

Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 212

Chapter 212 The Results Come Out

The person who opened the door was Amily. She glared at Bonnie with dissatisfaction and sneered, "Take it away! Ms. Patricia doesn't want to take Ms. Paige's leftovers!"

"Amily, what do you mean by this?" Bonnie was a little angry. Danica made two serves of cream mushroom soup according to their different tastes. It was not some leftovers like what Amily said.

"In short, Ms. Patricia is not hungry. She does not want it!" Amily closed the door angrily.

"You..." Bonnie was very angry. What was wrong with Amily?

After Amily closed the door, she came to Patricia's side. "Ms. Patricia, I ***her away."

Patricia sat in front of the dressing table and looked at her beautiful face that had been kept well with money for eighteen years. She said lightly, "Ignore her."

"This is too much! What the ***! She's just a s*rvant. How dare she ask you to eat the leftovers of Ms. Paige?

This is humiliation."

Amily felt aggrieved for Patricia. "You are still a member of this family, and the daughter of Mr. and Mrs. Lusk, who is ****recognized. She still dares to do this to you... I will not forgive her!"

Patricia lightly reminded, "Amily, don't forget that Paige has that video. In the next few days, we better be

quiet."

Patricia was extremely disappointed with her mother's partiality. Even her tone became gloomy. "Even if I want to teach them a lesson, it will be outside the house,"

Hernan could see that Patricia was hostile to Paige. If her parents were aware of it....

Patricia would not bode well.

So Patricia must do it in secret.

"I've told you that your parents were lying. Their biological daughter is back, and you are just an outsider who has no blood relationship with the family. If they have you in their hearts, they will make you a serve of cream mushroom soup as well! If they are not biased, what is it?"

When Amily said this, she was angry for a while and continued, "Before Mr. Hernan talked to you tonight, he asked someone to plant her favorite daisy on Ms. Paige's balcony."

"Daisy?" Patricia heard this and was surprised that Hernan would do such a romantic thing. It was simply not

the style of Hernan!

Could it be that it was Paige who asked for it?

"Didn't Mr. Hernan do this to make Ms. Paige think of him every day? This shows that he thinks very highly of Ms. Paige in his heart."

"I know." Patricia was even more depressed.

*Didn't Mr. Hernan say that he treated you two equally? Why did Ms. Paige have flowers, but you didn't? Didn't he say that everything he gives Ms. Paige now was what you had in the past eighteen years? But you have

never had something like planting flowers!"

Patricia lowered her head and felt even sadder.

Patricia originally thought that what Hernan said tonight was somewhat reasonable, but she began to waver. She began to think if she had really done something wrong in the past. Wasn't it a bit too much for Paige...

But now, all these things, no matter how big or small, were enough to break her heart.

"What kind of ***is she planting? Isn't she afraid of lowering the quality of your family? This is the home of the richest man in the country! Even the cheapest variety in the garden costs thousands of dollars. She comes from a poor family, and even the things she likes are also shabby! What a joke!"

Amily couldn't help but criticize, "She is such a clown! If she wants to plant them, she can plant them in her own bedroom. She can also have people pick a ****of flowers and put them in her room. Why must she plant them on the balcony? Isn't this a way for her to show off?"

Patricia's mood was gloomy to the extreme.

"What your parents and Mr. Hernan told you are all lies! You must not believe them! If you do, you will be

fooled!"

Amily lowered her voice. "If Paige did not come back, you would be the only daughter of this rich family. In that case, when you are going to marry, you will have the greatest wedding in history! But Mrs. Lusk said that the wedding would only be bigger than Olivia's."

At that time, Olivia's wedding cost 13 million dollars, plus 12 houses and 12 cars.

"How can you accept that? Didn't they say that they would treat you as their own daughter? At the very least,

said you deserve way more than that." When Amily said this, she stopped for a moment and advised Patricia, "In the next period of time, Mr. Hernan is not here. We can create more things to make your parents ***Paige! Whether at home or outside home, as long as the goal is achieved..."

Patricia raised her long eyelashes, a little uncertain. "But what if Hernan knows..."

What if Hernan knew and ***Patricia out of the house?

"It's not like killing people. It's just to make Paige suffer a little! We can't just hold back our anger and watch her thrive! Besides, when the time comes, there is no evidence. Even if Mr. Hernan suspects us, he will not

find out the truth!"

"Then what good ideas do you have?" Patricia asked in a low voice with uneasiness.

"I think..." Amily whispered a lot into Patricia's ear. Seeing that Patricia did not have much reaction after listening to it, Amily was a little anxious. "Ms. Patricia, if you want to become excellent and to get the attention of your parents and brothers, and if you want to have a future with Mr. Stowe, you must be ruthless

and give it all!"

Patricia thought about it and still felt that it was inappropriate. Although she really wanted to make Paige

suffer a little, Hernan's words made her hesitate...

It made her not dare to overstep. Patricia was afraid.

"Think about what your parents did when Paige came back, and Mr. Hernan... If that isn't biased, then what is

it?"

"But..." Patricia was still

very

conflicted.

"Ms. Patricia, you should plan for your future! Don't worry, even if something happens, I will take care of it for

you."

"Amily, you..." Patricia did not expect that even a s*rvant was better than her so-called family, and Patricia immediately had mixed feelings.

Amily patted her chest and promised, "If anything, I will take the blame for you."

"Amily..."

"I said, in my heart, I have long regarded you as my child..." Every word that Amily said was sincere. "Even if I have to put my life on the line, I will fight for the greatest benefit for you!"

After Patricia was moved by her, Patricia finally made a decision.

Early the next morning, Donald received a call from the hospital, saying that the data on all aspects of his mother's body had a slight improvement. They didn't know if it was because of Paige's treatment yesterday.

Donald was happy, and after washing up with Danica, he took the medicine that Paige gave them and rushed, to the hospital.

Not long after, the SAT results could be checked. It was estimated that there were too many people trying to get into the system, and the system was paralyzed for a while.
