Chapter 228 A Gift for Jack

What could he tell her?

Looking at Jack's back, Patricia was more than angry.

At that moment, Amily hurriedly came to her side. Seeing that there was no one around, she bent down and whispered, "Ms. Patricia, I heard them say that the gift that Mr. Jack prepared for Ms. Paige is a limited edition of a set of Chanel diamonds.

"Chanel has indeed launched a few sets of diamonds recently, but one set costs about 16 million dollars!" Patricia raised her eyes abruptly and said in disbelief, "Could it be that Jack is willing to spend so much money on his younger sister he has never seen before

After all, jewelry was limited in the world, and many people wanted to book it. Among them were many royal nobles abroad. It was not something that could be bought even if you were rich.

It had something to do with your connections, power, and status.

Patricia also wanted to order that set of luxurious and beautiful diamonds, but she knew that as an adopted

daughter, she was not qualified to ask her foster parents to buy her such a valuable thing

But Jack actually bought it so easily and even gave it to that ***.

The key point was that he only gave her ten autographed photos. This was too biased!

"Everyone in the family said that they would treat you equally, but they treat you and Paige differently. The

treatment is hugely different!"

Amily sighed, "Ms. Patricia, no matter how well you usually do, you are still no match for her being a

biological daughter.

Patricia bit her lower lip unwillingly. Could it be that because of the blood ties, her parents and brothers

could easily take back all they had paid for eighteen years?

She was clearly the girl who grew up pampered. They clearly said that they would make her the most carefree

and happiest in the world.

She wondered, liar, they are all liars

Their biological daughter has come back, so they don't care about me!

How I wish that Paige didn't come back.

Jack's legs were very long, and he soon caught up with Paige. "Paige!"

The boy's clear and pleasant voice entered Paige's ears. Paige had just stepped into the room when she heard the sound. She turned her head and looked at him with a puzzled look. "What is it, Jack?"

Jack hurriedly handed over a black card and said sincerely. This is the pocket money that I gave you. Its credit is unlimited. You can spend as much as you wish."

Paige looked at the black card in his hand and was a little surprised. Why did all the brothers in the family. like to give her money?

"Thank you, Jack." Paige said gently, "I have some money. That's enough."

Jack was speechless.

Yes, when he asked her to compose, she said that she was not short of money and did not accept the order

When he asked her to design jewelry, she also said that she was busy and did not have time...

She was not short of money at all!

Not only was she not lacking in money, but as the founder of PQ Fashion, a pianist, and composer, her income had long been over 16 million dollars.

How could she be short of money?

But Jack still insisted on handing it over and said seriously, "This is my concern for you. You don't take it. Is it because of what I did tonight?"

"Tonight, I shouldn't have said that. It's all my fault. Forgive me, OK?"

Without waiting for Paige to answer, Jack said, "Do you want to eat candy?"

Paige found it funny. "I forgot what you said tonight."

"Really?" Jack suddenly showed a happy smile and could not help but pinch her face. "You are so sensible. Good girl! I will definitely treat you better in the future. You must take this card!"

Just as Paige was about to say something, Jack said in a domineering tone, "It is justifiable that a brother makes money for his younger sister to spend. If you don't take it, you have no respect for me!"

Words failed Paige

Jack gave in. "Take it..."

Paige was amused and inexplicably felt that Jack was a little cute. She reached out and took his card. Anyway, she kept it and didn't need to use it.

"You can't save money for me! If I find that you don't spend the money at all, I will fly back and take you

shopping!"

"Got it, Jack."

"Good girl!" Jack pinched her face again. He always felt that she was very obedient and likable.

"Jack, what's your Line account?"

"Line!" He always wanted to befriend her on Line, but every time he asked Danica, Danica asked him to go home and ask her in person.

He knew what Danica was worried about.

Wasn't she just worried that he wouldn't come back and just half-heartedly cared about his younger sister on

Line

How could he be such a person?

"Let me scan your QR code." Jack immediately took out his mobile phone and befriended Paige. Then he could go to the other brothers to show off.

Jack scanned Paige's QR code, immediately befriended her, and added a note.

After Paige befriended him on Line, she sent him two pictures.

Jack checked the photos, and his eyes suddenly widened. "Compositions?"

"They are original and have not been published yet. It is very suitable for you." Paige s eyes were gentle. "Please take them as a gift for you."

A huge surprise hit Jack. His head was dizzy He felt as if he was hallucinating.

"I was really busy in the past. In addition, I have occupied myself with the company recently, so I have no time.

to spare..

When Jack asked, he found out that his parents had left the company that was about to go bankrupt for

Paige to manage.

A while ago, he did hear a series of news about their own clothing company becoming famous, but he did not know that it was Paige's efforts.

What an inborn businesswoman!

How capable she was.

As expected, she perfectly inherited all the excellent genes of the Lusk family

While Jack had a better impression of her, he could not help but feel distressed. An 18-year-old girl actually had to be busy with so many things. How hard she was!

"I will find the best songwriter to compose a poem! I will never ruin your efforts." Jack knew that these two compositions were priceless. Once they were released, they would definitely be a hit.

Personally composed by Vallorie, coupled with the best songwriter and his voice, they would definitely cause

a huge sensation.

But why did Jack feel that he took advantage of her?

After all, any composition of Vallorie was priceless...

"Next time, if you need a composition, just tell me. I can compose one for you within a day." Paige was very easygoing. "If you want to buy jewelry, you can also come to me. I will help you appraise it."

Although the set of diamonds that Jack gave her was well-designed and the raw material was expensive, it

was not worth 16 million dollars at all.

Someone at least earned half the price from Jack.

However, it was a first-rate product, so the price was reasonable.

However, as his younger sister, she still felt sorry for him....

"Are you concerned about me?" Jack felt that Paige was very obedient and sensible...

Patricia, who was hiding at the side, saw this scene and was extremely angry.
