Chapter 197 Paige Gets the Goods on Amilly

"You!" Amily was furious and sneered, "What did that chick give you to make you speak up for her?"

"In this family, as long as you are a **, you have to call her Ms. Paige! Are you qualified to call her chick?"

Even if Paige did not give Bonnie a cent, Bonnie would still stand up and speak up for her because she liked Paige's character and her way of life.

She was not as ****and annoying as Patricia was.

"Ms. Patricia has treated you well in the past." Amily walked on the corridor, her eyes looking straight ahead. She maintained the smile on her lips as if reminding Bonnie of something.

"Ms. Paige treats you well. How did you repay her?"

Bonnie walked side by side with Amily in the corridor. Then she turned around and stood in front of Paige's door, whispering, "Mr. and Mrs. Lusk have made it clear. If anyone dares to ***Ms. Paige and wants to seduce Mr. Stowe, you will know the consequences."

When she said this, Bonnie knocked on the door and respectfully said, "Ms. Paige, it's time for dinner."

"Well, someone has picked the wrong side and thought that she is smart!" Amily sneered. Then she knocked on the door and said, "Ms. Patricia, it's time for dinner."

The two doors opened at the same time.

When Paige came out, she saw Patricia.

Patricia was stunned. Thinking of what she had suffered today, she said angrily, "Are you disappointed today?"

Paige was about to pass by her, but when she heard Patricia's words, she sneered, "You are really inexperienced. Don't you know that there is something called Omnipotent Cam in Chicago?"

"Omnipotent Cam?" Patricia was stunned. She had indeed heard of this kind of thing. It was not an ordinary. surveillance camera, and it was not as big as a grain of rice, but it could see the detailed roads of Chicago. It could even spot the car cards and the movements of each person.

It was said that only the highest-level leaders of the government department were qualified to open the Omnipotent Cam. Some people said that they wanted to improve the overall quality and security of the first-tier city. Some people said that they would first use it in Chicago. In the future, these kinds of cameras will be applied throughout the whole country to catch bad people.

There were also people who said that the family of the highest leader lived in Chicago, so they needed to use Omnipotent Cam to protect their safety.

Because the coverage was wide, as long as one was not in the buildings and had no shelters to cover, their every movement would be recorded.

Paige looked at her mobile phone and zoomed in on the surveillance camera. "So you were the one who twisted the cap."

Patricia and Amily looked over at the same time and saw Amily standing in the back of the truck. Amily opened two barrels of oil with her hand and pretended to fall when she entered the door.

Patricia and Amily didn't expect that there would really be a surveillance camera that could record what had happened in detail.

"This is you, right?" Paige smiled coldly, "If you can't recognize yourself, I can take it downstairs and ask everyone to help you identify it."

"Ms. Paige, I was wrong. I shouldn't have wronged you." Amily immediately knelt.

"Does apology work now? If I handed this to the police, you will be charged with deliberately killing people. If I accidentally fell at that time, you would be in prison for three years. And if I was seriously hurt, the entire Lusk family would settle accounts with you!"

Amily trembled in fear. "Ms. Paige, what do you want me to do? As long as you don't tell Mr. and Mrs. Lusk, I will do anything!"

"Depends on my mood." Paige put away her phone and said, "If I find out that you are doing something behind my back or ****Bonnie, then I might think about sending this to the police and my parents, or posting it online."

Bonnie, who was on the side, did not expect that Paige would help her, and suddenly, she straightened her back confidently.

"Ms. Paige, it was my fault. I will never do it again! Please delete the video."

"Delete it?" Paige coldly smiled, "I had a backup just now."

When Amily heard this, she was even more frightened.

Paige ignored Amily's trembling body and raised the phone, looking at Patricia. "Your **wanted to harm me. Do you think you can get away with it? Do you think ****and Dad will believe you or me?"

Patricia bit her lips. She did not expect Paige could open the Omnipotent Cam and record what had happened. How did she do it?

"Bonnie, let's go."

Amily looked at their backs and went soft.

"Amily, are you all right?" Patricia hurriedly reached out to help her up.

"There is no surveillance in that place. Did Ms. Paige really have an Omnipotent Cam? That thing is so powerful that it can record what happened so clearly."

Amily felt that she was finished and was too careless. She thought that there would be no surveillance in that place!

She didn't know that there was such a thing as Omnipotent Cam.

"We have to find a way to make her delete the video! We can't let it spread!" Patricia was afraid that she would be implicated.

"But Ms. Paige is not that merciful! She just said that she has a backup!"

Amily thought, she just deliberately keeps the video to threaten us.

She was too despicable!

"Amily, that thing can't capture every move in the building. We can do it in the house."

Amily did not expect Patricia to be so smart. "Well, as long as the video is deleted, we can rest easy."

"Ms. Paige, you are really amazing!" Bonnie followed Paige downstairs and could not help but ask, "Since you have evidence, why don't you take it out? This matter must be related to Patricia!"

1

"The video can only prove that Amily played tricks. If she insists that this is her own idea and it has nothing to do with Patricia, plus Patricia pretends to be poor, crying in front of her brothers, we can't bring her to justice."

At most, Amily would be expelled.

And Patricia would not be kicked out of the house.

She would be punished.

"When I have this, I get the goods on them. It can serve as a warning to them. If they are bold and impatient, they will definitely find a way to threaten me to delete it."

That way, Amily and Patricia would make mistakes again. What Paige wanted was to seize Patricia's mistake.

Moreover, Paige wanted her to make a big mistake.

Only then would her parents show no sympathy for Patricia and give up on her.

"Ms. Paige, you are really smart!" Bonnie reacted and admired her wisdom. "You are so thoughtful."

"Alright, let's keep this between us." Before Paige entered the dining room, she motioned Bonnie not to say anything more.

Bonnie hurriedly ***up.

During the meal, Patricia did not dare to look at Paige. She lowered her head and almost knocked over her soup several times.
