Chapter 32

Fall Asleep on His Shoulder

Patricia thought, yes, if there is no comparison, others do not know how bad Paige is, and how outstanding I am

Amily is right. Let this village girl from the small place embarrass herself. Mr. Stowe has been all-powerful for half his life. He does not like this kind of bumpkin.

"Do not call me to eat at noon."

When Paige went upstairs, she ordered the s*rvants. She locked the door and slept when she returned to the room!

Paige had drawn the whole night, and she was indeed sleepy. As soon as she touched the pillow, she fell asleep.

After Donald and Danica got up, they heard that Paige did not even want to eat lunch. They hurriedly called for the chef, "Doesn't she like today's breakfast?"

Tristian felt wronged. "Ms. Paige left her seat because of what Ms. Patricia said. It has nothing to do with breakfast.

"Patricia?

"What did Patricia say?" Donald and Danica were stunned for a moment, and then hurriedly asked.

"Ms. Patricia did not say anything else. She just wanted Ms. Paige to bring her along when she went to visit Mr. Stowe, but Ms. Paige did not agree..

Danica and Donald looked at each other and immediately said, "Go and invite Ms. Patricia."

When Patricia was summoned, she did not expect Paige would report this small matter to her parents. How old was she? She even refused to eat. Patricia was suddenly angry!

However, Patricia still pretended to be pitiful on the surface and wiped her tears with her grievance.

"Dad, M*m, I didn't say anything excessive to Paige. I just asked if she could take me with her....

"Mr. Stowe missed me. Some time ago, he sent me a message and asked me to see him. At that time, I was busy with the examination and didn't have time to go.

Patricia saw that they were skeptical and quickly took out her mobile phone to check the chat record.

"Look. This is the Line message that Mr. Stowe sent me. The date on it proves that Mr Stowe really missed me and

called me several times.

"I was also free today, so I wanted to go with her."

Danica did not expect the truth would be like this. It seemed that they were thinking too much. How could Patricia sn*tch Paige's fiancé?

They had misunderstood.

Paige didn't know what happened in the morning. When she got up, it was one o'clock in the afternoon.

She simply washed up and changed her clothes. As soon as she opened the door, Paige heard the noise downstairs.

"Martin, you brought so many gifts to Paige last night, and today you brought these to us. We are very sorry. Next time you come to our house, don't be polite. We are a family, and there is no need to bring gifts.

"You also prepared a greeting gift to meet your grandfather for Paige. It's so nice of you. We have already asked people to prepare gifts. This time, we can't let you pay!"

When Paige heard this, her eyes were filled with doubt.

Paige thought. Martin is here?

Didn't I ask him to meet me at the door?

Why did he come in?

"You are welcome. Paige is my fiancée. Her greeting gift should be prepared by me."

Martin had just finished speaking when he noticed Paige walking down the stairs. Her long legs were slender and fair She was dressed casually and her facial features were outstanding. Maybe she had not slept enough, there was a trace of impatience in her beautiful eyes.

She was inexplicably cute.

"Paige, you are awake? You must be hungry now."

Donald and Danica rushed forward and said, "Eat something and then go. The food is ready for you."

"I am not hungry."

Paige just wanted to go to the hospital as soon as possible and then come back to deal with the work. Tomorrow would be Monday. She had to go to the company her father had given her. She did not have so much time to deal with private

affairs.

However, Danica was afraid that she would be hungry. "The food is ready! You should eat some. Martin is here You two can eat together"

"Yes, yes, Martin usually eats in the company. He is not full. You can eat together

Thus, the two of them ate before leaving.

On the other side.

Killian stood in front of the mirror. "Neil, quickly check if my hair is messy and my clothes are neat..."

Knowing that he could see his granddaughter in law today, Killian was very excited.

"Mr Stowe, you have checked several times. It I don't know it, I will think that you are going to see your

wife."

"Nonsense!"

Killian put away the mirror and urged, "Hurry up and go to the door to see if they have arrived." "I have already told Rhys to send me a message before they come." Just as Neil finished speaking, his phone rang and he received a new message! It was from Rhys. It said that they were about to leave and that they would arrive at the hospital in ten minutes. "Quick, go and welcome them!" "What are you waiting for? Go!" Killian urged Neil excitedly. Inside the luxurious car Paige was a little tired. As the car shook, she gradually closed her eyes.

"Mr. Stowe, it is...'

Η

Before Rhys could finish speaking, he heard Martin remind him in a low voice, "Don't make any noise "

Rhys looked through the rearview mirror and found that Paige had fallen asleep.

When the car slowly stopped, Paige's head was turned to the side. Martin reached out and gently caught her head.

Her face was soft and smooth, and under her delicate eyebrows, her dark and curly eyelashes were gently closed. She looked like a well-behaved child.

She didn't wear makeup, but she was so beautiful, and there was nothing to nitpick about.

Martin's gaze traced her facial features. He moved closer to her and lent her his shoulder so that she could sleep more

comfortably.

Rhys's eyes widened. Didn't Martin have mysophobia? He took the initiative to approach a woman...

It was too inconceivable!

When Neil, who was waiting outside the car, saw this scene, he was so shocked.

Neil thought he was old and rubbed his eyes again. Martin really let Paige sleep on his shoulder, and looked at her with a doting gaze, that Neil had never seen before

Could it be that Martin loved this girl?

Who was this girl?

After sleeping for a long time, Paige opened her eyes and found herself leaning on Martin's shoulder and falling asleep.

The car had long been parked in the hospital garage.

"Am I asleep?"

She saw the clock in the car, and it was already three o'clock. She realized that she had been leaning on his shoulder for such a long time. "Sorry. Why didn't you wake me up?"

"Did you sleep very late last night?

Martin didn't blame her but said gently, "I want you to sleep for a while."

'Since Ms. Tate is awake, Mr. Stowe, you go first. I will follow you after I take the gift."

"OK."

Rhys was just about to go and get something when he heard Paige say, "I have prepared the gift."

He was stunned for a moment. Just like Martin, Rhys was also surprised. However, at the same time, he secretly looked

at Paige

She did not even bring a bag with her Where was the so-called gift?

"Mr. Stowe, are we really not going to take the gift you prepared?"

Rhys was a bit suspicious.

"Yes, I'll listen to Paige."

Martin and Paige walked forward side by side, and their extremely excellent looks attracted countless gazes.
