

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 141

Chapter 141 Mr. Lusk Has Changed

After dinner, Heran sat on the sofa and occasionally looked in the direction of the door

Patricia brought over a plate with a sweet smile

Heman, I peeled an apple for you I made it into the shape of a rabbit isn't it cute?"

Patricia gave a pure smile. "And I made the pear into the shape of a bird, and the strawberries Santa Claus. Do they look vivid?

She deliberately pointed at the fruit on the plate with her injured hand

"You were injured? Heman noticed at a glance.

He took the plate and immediately ordered the *next to him, "Give me the medical box"

The *hurried to get it.

Patricia pretended to be surprised and looked at her fingers "Maybe I accidentally cut it when I was peeling the fruit just now. It's fine. It doesn't hurt at all. I wouldn't notice it if you didn't tell me."

"You cut your fingers. How can it not hurt?" Hernan knew that she was lying.

Patricia had been strong-minded since childhood. She broke her knees in the garden once. It was obviously painful, but she pretended to be fine and amused everyone. Patricia was afraid that they would feel sorry for her and feel uncomfortable.

Patricia hid her fingers behind her back and smiled, "Herman, you rarely come back home, so I wanted to make you a creative fruit platter. It looks simple when other people make it. But when I do it myself, I find myself clumsy. It took them a long time to make these. Herman, you don't mind, do you?"

"Of course." Herman's voice was rarely gentle.

"This one isn't good enough. But I will practice a few more times. I can make it better!" Patricia gave him a bright smile. "It's just that

you

have to go home more in the future to give me opportunities to make the fruit platter. You have only come back twice this year!

You can't do that. I have waited for too long!"

Heman said lovingly, "You don't have to do this."

"But I just want to make delicious food for you! I can do anything as long as you spend more time at home..." Patricia pouted, "Heman, you won't refuse to eat the fruits just because they look unattractive. Right?"

Herman poked a strawberry Santa Claus with a fork and handed it to Patricia.

Patricia took it joyfully. She smiled brightly. "Thank you, Hernan. You should try it too! Although it looks unattractive, it's very sweet."

At this time, Amily came over with a medical box and stood beside Patricia. "Mr. Hernan, Ms. Patricia was waiting for you to come home every day! And she kept talking to me about you!"

Herman looked at Patricia with a gentle face.

"Oh. Right. Ms. Patricia won first place in the piano competition recently!" Amily said with a smile while disinfecting Patricia's wound.

She didn't mention that Paige was Vallorie....

"What reward do you want?" Hernan asked softly.

Patricia looked at him with her limpid eyes. "I want you to come home to see me more often. It will be the best reward for me."

Herman's gaze became soft, 'I will come back when I'm not busy with work."

"You agreed. Right? Yeah! I knew you will agree!" Patricia was like a child who just got candy.

Hernan chatted with her for a while. When it was time for a shower, he got up and went upstairs.

Patricia and Amily exchanged looks. They were very happy. Because it seemed that Heman still cared about Patricia.

And she had a high position in Herman's heart

After all, Patricia had been in this family for eighteen years. Before Paige appeared, everyone in the family doted on her. She was like

a princess to them!

Such deep affection was not something that Paige could remove in a dozen days!

After Patricia and Amily left, the maids could not help but whisper.

"Isn't Mr. Heman's schedule too regular? He has never changed the time for his bath and sleep. It has been a dozen years!"

"Otherwise, why would Mr. Donald let him manage the group? Among his five sons, Mr. Heman is the most self-disciplined, calm, and

meticulous one."

"Don't you feel that this strict schedule is suffocating?"

*Not at all. It's self-discipline! A strong-willed person is charming!"

"I think Mr. Hernan is a clear headed man. It's rare in the world!"

"I think so too!"

After the shower, Hernan went to the study to work for a while. He didn't return to his bedroom until it was time to sleep.

There W

sa delicate little gift box on the bedside table..

Hernan glanced at it. He knew that Paige would be late, so he turned off the lights and went to sleep.

It was already eleven o'clock in the evening when Paige returned home. She washed up and dealt with her private affairs with her mobile phone. The next morning, Paige rushed to the laboratory.

Last night's drug synthesis did not succeed. There were many problems in the research and development process. The experts worked on them until dawn, Paige didn't want her parents to worry about it, so she went home very late last night. And she rushed to the laboratory before dawn.

When Herman got up, he heard that Paige had left early. He was a little surprised.

Herman thought, most young women at this age would sleep in during summer vacation, but Pakge seems to only care about work.

It seems that I can only give her the greeting gift tonight.

When Herman was eating breakfast, Patricia tried to please him. She poured milk for him, gave him a sandwich, and handed him tissues.

"Heman, are you going home for dinner tonight?"

Looking at Patricia's expectant face, Herman said casually, "Yes."

"Great! Then I won't go out with Olivia and the others for dinner tonight." Patricia smiled excitedly. "We planned to have afternoon tea, go to a spa and have dinner. But you will be home tonight, so I won't go out with them!"

Hearing that, Danica smiled, "Patricia really misses you. You should stay at home more often when you are not busy."

"OK." Heman looked at Patricia gently. After breakfast, Frank ***him to the headquarters of the group.

As Hernan was looking through the documents, he suddenly remembered something that Frank said before.

"I had been invited to be a judge of a design competition. Right?"

Frank was surprised. He hurriedly said, "Yes. But you are too busy. I have declined..."

"I've got time for it," Hernan said in a flat tone. He continued to browse through the documents in his hands. "I will be present."

When Frank heard this, he was stunned!

Mr. Lusk would never change a decision before!

Re is strange today!

Did the organizers use any connections or tricks to invite or force him?

But Mr. Lusk doesn't look like someone who will give in easily..

Hernan looked down at the documents and suddenly thought of something. "Oh. Right. Pay attention to the clothing company's activity today.

Today was the due day. Hernan wondered if Paige could deliver satisfactory goods.

If she couldn't, Herman would help her personally.

"Yes!" Frank found that Hernan seemed to have changed into a different person. Frank thought, he regretted the decision he made before, and he started paying attention to a small company...

It's really strange.
