Chapter 199

Chapter 199 Hernan and Martin Meet

The next morning, Hernan saw that Paige had finished her breakfast and immediately went forward. "Paige, I will send you to work."

"No. Martin will pick me up."

It is that kid again? Hernan thought unhappily.

Hernan had finally returned home, but he had never sent Paige to work.

Martin was very attentive and came to pick her up every day.

The pink diamond necklace that he had taken a fancy to was bought by Martin as well. He gave it to Paige. Danica and Donald said that Martin had taken a fancy to Paige, so he was generous to her and cared about her.

But in Hernan's eyes, Paige was still young and still went to school. If Martin dared to do something out of line, Hernan would

However, Hernan's eyes were a bit cold. "Paige is my younger sister, so it's natural that she called me by my name. As for you,

Martin could see the hostility in Hernan's eyes. He obviously thought that Martin had won Paige's heart.

"Whatever. I'll call you as Paige does."

"Are you that intimate with Paige?"

Sensing hostility between them, Paige said lightly, "I am going to be late. You can make it short."

"Hernan seems to have something to say. You go to the car and wait for me."

Martin opened the car door for Paige. When Paige bent down to enter, Martin sheltered her from the door frame. After she took

her seat, he bent down to help her fasten the seat belt. He seemed to have repeated this action thousands of times. Hernan did not expect that they were so intimate in private and

suddenly clenched his fists. Hernan also wanted to treat Paige like this, but he had no chance.

"Have a good talk." Before the car door closed, Paige looked at Martin and then looked at Hernan, as if to warn them.

Martin said gently, "Don't worry, if Hernan is unhappy, I am willing to let him punch me."

Hernan was speechless.

I'm not that rude.

He thought, what nonsense is he talking about?

How dare he smear me in front of Paige?

At this moment, Hernan clenched his fist even harder.

"You sound like we are on good terms?" Hernan sensed Paige's gaze in the car, and he forcefully held back his anger, asking

After Martin closed the car door, he came in front of Hemman. "Herman, what do you want?"

"Before she returned to the Lusk family, I noticed her. And we started dating when she returned to the Lusk family."

"Have you met before?"

Hernan had heard about this from Danica. He heard that Paige had saved Killian twice. Killian was grateful to her and even gave

her the crown necklace, which meant that he treated her as his granddaughter-in-law.

"She saved my grandpa in the hospital. Her medical skills are superb and impressive."

"Then what do your parents think?" Hernan asked in a cold voice.

Martin's parents were happy to leave the company to Martin and were afraid that Martin would go back on his word. Usually, they

would take the initiative to contact the family members. Even Killian did not have their contact

The only person in the Stowe family who could make decisions was Killian.

"Hernan, don't worry. Paige is a very good girl. I will be good to her for the rest of my life.

"My grandmother is still in a coma," said Martin.

"Don't worry that it's a passing fancy. I won't change my mind. If I do something to let Paige down, you can take my life at any time."

Hearing Martin's words, Hernan did not make things difficult for him. "Alright, keep your promise. If you treat Paige well, the Lusk family will naturally treat you with respect. But if you dare to do something to hurt Paige and make her cry, the entire Lusk family will not let you go."

"Alright, it's a deal." Martin shook hands with him.

Paige sat in the car and watched this scene from afar. Seeing that they had shaken hands, she knew that they should. have

"Alright.",

"I will take Paige to visit my grandparents in the afternoon. She will take my car, so you don't have to pick her up."

The person who had an engagement with Martin was Patricia. She was the apple of her parents' eye and was proficient in singing, dancing, painting, and the like. She was a well-known young lady from a prestigious family and was famous in the upper

It was reasonable for Hernan to be nice to Paige.

"Then what do you think of Patricia?" Hernan asked again.

Paige was the first woman Martin had ever admitted he loved and also the first person he would personally pick up

However, since he was young, Martin and Patricia had not seen each other many times. Everyone in the circle knew that he only

Hernan knew that Martin had a good relationship with Jack, and Jack was not a \*\*\*. If Martin was not a good man, Jack would not have been Martin's friend for so long.

"Don't worry. I will definitely not disappoint your trust and expectations." Seeing Hernan walk towards his car, Martin respectfully said, "Have a nice trip."

"It's nothing." Martin looked at her gently. "He asked me to treat you well."

After Hernan left, Martin got into the car and touched Paige's head. "Sorry to keep you waiting."

Thinking of this, Hernan looked at Martin and said earnestly, "I hope I did not misjudge you."

"Hernan will take you to see your grandparents in the afternoon?" Although Martin couldn't go with them, he still wanted to prepare a gift for them.
