Hernan came to tell them about this matter. "After she goes to university, Deon will be in charge of the small matters of the

Frank immediately handed over a stack of documents to Hernan

Hernan held it in his hands and said to them, "This is a blank document with my signature. I will agree to any decision Ms. Paige

They couldn't believe that Hernan would trust Paige so much.

Although Paige's personal ability was outstanding, no one had been able to get Hernan to sign on so much paper in

They didn't expect Hernan to be so nice to Paige.

Everyone was envioux.... "The meeting is over."

Paige wondered if it was okay for him to do this.

After the meeting, everyone left in groups.

"Mr. Lusk loves Ms. Paige, doesn't he?" "I think they are quite suitable!"

"Me too. Mr. Lusk is talented, and Ms. Paige is beautiful and capable!"

Hernan followed Paige to her office. Deon said anxiously, "Mr. Lusk, Frank, please take a seat. I will make you a cup of

coffee!"

Hernan looked around and said to Paige gently. "When you go to school, I will let people renovate this office. Frank, please contact the decoration company in advance, and ask them to come to measure it and draw the design."

"Yes." Frank immediately turned on the tablet and wrote down this matter. "It's unnecessary to do it, Hernan." Paige felt that the environment in this office was quite good.

But Hernan said, "How can you use things that others have used? What's your favorite color?"

For example, light pink, light blue, and light green...

Frank wrote down the colors that Paige liked.

Deon brought the coffee to them, and she also prepared coffee for Paige.

Hernan didn't want Paige to feel bored at work.

"Yes!" Frank hurriedly wrote it down, asking, "Then do you have any opinion about the snack cabinet and snack brands?"

Hernan just took a sip, saying to Frank, "In the future, all the coffee that Paige drinks must be the most expensive one. The tea

"And don't forget to make a small living room for her. The sofa needs to be comfortable, and a projector should be installed. So

"You can also relax when you are free." After drinking the coffee, Hernan stood up and said, "I will check other things in the company. You can have a good rest here. No need to go with me."

But, when I was a child, he pinched my ears a lot. Now, he always tries to cheat on me!"

When Paige heard this, she could not help but interrupt, "Hernan, I am here to work."

"Ms. Paige, you take a rest first. I will get someone to send the coffee and tea leaves to you in a while!" Frank followed Hernan and went to other departments of the company to inspect.

After they left, Deon could not help but say, "Ms. Paige, Mr. Lusk is so good to you. I'm so jealous of you! I also have a brother.

Deon was so envious when he thought about it. Paige's brother was so good to her, but why did his brother treat him like this?

"I did, but I failed. Every time, I was tricked by him. This is the first time I have seen such a harmonious relationship. like you and Mr. Lusk." Deon felt jealous in his heart.

After a while, Hernan and Frank came back. Paige noticed that Hernan's mood seemed to be influenced.

Hernan did not expect Paige to see through it, saying softly, "No."

Did Hernan care about this?

"Then why don't you try to trick him?" Paige smiled.

Paige was a little surprised. "Mr. Lusk also warned everyone that you are young. If anyone wants to pursue you, he will be fired. Everyone was so scared that they rushed back to work."

She thought, this time, people in the company must have mistakenly thought that Hernan loved me. They do misunderstand our

And I have stopped many men from approaching Ms. Paige before!" Hernan didn't expect that Martin would even care about it.

"Don't worry, Mr. Lusk. With the instructions of you and Mr. Stowe, I will try my best to prevent this kind of thing from happening

Deon was stunned for a moment when he heard it. Then he hurriedly said, "Yes, Mr. Lusk. Mr. Stowe has asked me to handle it!

Hearing Deon's words, Hernan felt better. "It's time for me to go back to the headquarters." Paige was about to nod when Deon added, "Mr. Lusk, are you not going to stay and have lunch with Ms. Paige? You rarely have

"Alright."
