Chapter 30

I'm Home

Grandpa wants to see you."

Martin's gaze fell on the girl in front of him. His charming voice was gentle and bewitching. "When you have time, lets go to see him."

"

Patge, since Mr Stowe wants to see you, don't let him wait too long. What do you think about tomorrow?"

Danica asked tentatively.

"If you are not willing to go as my fiancée, you can also represent the Lusk family to express your concern."

Martin exuded a calm and noble aura, giving a suggestion.

'This is a good idea!"

Donald did not expect Martin would be so clever.

"That's right. On behalf of our Lusk family, express our kind intentions..." Danica also agreed.

Paige thought, so no one cares about my opinion?

"Then Paige, you should go and visit Mr. Stowe tomorrow. You have been home for two days. It is time to go and visit him."

After all, Killian had proposed this engagement back then, and conditions of Martin were pretty good.

Killian was still living in the hospital, and Danica heard that his situation was not good....

As a junior, Paige had to visit and express her concerns.

"Yes, that's right. You should go and visit."

Donald smiled and arranged, "Bring some gifts. You can't go with nothing..."

"There is no need for gifts, as long as she goes with me."

Martin's voice was clear

"No, no, this is the first time you meet. We should prepare some gifts!"

Donald insisted.

"Then leave it to me."

Η

Martin's eyes were a little gentle as he looked at Paige. "Do you want to appoint the time later?".

Paige had a proud expression, but when she saw her parents' expectant eyes, she finally replied, "OK."

She planned to see hirh as checking on Killian's recovery. After all, she received a blank check from him a few days ago.

After chatting for a while, Martin stood up and said, "Then thanks for your time "

"You're leaving now? Martin, you've sent so many gifts. This..."

Before Danica could finish her sentence, she saw Martin stop in his tracks and say in a low voice, "They're just small gifts. Just take them."

"Paige, send Martin off!"

Paige was lost for words.

Why should I send him off"

料

"No need, Ms. Lusk."

Martin emphasized the word "Lusk"

Seeing the faint smile on Martin's face, Paige raised her eyebrows. Could it be that he was blaming her for only telling him her name and not her surname?

In fact, she had just been crowned with this surname. It had only been two days arid she was not familiar with this

surname.

"Rest early, my

What fiancée?

Did she agree?

fiancée."

Donald and Danica were elated when they heard this.

It seemed that Martin was very satisfied with Paige... This was beyond their expectations!

On the second floor, Patricia could no longer hold back and ran downstairs. When no one could see, she ran directly to the garden path. "Martin.."

Seeing Patricia rush over, Rhys immediately blocked her. "Ms. Lusk, what's the matter?"

Patricia looked at Martin's figure, and she was very upset. "Martin, your grandfather's illness worsened. It was indeed caused by me. I really feel very guilty... Thank you for not mentioning it in front of my parents just now, not making me embarrassed..."

Rhys was speechless.

Mr. Stowe doesn't take you seriously. He's not caring about you on purpose....

"I heard that your grandfather's condition isn't good. I want to take a look. When you pick up Paige tomorrow, bring me along as well."

"No need."

"Grandfather wants to see my fiancée." Martin's deep black and clear eyes revealed a trace of coldness.

It wasn't you

Patricia did not expect him would refuse so straightforwardly. At the same time, she felt heartache. She held a glimmer

of hope. "Paige can go as your fiancée. I only represent the Lusk family... Martin, let me apologize to your grandfather

Patricia looked at Marfin expectantly, hoping that he would nod and agree.

However, Martin was surrounded by a cold aura. Under the dark eyelashes, he stared at her coldly

"The only person who can represent the Lusk family is my fiancée"

His eyes were deep and he raised his head slightly. His voice was ruthless.

'Martin.

Seeing that Patricia still wanted to catch up to Martin, Rhys suddenly stopped her, "Ms. Lusk, Mr Stowe has a fiancée. Please keep your distance in the future"

Patik ia did not expect Rhys would dare to stop her!

Before Paige came back, Rhys was very respectful to her!

11 people see it, it will not be good."

Rhys left these words behind and turned to follow Martin.

Patricia looked at Martin's back and shouted, "Martin, whether you believe it or not, I really didn't want to harm grandpa... I didn't do it on purpose!"

Rhys thought.

Does Ms. Lusk think that Mr. Stowe is so cold to her because of his grandfather?

Everyone can see that Mr. Stowe has no interest in you!

But Ms. Tate...

Mr. Stowe seems to treat her differently.

In the living room, Danica looked at the pile of gifts in front of her. "Paige, these gifts from Martin..."

"You can deal with them."

Paige went upstairs. She did not expect that she would have a fiancé. Things seemed to be much more troublesome than she had imagined.

"Martin..."

In the garden, Patricia looked in the direction where Martin left and sobbed softly.

Amily supported Patricia and said, "Ms. Lusk, he has gone far away..."

Patricia said in a tearful voice, "Amily, what should I do... Martin seems to treat Paige differently."

"The game has just begun. It is not certain who wins and who loses."

Amily stroked her back and analyzed rationally, "Ms. Paige grew up in a small family. Only her face is outstanding. Mr.

Stowe may not like her '

Patricia's tears were stuck in her eyes, and she instantly felt that Amily's words were reasonable.

"I think that in a few days, Mr. Stowe will find out that you are the best candidate for a fiancée!"

After all, Patricia had been diligent in learning piano, chess, and painting since she was a child. She was a typical young lady from a wealthy family.

And Paige only came from a small place.

The Stowe family was a top family, and those who entered were all cultured people. They wouldn't want eye candy.

"Even if Mr. Stowe likes her, it is still a temporary feeling of novelty. When Ms. Paige makes a joke in the future and embarrasses the Stowe family, the Stowe family will find that you are the most suitable person for Mr. Stowe!"

Patricia was in a much better mood under the comfort of Amily

On the other side

Not long after Paige returned to her room, her mobile phone vibrated.

It was a familiar number. He had just called her once today.

She answered the phone and heard a familiar and deep voice coming from the other side of the line.

"Paige."

Martin's voice was clean and clear, very charming. "I'm home."

Paige subconsciously asked, "What's the matter?"

This question made Martin feel somewhat interested. Didn't she know that he was reporting his whereabouts?
