Chapter 227

Chapter 227 Who's More Important?

"How is it impossible? Your sister is so talented, can't she?" Danica rolled her eyes at him as if she felt that

he was making a fuss out of nothing.

Jack was shocked for a long time before asking. "Didn't Paige just finish her SAT

She was only eighteen years old

It was an innocent age.

How could she be the founder of PQ Fashion?

How could she be Vallorie, a famous pianist and composer?

What exactly happened that made his younger sister change so much?

Danica's tone was very calm, but Jack was once again shocked. Being shocked was not enough to describe

"Well, the top scorer is also your younger sister

his mood at this moment.

It was said that this year's SAT was very difficult. It was twice as difficult as that of last year. There were so

many tricky questions, but Paige could actually get full marks!

How hard did she usually work to achieve this result?

The key was that he had just mocked her for being ***, ill-tempered, and self-righteous. Was it too late

to kneel now?

He had just returned to the country and had yet to perform well in front of her when his good image was

ruined.

What could he do?

Patricia happily ran to Jack, pulled out the chair, and sat down, her eyes full of surprise and joy.

Whom could he pin the blame on?

"Jack, you are back?"

Could he pretend to be a split personality?

At this time, a happy voice put Jack's mind back on task.

In the face of Jack, she was much more relaxed. She wasn't as timid and careful as she was when she saw

Hernan. Instead, she was relaxed.

"Mr. Jack is so famous. It is estimated that his fans who were waiting for him flooded the airport. We couldn't get close to him even if we got there!" Amily smiled at Jack "Mr Jack, you didn't know that Ms. Patricia

She said happily, "Jack, when did you come back? Why didn't you tell me in advance? I can go to the airport to pick you up!"

The ***around were speechless. The last time Hernan came back, Amily said the same.

talked about you every day I was tired of listening"

"Jack, the last time I asked you to "Patricia wanted to say something but hesitated, her eyes filled with coquetry and expectation."

She was really a weathercock

"It's done!" Jack smiled handsomely and patted her head. "Sylvia's ten autographs are in my bag. I will give them to you later

She liked Sylvia, an amazing dancer in South Korea. This year, Sylvia joined Jack's variety show as a mentor, so Patricia took the opportunity to beg Jack to ask for Sylvia's autograph.

With Jack's popularity, it was easy to ask for a few autographs

"Yeah! I know that you're the best for me!" Patricia smiled innocently.

Hearing Jack say this, Patricia was even happier, and her voice was a little sweeter Thank you, Jack!"

"I have her Line account. I will push it to you later"

This glance carried a hint of provocation and flaunting as if she was saying, "Jack has condescended to help me get ten

is more important? Do you see it clearly?"

She subconsciously glanced at Paige.

Paige was somewhat speechless. They were just ten autographs! "Paige, do you have any celebrities you like in the entertainment industry? If you do, autographs and photos. are nothing. The

autographed photos as a gift. He even pushed my idol's Line account to me, but he didn't give you anything. In Jack's heart, who

"Thank you, Jack. I'm a fan of nobody "Out of courtesy, Paige still declined Jack's good intentions."

A fan of nobody?

The ***around were a little surprised. This young girl actually did not admire anybody!

next time I'm invited, I will directly take you there and let you talk to them face to face."

"Alright, let's stop chatting. The snacks are almost cool. You guys should eat quickly. Although Danica did not eat, she still forked a scallop

After all, Paige was not an ordinary little girl.

Patricia rolled her eyes at Paige, not believing her words.

"***, I haven't been back for so long. But you still remember what I like. Jack was slightly moved and took his plate and fork

"Paige, ***knows that you like seafood. Enjoy yourself! Danica took another one, removed the shell, and put it onto Paige s plate. Tonight's snacks are mainly seafood, and they are to young people's taste. Just

enjoy yourself" Danica didn't want to restrain Paige from eating "unhealthy food". As long as Paige was happy, she could do

Before he could finish his words, he saw Danica remove the shell of the scallop and put it onto Paige's plate.

"Thank you, ***. It's delicious." Paige smiled.

anything.

then forked Patricia one. Although the shell was also removed, Patricia was not feeling good. Everything was given to Paige first and

"Eat more if it's delicious. As long as you like it, I'll ask the cook to make it every day!" Danica said this and

then to her. Did Danica consider how she felt?

"Paige, this smells very good. Taste it."

"**, I also like to eat lobster!"

Jack was speechless.

Danica picked up grilled shrimp. Jack thought that his mother finally thought of him. He was so excited that he picked up the plate. The next second, he saw she put it onto Paige's plate.

Danica had clearly said that she would treat her as her own daughter But she lied! All of them were liars!

in the family. He is often ignored... After a while, Jack saw her mother fork a roasted lobster and hurriedly picked up the plate. "***, how do you know that I like this.

"Can't you help yourself if you want to eat it?" Danica looked at him gloomily. "Can't you move your hands? You should feel lucky

Jack was clearly ignored. Even the ***at the side could not help but sympathize with him. They wondered, Mr Jack is so humble

It was typical of Danica as his biological mother. Danica peeled lobsters for Paige again. Jack saw that there were several on Paige's plate. He thought that she could not finish

them alone and reached out to take one. Unexpectedly, before his hand touched the

"This is for your younger sister! Can't you peel it yourself if you want to eat it?"

After not coming home for so many days, he felt that he was humbler in the family.

Before he could finish his words, he saw the roasted lobster fall onto Paige's plate.

lobsters, he was hit by Danica.

that I didn't ask you to take care of your younger sister Don't be so ***!"

He was now the humblest Just as he was doubting himself, Danica suddenly placed a crab leg onto his plate. He was overjoyed, but

Jack felt bitter in his heart, but he did not say anything.

Your sister doesn't like this. So I fork it to you." Words failed Jack

before he could express his gratitude and joy, he heard Danica's ruthless voice.

front of Paige. But Jack looked at the back of Paige and hurriedly chased after her. "Patricia, if you have something to say, say it next time..... I

have something to tell Paige."

After finishing the snacks, Patricia deliberately pestered Jack to talk to her, wanting to show how she was intimate with Jack in
