

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 187

Chapter 187 Paige Is Mean and Heartless to Tyrell

As soon as Tyrell's voice fell, Deon was dumbfounded. Deon thought, he is Paige's father?

What the ***?

I remember that Mr. Lusk told me to take care of Ms. Paige, Mr. Lusk sald that Ms. Paige was his sister!

In other words, Ms. Paige's biological father should be Donald!

Then who is the man in front of Ms. Paige?

He actually said that he was Ms. Paige's father...

Paige didn't want to waste her time talking to Tyrell. She raised her foot and was about to walk to the company. But Tyrell hurriedly blocked her way.

"Paige, this is the chocolate cake I bought for you on the way here. I bought it from that very famous dessert shop. You should know how popular that shop is, right? 1 personally went to queue there and bought it for you...'

When Deon heard this, he was moved. At the same time, he felt that the people around Paige were super good. They often bought expensive desserts for Paige personally..

But when Deon was about to compliment Tyrell, he heard Paige's cold voice.

"I ***chocolate the most."

Tyrell's expression froze on his face. He hurriedly said, "But my memory tells me that you love chocolate the most. You've really grown up, and your taste has changed..."

"That's Abbigail's favorite dessert," Paige said coldly. "Chocolate has always been the thing I ***the most since my childhood."

This time, Tyrell was even more embarrassed. He quickly took out a wallet from his pocket and took out a few bills. He said to Paige, "Take this money and buy yourself something you like. I'm sorry. I bought the wrong thing for you...'

Paige avoided Tyrell's hand and said impatiently, "Just cut the **. What do you want?"

Deon was stunned and thought, Ms. Paige seems to ***this middle-aged man very much. She looks very impatient. "Paige, last time, you participated in a competition with a designer. So I know that you are working here. I came to you today because..." Before Tyrell could finish his words, he suddenly noticed Deon, who was beside him. He asked doubtfully, "Paige, is this your colleague?"

"Oh. No, I'm not. I'm Ms. Paige's assistant, Deon Hampson. You can just call me Deon..."

Before Deon could finish his words, he received a cold gaze from Paige. Deon was so frightened that he did not dare to

continue.

Tyrell looked at Paige in shock and said, "You have risen from an assistant to an executive? And you even have your own assistant!"

Deon was stunned and also confused.

Paige remained silent.

Tyrell continued, "Since that's the case, you have to help me!" Tyrell put away his wallet and explained why he had come here. He said, "The Pai Group withdrew its funds, and several large groups also announced that they would terminate their cooperation with us. Recently, a few more business partners have also terminated their contracts with us. I want to ask you to help me and my company. You can take the lead to cooperate with my company..."

Paige was speechless.

Tyrell kept saying, "I've heard that your production has increased sharply recently. If you can't finish the list, you can give those orders to us.

Paige understood Tyrell's purpose of coming and sneered coldly, "Are you **? Why do you think that I must help you? If you hit your brain or something, you should go to the hospital for treatment instead of saying some nonsense

in front of me."

"You..."

Tyrell knew that Paige would definitely be cold to him and even curse him this time. But Tyrell didn't expect Paige would be so cold and harsh to him in front of her assistant.

Paige was about to enter the building, but Tyrell blocked her way again.

"Paige, even if you don't respect me, you should at least think about your grandma. Ask yourself honestly. Hasn't your grandma been good to you all these years? Will you repay her kindness? Now that the Tate family is in trouble. Will you help the family? I just want some orders from you, not asking you for money!"

Paige interrupted him impatiently, "Didn't you feel

med when you said those words to me?"

"Paige! Just take it as me begging you. Even if you don't want to give me some orders, at least give me a few designs."

don't

Paige repeated in her heart with confusion, designs?

"You are a boss now. Let Mariela design a few new designs for us for free. We can sell them jointly then! If you don't want to join us, you can also let us sell them alone!"

Paige was shocked by Tyrell's shamelessness.

Paige thought, selling jointly is equivalent to cooperating with Tate Clothing and helping them increase their

reputation....

Letting them sell things alone means that they can get all the profits.

He wants to let my people design clothes for them for free, right? What's wrong with him? Does he think I'm **enough to agree to it?

After thinking so, Paige said to Deon directly, "Deon, go call the security guards and tell them that there is a madman talking nonsense here."

"Paige! Why are you so mean and heartless?" Tyrell was anxious. He scolded Paige angrily, "The Tate family has raised you for eighteen years. Have I asked you to repay a cent to me during these eighteen years? I just want you to give us some of your orders. I'm not asking for all your properties. Why don't you agree?"

Paige suddenly raised her eyes and looked at Tyrell coldly. "I have already repaid the family's kindness in raising me. I haven't spent a single cent of your family during these eighteen years!"

On the contrary, it was Paige who secretly subsidized and helped the Tate family!

Every time Tyrell failed in his investment, it was Paige who helped to clean up the mess....

Last time, Tyrell lost hundreds of millions of dollars. If Paige didn't give a helping hand to the Tate family, the Tate family would have collapsed already...

And Tyrell couldn't have driven a Maybach today!

"Paige, I don't want to quarrel with you...." Tyrell knew that Paige was still useful, so he suppressed his anger and said

patiently, "How about this? You give me a few songs, and I can sell them..."

"Why are you standing here? Go and call the security guards!" As Paige spoke, she looked at Deon coldly.

Deon hurriedly went to call the security guards.

When Paige had just entered the building, she saw that Tyrell was about to follow her in. Paige warned Tyrell coldly, "If you dare to take another step forward, the Tate family will collapse today!"

"You..."

Although Tyrell knew that Paige did not have this ability, the aura around Paige was inexplicably terrifying to Tyrell...

Seeing Paige walking inside, Tyrell shouted, "I'm waiting for you at home. After you calm down and think it through, go home and talk to me. I will let the chef make you delicious food!"

Paige pressed the elevator button and walked in.

"Don't forget to go home when you are free..." After Tyrell saw the elevator door close, he turned around and walked toward his Maybach.

Lindsey and Abbigail, who were sitting in the car, saw Tyrell get nothing and gritted their teeth in hatred.

"That wretched girl has become an executive of the company. But so what? How could she be so ***in front of you? I don't know what kind of method she used to get promoted. But how dare she put on airs in front of us..." Lindsey was furious.

"Dad, ***, don't be angry. Paige is a very kind person. I believe that she will figure it out sooner or later... Let's go home and wait for the news," Abbigail said.

Lindsey looked at her daughter. She thought Abbigail was much better than Paige!

Tyrell also thought, Abbigail and Paige are both my daughters. Abbigail is really a sweetheart, but Paige is really mean and heartless to me!

Every time I wanted to get close, I would be hurt by her!

That's right. She's not my biological daughter!

As soon as Paige returned to her office, her mobile phone vibrated.

"Paige, come to the hospital now. Madam Tate's condition has worsened."
