Paige smiled and replied. "Thank you. It's just a normal performance"

The teacher knew that Paige was excellent. In the previous test in school, Paige was too \*\*\*to write essays

and long-winded answers. All the other short questions were correct

This time, Paige had written the answers to the essay. It was not strange for Paige to get full marks. "I know that even if the total score is 2,000 points, you will get 2,000 points! You are a smart child. You will be

able to have a bright future!

"The principal might want to invite you to the school to give a speech and motivate the juniors. For the sake

"Her grades are so good, so she should be quite \*\*\*, right? So the reporters are too embarrassed to post it?"

"Will her face be full of pimples and will she be \*and short?"

"Does anyone know which university the top student chose?"

"Ah? Don't ruin the image of a top student in my eyes!"

"It is said that she rejected the University of Chicago and Stanford University I wonder if there is a better

choice?"

As soon as the teacher at the University of Illinois at Chicago returned to the school, Cason put down his teacup and said happily, "Be quick Put the news of Paige agreeing to study at the University of Illinois at Chicago on the Internet so that she will

not regret it!"

"Is there a better school than Stanford University and the University of Chicago?"

When the recruitment teacher heard this, he thought, Will she go back on her words? Just now, before I left, I kept telling Paige that she must fill in the name of the University of Illinois at Chicago and not make a

mistake If Paige went back on her word, then wouldn't the experimental equipment that Cason had purchased be bought for nothing?

"Be quick!"

"Yes!"
