Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 162

Chapter 162 | Will Call Her

Half an hour later.

Martin parked his car in front of **Villa,

He looked up and saw that the light in Paige's room was still on. He got out of the car, took out his phone, and dialed Paige's number "Paige, haven't you gone to bed yet?"

"Yes" Paige had just taken a bath and was wiping her hair with a dry towel. "Have you finished everything?"

"Yes. When I got off the plane. I wanted to come to you first."

But when Martin found out that Paige's hand was injured and it had something to do with the Robins family, he took some time to deal with it.

"Come to the window."

It was already very late, and it was impolite for Martin to enter Paige's room. It was hot, and he didn't want Paige to go out of the cool room to the balcony.

So Martin let Paige come to the window.

Paige came to the window and saw Martin standing beside the car and looking at her.

Martin's figure was slender and tall. Although Paige could not see his face and expression clearly, Paige could imagine him speaking softly.

"Did you enjoy your meal when I was not here?"

"Yes" Paige flicked her hair.

"Be careful. Your hand is injured."

"How did you know?" Paige was stunned.

"I watched the video of the competition." Martin looked at Paige tenderly. "I didn't expect that you could not only play the piano, save people, but also design beautiful clothes."

"Do you really think my clothes look good?" Paige did not think that her clothes were very beautiful.

When Martin said that the clothes Paige made looked good, she said, "I will make you some new clothes."

"Really?" Martin was surprised. "Then when you recover, make it for me."

"OK."

Martin could tell that Paige's talent in design was definitely above Mariela's.

However, during the competition, Paige was very low-key and let Mariela stand out.

"If someone bullies you, you have to tell me immediately."

"Okay."

"I brought you some food. After you finish eating, go to bed early." Martin looked at Paige and said gently, "Let someone come down to get it. I won't press the doorbell.

Martin didn't want to disturb the rest of the people.

"Don't come down. You're injured. You can't carry anything," Martin added.

"Alright." After Paige hung up the phone, she instructed Bonnie to get the food.

Bonnie did not expect that Martin would bring so much food. She could not even take all the food away. She smiled and asked, "Mr.

Stowe, you're sure you won't come in?"

Twill come another day Martin Inoked inside wistfully

"It's so late. You don't want to disturb Mr. Lusk and Mrs. Lusk, right? Bonnie understood and asked

Mr. Stowe doesn't want to disturb Mr. Lusk and Mrs. Lusk Although he misses Ms Paige very much, he doesn't come in Martin said gently. "Bonnie, there is medicine in the bag. Paige's hand is injured. Can you apply some medicine to her later?" "Is Ms. Paige's hand injured?" Bonnie suddenly remembered. No wonder Ms. Paige has been eating with her left hand tonight!

Everyone knew that Ms. Paige was very skilled at using her left and right hands. So no one was surprised that she held the fork with her left hand.

But how did Mr. Stowe know this?

"Don't worry. I will apply medicine to Ms. Paige later

"

"Thank you."

"You are welcome... You're very considerate! Please pay attention to safety on the way home."

When Bonnie brought the things into the living room, Donald happened to see this. When he asked Bonnie what happened, Bonnie told him that Martin had brought food for them

Dozens of exquisite boxes were placed all over the dining table.

Paige was speechless.

Why did he bring so much food?

Patricia was very jealous. She heard that Martin went abroad yesterday, but she didn't expect that he would bring Paige food when he returned home today

When Patricia saw the logo on the box, she knew that the food was very expensive.

Although Paige can play the piano and design clothes. I don't think she is great!

Why is Martin so concerned about her?

'Ms. Paige, let me take a look at your hand."

As soon as Bonnie wanted to see the wound on Paige's hand, Paige took her hand back.

"This is the medicine that Mr. Stowe prepared for you. He instructed me to apply it for you..." Bonnie took out the medicine in the bag.

There was also a note written by Martin and it said what medicine to use and how to apply it.

Martin wrote down the whole medication process.

Then Donald and Danica knew that Paige's hand was injured. They thought that Martin was careful and cared about Paige's injury.

"Paige, what happened? When did you get hurt?"

"Your hand is swollen. Did you fall or be bullied?"

Paige withdrew her hand. "It's nothing. I was injured by accident."

Because the video of the competition was not leaked, Donald and Danica did not know that Paige was injured.

In addition, Paige usually kept things to herself, so no one noticed that she was injured.

"Why didn't Hernan tell us?

'T'll call Dr. Ashton now."

Seeing Donald pick up his mobile phone, Paige said, "No need. Martin has brought the medicine for me.

These medicines seemed very rare and expensive and couldn't be bought in ordinary pharmacies.

Martin can't always have these medicines in his car.

Paige guessed that it might be that on Martin's way here, he first went home to get these medicines, and then sent them to her. "Let's enjoy this food first." Paige took the plates and forks to Donald and Danica, then sat down and took the fork with her left hand.

Patricia was jealous. She sat down, smiled sweetly, and said, 'Martin has brought so much food. Let's share it together. Paige, Martin is so good to you! You are so happy!"

"Since you know he is my fiancé, you can't call him that way," Paige ate the delicious food and said casually.

When everyone heard this, they were stunned.

Patricia bit her lower lip and said pitifully, "What do you mean? I don't understand..."

"Didn't you tell everyone that Martin is your fiancé?" Paige looked at Patricia. "Your friend believes this, and today she has

bothered

me."

Patricia was shocked. "Who? She must have misunderstood something! Who is she? I will call her now."

"Okay." Paige did not stop Patricia and raised her eyebrows. "She comes from the Garner family."

Olivia?

Donald and Danica were about to say something, but Patricia hurriedly said, "How could she do this to you? Martin has nothing to do with me... Maybe she thinks that Martin should be with me... She shouldn't have done such a thing to you! I will call her now!"

Amily hurriedly said, "Ms. Patricia, it is so late. Don't disturb Ms. Garner..."
