Chapter 158 Not As Important as Her Hand

Manela was dumbfounded.

She thought, **. Would Mr. Lusk feel that I have a messy life and fire me?

"Mr. Lusk, your staff used violence against me. Look at my injuries. You can't ignore it. You should fire her. She is such a ***to

your company!

"I want to tell the media that the champion of the design competition this year attacked people in the lounge! I am going to make her headline!" Jessie said as she glared at Mariela fiercely.

"Well done," Hernan said before Mariela could explain.

Mariela was confused.

So was Jessie.

The same was everyone.

"I'll pay you ten times your current salary. Keep going"

Mariela was stunned for a few seconds before she understood and then said excitedly. "Thank you, Mr. Lusk!".

Everyone was stunned. Little sister?

Especially Jessie, who widened her eyes in shock.

Was Herman Paige's big brother?

Hernan's gaze fell on Paige as he said gently, "Come to me, little sister."

Mariela looked at Jessie with interest. She thought, humph, are you scared now? It's too late!

"Sure." Paige obediently walked over, looking polite and well-behaved.

Herman looked at her gently, "Did she hurt your hand?" "Yes."

Paige immediately understood. "They started it. They stole Marl's things."

The company should belong to Mariela

"They are going to go bankrupt tomorrow."

Herman understood. He took out his mobile phone and ordered, "Tell Emesto, if he does not return what doesn't belong to him. All his immediate will be spending the rest of their life in jail, himself too"

Jessie widened her eyes in disbelief.

Just because of the injury on Paige's hand? He wants us to return all their wealth to Mariela.

Does Hernan threaten to destroy my family?

On what basis?

"Ask them to return the stuff and then leave Chicago, dare to provoke my sister again, I will not forgive them easily." Heman looked at Paige gently after the phone call. "Let's go home."

"You want to offset the injury my sister suffered with yourself?

Seeing that he was about to leave, Jessie hurriedly shouted, "Mr. Lusk, it's my fault. Please punish me alone. Don't get my family

Jessie was stunned in place. She did not expect that Paige was so important

Jessie fell to the ground, unable to believe what she had heard...

"I have always been punctual." Hernan coldly reminded. "You only have one day."

Jessie was stunned Was it not enough to offset the tiny injury on Paige's hand?

"You think too highly of yourself. Even the lives of the entire Robins family are not as important as my sister's hand

"Paige, go back with Mr. Lusk, III take a taxi..."

"Sit here." Hemman opened the door of the passenger seat for his sister,

"I ***. My car is here, Herman, Paige stood still

"You drive?" Hernan was surprised again, "Ill drive you home. Ryker will take your car back later."

Heman's aura was too strong. Mariela said goodbye and quickly slipped away.

"Okay." Paige sat on the passenger seat and obediently fastened her seat belt.

He knew that Paige participated in the competition today, so he came out in the morning and specially brought a greeting gift. "Before I bought this gift, I didn't know that PQ Fashion was founded by you and that those things were all created by you." This

"I heard it from others that you are Paine."

After Herman got in the car, he took out a gift. "It's for you."

time, it was Paige's turn to be surprised. She kept her identity secret. How did Heman know?

At this time, Paige received a message. "My dear. Did you leave with your brother? You hid your identity so well. You are the young lady of the Lusk family. Why are you

"Open it and see if you like it."

"Oh and, why did you participate in this level of design competition today? Did someone hire you to go with billions of dollars?

She did not expect that her big brother would give her such a valuable gift on their first meeting. "If you don't like it, or if you like another one more. Tell me. I'll get it for you."

When Paige saw this, she understood.

"Thank you, Heman. I like it very much." Paige put away the gift with gratitude. "When you founded PQ Fashion three years ago, you were only 15 years old."

Paige opened it. It was a four-leaf clover necklace that was worth 800 thousand dollars.

She made a nameless brand world renown.

If he had not seen it with his own eyes, he could not believe that such a young girl could design so well.

"Not really. When I first started designing, I only wanted to eam some pocket money." 'Pocket money?"

"Yea...

It must have been hard.

more... But in the end, she was not a member of the Tate family...

When Herman heard her say this, he felt a little distressed. "Didn't the Tate family give you pocket money?"

At that time, she had no money to buy things. She thought that if she had become better, maybe her parents would like her

"You have achieved such great achievements at such a young age. It is a waste to keep you home managing the clothing

When Hernan heard this, his heart broke.

Girls of that age should be innocent and bright like flowers.

But his biological sister worked hard for pocket money...

Take Patricia for example. She spent all day doing SPA daily, enjoying afternoon tea, going shopping with her best friend, and buying famous brands...

It was quite ironic.

"Nope."

**Villa. Bonnie was happy when she saw that Paige came home with Hernan.

Hernan gently looked at Paige. He finally could have a meal with his sister. "Herman!" When Patricia heard that Hernan had returned, she ran out and saw her brother looking at Paige with a loving gaze.

"Mr. Hernan, Ms. Paige, welcome home. Dinner is almost ready!"

The smile on her face disappeared instantly. "Paige, did you come back with Hernan?" "Yes. I'll go upstairs and change my clothes first," Paige replied faintly.

"Paige, welcome back." Danica was sitting on the sofa enjoying her tea. When she saw her precious daughter, she was

extremely happy. She pulled her and asked, "How was the competition today?"

Before Paige could answer, Hernan said, "Paige's group won the championship. They deserve it!"
