tempted, he was still a little vigilant

"If you don't believe me, you can check it yourself." Paige threw the mouse at him, and Nigel hurriedly searched with the mouse. There seemed to be no backup record....

Paige raised the USB flash drive and began to count, "One, two..."

Nigel suddenly took the USB flash drive and was relieved. He smiled sinisterly, "As an experienced person, I have to tell you that sometimes, it is not a good thing to value friendship."

He thought, these pieces of evidence are so important

But to get the truth of the drawing, she gave them all to me at once

In the end, she is still young....

**!

"Now it is your turn to speak." Paige looked at him with interest. "I can guarantee that I do not have a backup"

"If there is, you will ****a ****death!" Nigel wanted Paige to make an oath,

"Okay."

Seeing Paige was so composed, Nigel was completely convinced. His body leaned back again, revealing the leisurely look from before.

"I did give the drawing to Layton. That day, I saw you leave the office, so I took the spare key to go in..."

Nigel revealed a treacherous smile and said with self-confidence, "You didn't know that there is a spare key to your office, right? In fact, all the offices in the company have spare keys."

"Oh." Paige smiled. This was exactly what she guessed.

"I lied that I lost the key to my office and went to the personnel department. That person was too clumsy to find the key. So I found the key myself... In the process of finding the key, I took away the key to your office."

This was also the same as what Paige guessed. At this time, Paige curved her lips slightly, waiting for him to fall into a trap.

"But I still don't understand what benefits Elegance Couture gave you to make you willingly betray the company."

Nigel smiled and said leisurely, "30% of their total sales volume, If their sales volume is 1.6 million dollars, I can get 490 thousand

dollars.

"I can't earn too much by working hard in the company for a year."

Paige had also seen this answer on his phone. She pretended to be surprised. "So much?"

Nigel said complacently. "Of course. It's a pity that you were too ****before. Otherwise, I could ask you to cooperate with me to earn money. There is no need to work so hard for the Lusk family"

"Is the Lusk family not good to you?" Paige followed his topic and asked.

Nigel began to talk nonsense, completely not putting the Lusk family in his eyes, "A year ago, they asked me to take charge of the

company and gave me a monthly salary of 3,200 dollars. As the boss of a company, my salary is only 3,200 dollars. Do you believe

Paige replied, "I have seen your information. You've been working here for a short time. The basic salary of 3,200 dollars is already very high. Besides, there are other subsidies and rewards, you can get more than 6,400 dollars."

"Can it be compared with *thousand dollars?" Nigel leaned on the chair and looked like a rogue. "How many years do I have to work hard to earn **thousand dollars?

"But I can easily get *thousand dollars by working with Elegance Couture."

"But these *thousand dollars are built on the basis of wronging others. Mari is very likely to go to jail because of this!"

"This is because she is **." Nigel said discontentedly, "If she agreed to my request at the beginning and let me have a good time..."

Hearing this, Paige slightly frowned and asked, "What do you mean?"

"Before you came to this company, I asked her if she wanted to follow me or rely on her own strength to establish a foothold in the company. She chose the latter..."

Hearing this, Paige immediately picked up the water on the table and ruthlessly poured it on his face.

“*!”

Paige thought, if turned out that he not only took advantage of Shayna and Stella but also fell for a young girl like Mari... Fortunately, Mari was an upright person and refused to yield. She would rather struggle in the company than give in to Nigel.

Nigel reached out to wipe the water off his face and laughed loudly. He stood up and said, 'Ms. Paige, do you have any other questions to ask? Tomorrow, you will leave this company. As an experienced person, I will tell you one more thing. Feelings are far less important than money. If you give up your interests for the sake of your feelings, you are a ****."

Nigel thought, now, she had evidence to sue me, but for the sake of the so called truth, she gave me the evidence

She is too ****

"I really don't have a backup, but... You can come in now." Paige curled her lips.

Hearing this, several people outside the office instantly broke in.

When Nigel saw the four police officers in uniform, he suddenly became startled. "You, you..."

www

"Officers, this is the person I reported." Paige stood up with a cold aura. "The evidence is in his hand and there is only one copy."

"Paige, you..." Nigel pointed at Paige. Before he could curse, his two hands were grabbed by the police officers, and the USB flash disk was also confiscated.

Nigel thought, it turned out that she did not have a backup. Instead, she handed the evidence to me and asked me to give it to the

police officer personally

How ruthless she is!

"Well, this is the recording of the conversation between me and him." Paige took out another USB flash drive and said, "Inside, he has admitted all kinds of crimes he did. He should be sentenced to a few more years..."

“*girl, you dare to deceive me. Let go of me. I am not a bad person. You have caught the wrong person...”

'Don't listen to this *girl's nonsense. I am a good person. I have not done anything illegal....

"Officers, let go of me. If you keep marching me like this, people will see...

"Let go of me, I am innocent..."

Nigel's voice was getting farther and farther away.

Deon stood outside the office and witnessed the four police officers take Nigel away...

He looked at Paige with admiration.

He thought, Nigel is so powerful in the company. So what method did Ms. Paige use to send him to the police officers...

"Please tell the people in the company that they are not allowed to talk about Nigel being arrested. There will be a good show tomorrow."

Seeing the confident look in Paige's eyes, Deon swallowed his saliva. "Yes..."

He thought, why do I feel that there is nothing in this world that Ms. Paige can't do...

She is too powerful...
