# Ceo's Mysterious Fiancee by Piper Dunlap

Chapter 229

Chapter 229 Show Off

She did not expect that Jack would give Paige pocket money, and it was a black card with no credit limit.

She remembered that Hernan also gave Paige pocket money last time.

Why were the two brothers so good to Paige?

And she had been in this family for eighteen years, and Hernan and Jack had never given her any pocket

money

At the thought of this, Patricia was extremely low-spirited.

"I will often buy something from you. For your information, you are not allowed to give me a discount, do you

hear me?"

Jack was willing to be ripped off by Paige.

"If you are my customer, it will be free," Paige said obediently.

Jack suddenly felt that Paige was more lovely and could not help but rub her long hair

"However, I want to know how you can establish such a big brand and have such deep attainments in music You're so young. When did you enter these two industries?"

And when did she learn to run the company?

The key was that though she was busy with the company, she could also attend to her studies and get full

marks.

This was not easy

Paige did not hide it and answered truthfully, "I happened to know a few elders in the past. Under their guidance and help, I advanced by leaps and bounds."

"That explains it."

She might not know that someone might not be able to reach her current level in piano or design in this life.

While she could be so outstanding under the guidance of several elders, which could only mean that she was

very smart and talented.

For example, he had been in the show business for several years. Although he had become an international top star, in terms of music attainments, he was far inferior to her

The difference was not small at all.

"Then do you want to enter the entertainment industry after graduation? If you want, I will help you pave the

#### way

"I am not interested in it," Paige smiled.

"Then what are you interested in?"

### *"Medicine*

Jack finally knew that Paige was interested in medicine. "Your third brother is a doctor When you graduate from university, go to his place and ask him to guide you."

Guide me wondered she.

"Sure." Paige nodded with interest.

"Then. It's getting late. You should rest early. I'll be at home for a few days. If you want to go somewhere,

you can tell me anytime. I'll be at your service."

"Okay"

"Good night, Paige!" Jack was ready to leave. He thought for a moment and then returned. Smiling, he said,

"Paige, I have a small request. I wonder if you can agree...

"Uh?" Paige raised her puzzled eyes.

"I want to take a photo with you. What do you think?"

# Taking a photo?

"Just for a short while. I guarantee that it won't take up too much of your time!"

# "Okay."

Seeing that Paige agreed, Jack immediately took out his mobile phone and clicked open a beauty camera.

"Don't worry, I have downloaded many beauty cameras. I find this one is the best."

Paige glanced at the software he clicked open and could not help but smile. It turned out that Jack used the

software she designed.

"Can I put my arm around your shoulder?"

Paige nodded.

Jack was happy and careful. He gently put his arm around her shoulder like a gentleman, and then he

showed a bright smile to the camera.

Paige also smiled, and her heart was filled with a trace of warmth. She didn't expect Jack to be so

approachable and cute.

"Paige, you are so photogenic!" Jack took a picture and found that her face was too perfect. Every photo of her was beautiful. "Let's take some more from different angles!"

Didn't he say that he would only take one photo?

Paige did not refuse and cooperated with Jack. They took photos from the doorstep to the corridor and from the living room on the second floor to the balcony.

Finally, as if he had obtained a treasure, Jack was extremely satisfied. "Paige, rest early. See you tomorrow!" He rubbed Paige's hair and left

Paige was about to enter the room when she inadvertently noticed the figure hiding in the dark from the corner of her eye. It was Patricia again. She ignored her and directly entered the door and locked it inside. After they had left, Patricia, who was hiding in the dark, came out and was so angry that her facial features were distorted. Jack was too biased. He actually took so many intimate photos with Paige. Was Paige so photogenic? In her opinion, she was clearly a bumpkin. He even wanted to pave the way for Paige after she graduated. It was so infuriating. Not long after, Patricia's phone lit up. It was a top trending search, "Jack changed his profile picture" In the picture, Jack stood on a beautiful terrace looking into the distance. Although he seemed to be alone, his careful fans still found that there was a girl's shadow in the photo. This girl should be helping him take photos. Her shadow was reflected on the ground by the light. Although the shadow was only revealed a little, it was still found by careful fans. Therefore, the second most searched topic came, "Jack is probably in a relationship". At this time, Jack returned to the bedroom and sent the two compositions Paige gave him to the group chat for his agent and his music team to make a judgment. When everyone listened, they were full of praise. "This is definitely Vallorie's work. It's her style!" "This is a good tune! Amazing!" "Those composers outside are nothing in front of her!" "It's so fantastic She's my idol. No one else in the world except Vallorie can create such beautiful music!" The agent couldn't help but ask Jack, "You didn't seduce her to get the compositions, did you?" Tonight, they were rejected by Vallorie. But in the blink of an eye, Vallorie privately gave Jack two compositions! This didn't make sense. "Haha!" Jack couldn't help but show off "You didn't expect it, did you? Vallorie gave them to me for free!" Free? Everyone in the group chat was stunned. All of them had puzzled expressions. They asked one after another, "Free?" "How could it be possible?"

"I guess you spent too much on them, so you're embarrassed to tell us, right?"

"Say it, we are \*\*\*prepared!"

*"It must be 32 million dollars, right?"* 

"No, they are worth at least 50 million dollars!"

"Say it, we won't laugh at you."

Jack proudly said in the group chat, "She's my younger sister It's for free!"

Younger sister?

This time, everyone was even more shocked. After asking for a while, they confirmed that Jack was not lying. Vallorie was his younger sister for sure.

However, he was not referring to Patricia but someone else.

The agent knew who he was talking about, but the others did not know and continued to ask.

"Then why was it so difficult to ask her for a song in the past? Wasn't she your younger sister in the past?"

"In short, it's a secret!" Jack sent a happy expression, then sent the compositions to Hernan, deliberately showing off. "On the first day we met, Paige sent me a valuable gift. I wonder if you have received a gift from

her?"
