

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 181

Chapter 181 Ten Days

After Martin’s car left, Paige took out her phone and answered the call. “Jairo.”

“Boss, today is the tenth day! If Tyrell still can’t pay damages, Mrs. Wayne will sue him!”

Paige recalled something like that.

Leah and Abbigail signed a contract and wanted Abbigail to be the endorser for their piano. However, there was a requirement that there could not be any negative news during the contract period. Otherwise, they would have to compensate ten times the penalty.

Abbigail plagiarized and violated the contract. Leah asked them to compensate 8 million dollars within ten days. Otherwise, they would go to court.

Today was the last day.

“Why don’t we do nothing and let Mrs. Wayne sue him so that he’s utterly discredited?”

“It’s not the right time yet. Act according to the original plan,” Paige ordered.

“Yes.”

The Tate family was at a loss. They had never expected that they wouldn’t be able to sell any of the eight downtown shops!

For ten whole days, no one was interested!

“Is this Paige’s trick? How could no one buy shops in ten days?”

Lindsey was anxious. Tyrell pounded the table.

“Enough! Don’t blame her for everything! Even if she is Vallorie Walker and has some connections, she can’t stop everyone from buying shops! This is the market trend. It’s none of her business! Why can’t you figure it out? You are always targeting her!”

“Why can’t our shops be sold? They are located in good places in the city center! The market price is 400 thousand dollars per shop, but our price is 320 thousand dollars!”

“How do I know?” Tyrell was impatient. For ten full days, he had only a good meal and a good sleep!

Tyrell didn’t understand why his happy life suddenly became like this!

After Paige left this home, in less than a month, their life was completely different from the past!

Tyrell recalled the first half of his life. It seemed that ever since he had Paige, the business of the Tate family had

gotten better and better...

After Paige left, their life went downhill....

“What should we do? Mrs. Wayne will sue us in an hour! They have even prepared the lawyer’s letter!” Lindsey was quite anxious. “If they post the lawyer’s letter on Twitter, everyone will know that Abbigail plagiarized. By then, Abbigail’s reputation will be ruined, and so will ours!”

Tyrell massaged his temples in pain. Lindsey kept talking beside him, making him feel more frustrated.

“The 9.6 million dollars that we paid Paige would be in vain!”

They still couldn’t save Abbigail’s reputation!

Abbigail, who was at the side, was also scared and uneasy.

It was all because of Paige. If not for her, everything would be fine at home....

“Can you call the agent again? There is only half an hour left!” Lindsey pleaded.

“I just called him 20 minutes ago...”

“Call him again!” Lindsey thought for a while and suddenly thought of someone. “Ask him if he has the contact information of the man who bought a house and shop from us last time. Ask the man if he has any intention of buying our shops. We can give him a discount...”

If that man could give them 8 million dollars, they would be willing to sell their shops at a discount!

Tyrell suddenly saw the silver lining. Last time, that man transferred 9.6 million dollars to him in a short time...

This meant that man was very rich. He was probably as rich as the Tate family...

That man was not an ordinary person!

“What are you waiting for? Hurry up!” Lindsey checked the time again. There were only 26 minutes left!

Tyrell called the agent and the agent said he would call that man, so Tyrell waited...

“There are only seven minutes left. Why doesn’t the agent call back? Is that man asleep?” Lindsey remembered that man was just about to go to sleep at this time last time...

Just then, Tyrell’s phone rang. He hurriedly answered it and said, “What did he say?”

“I told that man the location and price of the eight downtown shops you want to sell. He said that if you sold them for 8 million dollars, he would transfer the money immediately.”

“8 million dollars?” Although Tyrell had thought that the man would bargain, he did not expect the price would be much lower than last time. The total price of the eight shops was 25.6 million dollars, but that man wanted to buy

them for 8 million dollars!

“Say yes. Hurry up...” Although Lindsey did not know what price that man had offered, she didn’t care. Her daughter’s reputation was the most important. She was also sensitive about her reputation and did not want others to laugh at

her...

The price pained Tyrell. He was hesitating. Last time, 14 shops and 4 mansions, which were worth 28.8 million dollars, were sold for 9.6 million dollars. Now, if he sold eight shops for 8 million dollars....

Tyrell would lose 36.8 million dollars in total!

“Please...” Lindsey was anxious, and she pleaded softly, “We can earn back the money, but it will be difficult to restore Abbigail’s reputation if it is ruined!”

Tyrell had no choice but to grit his teeth and agree.

At the last minute, Tyrell’s phone beeped and he received a transfer reminder of 8 million dollars.

Lindsey broke into a smile and hurriedly transferred the money to Leah. Then, she wanted to tell Leah on Line that the money had been transferred, but Leah had unfriended her...

“The Tate family is going to be ruined by me...” Tyrell was devastated and could not help but cover his face, as if he had become ten years older overnight.

“Dad, I’m sorry...” It was the second time that Abbigail had seen her father so defeated!

The first time was when Tyrell had to pay 9.6 million dollars to Vallorie Walker. That night, Tyrell was also overwhelmed with sorrow.

To Tyrell, money was like his life...

“Dad, it’s all my fault. I will work hard and bring more glory to the family! I swear...”

“I’m afraid I can’t wait until then...” Tyrell said in despair.

“Why?”

“In the design competition a few days ago, our family didn’t even get the top three... Paige’s company always came last in the fashion industry. Unexpectedly, after this competition, it becomes so popular that people scramble to buy their clothes in the mall...”

Tyrell sighed and continued, “On the contrary, no one buys our clothes. We have no new partners, and the old ones want to cancel their contracts with us... What’s worse, almost all our houses and shops have been sold! The Tate family is doomed...”

“Don’t say that!” Lindsey thought about it and decided. “Let’s go to the hospital tomorrow! I heard that your ***would wake up from time to time. Although the time is short, I just want her to be conscious!”

N
